AN OLD CHURCH.—The Mission Church, St. Anne de Beaucourt, burned on the 11th, was built about 53 years ago. It contained some valuable paintings and statuary. Some of the statues were St. Anne, St. Patrick, St. John the Baptist, St. Francis Xanavicus, St. Aloysius of Gangaga. The organ was valued at two hundred dollars, and the interior decorations were all costly. It is probable that steps will be taken at once to rebuild both church and home.

TRAIN'S PAY.—The I. C. R. trainmen have received an intimation that they are likely to receive the raise of pay for which they asked recently. The pay received at present by brakemen is \$1.25 for a new man, and \$1.50 after being in the service five years. The increase asked for is \$1.50 at the commencement and \$1.90 after five years service. The drivers and firemen were recently granted an increase of pay and it is pleasing to note the harmony that exists between the officials and employes.—Moncton Times.

ACCIDENTS.—Last evening, while the steamer Worcester was being docked at Pownall wharf one of the deck hands was struck by the captain bar and knocked senseless, necessitating the calling in of Dr. Warburton. To-day the injured man is reported better. During the trip from Boston to Halifax second engineer McLeod had one of his ribs broken by being thrown against a projection. The fall was the result of a "lurch" taken by the ship. Mr. McLeod was left in the hospital at Halifax.

The Larner and Power cases will come up for further hearing to-morrow. In the Larner case Drs. Morris and Warburton and Mr. Fred Davies, druggist, will be the witnesses examined.

A FOUR-LEGGED CHICKEN.—Mr. Gould, who lives on East Market street, has a curiosity in the shape of a four-legged chicken which was hatched a couple of days ago. The second pair of legs appear to be more ornamental than useful, as they lay close to the body and are turned exactly opposite to the pair which are intended to do service. "The legs and feet, however, are natural enough looking, and, in way, when developed, be of service to this freak of nature when travelling in either direction without the trouble of turning around.—Moncton Times.

SCIENCE IS A GREAT THING.—The Quebec Telegraph is responsible for the following story: There is a report that a boy in the Lower Town, accidentally swallowed a silver half dollar, seriously disturbing the rate of exchange, and his own stomach. They gave him luke warm water, mustard and water, tartar emetic, and antimonial wine, and poked their fingers down his throat till the boy thought he would throw up his toenails. After a while a doctor came along who understood such cases. He administered a small dose of patent medicine, and in less than ten minutes the boy threw up the half dollar in five cent pieces.

"THE CRUST OF SOCIETY."

A large and fashionable audience witnessed the presentation of "The Crust of Society," by John Stetson's Company of players from the Globe Theatre, Boston, at the Lyceum last evening. The play was well mounted and capably acted throughout. From the time the curtain rose on the first act, shortly after eight o'clock, until its fall at the conclusion of the fourth act some three hours later, the greatest interest was manifested in the performance. The audience was highly appreciative and sympathetic, and the general verdict is that the company is one of the best, if not the best, that has visited Charlottetown in recent years.

The story told in the "Crust of Society" is that of Mrs. Eastlake Chapel, a most fascinating woman, who is living upon a handsome annuity furnished her by a certain nobleman under whose protection she had been until he retired to finish his life in complete respectability. This woman concentrates all her energies and talents in the attempt to secure the one thing that her prosperous gayer had no room for her—respectability and social standing. She makes, in fact, of a young man of wealth and family, who has become badly smitten with her. This man happens to be the particular friend of a young artist who knows the world pretty well—with the result of having an intimate flirtation with Mrs. Chapel. This young artist comes to the rescue of the friend whom Mrs. Chapel seeks to marry, and undertakes to show her up in her true light—to let his friend know her for what she really is and not for what she pretends to be. The battle of wit between this man of the world and the woman who seeks to entrap his unsuspecting friend is most interesting.

Although, as will be seen from the foregoing brief outline of the plot, the play deals with a very regrettable side of social life, there is nothing in it of an objectionable character, the manner of presentation being such as not only to win interest but to excite enthusiasm. Mr. Arthur Lewis, as "Oliver St. Aubyn," the young artist and man of the world, was a most interesting character. Mr. Lewis' part is lengthy and includes several very long addresses, but he handles it in such a masterly manner that he holds the closest attention of the audience throughout. What is true of Mr. Lewis is equally true of Miss Tibbory, who assumed the role of "Mrs. Eastlake Chapel." Her part gave many opportunities for a display of her fine histrionic ability, of which she never failed to avail herself. Miss Charlotte Neilson as "Earnestine Echo" was excellent. Miss Anderson as "Violet Esmond" was capital, and the "Lady Doonee" of Miss Whitty was splendid. The part of "Captain Randall Northcote," the young man whom Mrs. Chapel came so nearly winning, was capably impersonated by Mr. John Flood, and the rest of the supporting cast were equally well. The costumes worn by Miss Tibbory and the other ladies in the cast were rich and beautiful. During the evening Mrs. Carvell presented Miss Tibbory with a beautiful bouquet. To-night the play will be repeated, when another large audience is expected.

A Traveller's Tale. OTTAWA, July 15.—W. F. Sparham, of 95 Nepean St., a traveller for the well known house of Storer, Gardner & Busel, tells an interesting story about the cure of a kidney trouble that has afflicted him for the past nine months. Ever since attacked, Mr. Sparham tried physicians' prescriptions and other medicines, but none had any effect. He constantly suffered pain, which finally became so intense that he could not sleep. Death seemed the only possible deliverance from his sufferings. He got a box of Dodd's kidney pills from Henry Watters, a druggist here, and that one box effected a perfect cure. Mr. Sparham is to-day the happiest man in the Ottawa valley, and he has many friends who rejoice with him.

McKAY WOOLEN COMPANY MANUFACTURERS.

COME TO HEADQUARTERS ---FOR---

Clothing, Tweeds, Flannels and Blanketings.

WE HAVE KNOCKED HIGH PRICES OUT, and placed a better grade of goods on the market. All Clothing new and stylish, all prices low. The value of Clothing made from our make of Tweeds cannot be excelled. Our Tweeds have become a standard article of value with the Farmers of P. E. Island, and the prices are low. WOOL TAKEN IN EXCHANGE and the highest price allowed. Prowse Bros., in an advertisement headed "Information Wanted," are trying to injure us with the Farmers by quoting the prices of Wool in another place. For the past number of years we have been buying Wool, and in every case have given the best price the market will allow. To-day trade journals, such as the Journal of Commerce, quote Canadian Wool similar to ours in wholesale lots at Montreal and Toronto at 17 and 17 1/2 cents per lb. It is an old trick of this blowing firm to cast insinuations on firms entering into the Ready-made Clothing business. The public will remember their actions towards Messrs. J. B. Macdonald and James Paton & Co. when they entered into the Clothing trade; and now, as we are large dealers in Ready-made Clothing, and have placed a higher grade of Clothing on the market at prices within reason, completely knocking out their high figures, they feel our opposition, and in their ungentlemanly way abuse and try to injure us with the people. FARMERS!—When trading with us you will find square treatment. Goods sold at the lowest possible prices. And please bear in mind: we pay cash down for every dollar's worth of goods as soon as landed in the shop. No firm buys goods at a better price than we do, and any firm stating otherwise are trying to mislead you. Our Company is a Joint Stock Company; our shareholders are satisfied with interest on their money. Other concerns are partnership firms, and each wonderful partner and his family has to be supported on the wonderful profits made out of the farmers. July 7.
