JENNY LIND once said: If you wish to remain a good singer, never breathe the aroma of flowers. They will do well enough to look at, and you may thank God for giving them to you; but their breath spoils the voice.

THE Brig Oliver Cutts (temporarily under the British flag), from Wentworth, N. S, for New York, before reported at Hantsfo d, N. S. in distress, discharged her cargo of plaster in a damaged condition, was condemed prior to June 3d and will probably be broken up.

A herd of 600 cattle, waiting at Montreal for shipment to England, by the "City of Branford," became poisoned by a noxious weed growing on the farm where they grazed. Many of the herd died and almost the whole lot appear affected.

THE prospectus of the Canadian North-West Land Company will be issued shortly. The Company takes sections 1, 9, 13, 21, and 33 in every township which the railway may acquire from the Government, in addition to an equal interest in all the Railway Company's town and village sites between Brandon and British Columbia.

THE Stipendiary Magistrate to-day imposed two fines for fast driving on the streets One of the offenders—R. Steele—on Thursday last, appeared on Hillsborough and other streets with the "flying stallion Bashaw Prince." The horse was sent along at a break-neck pace to the danger of the large number of women and children who were passing to and fro Mr. Steel was, for this performonce, fined $5. The fine should be much larger.

Summerside Notes.

A meeting of the electors takes place at Miscouche this evening, and will be addressed by the popular candidates. A special train leaves Summerside at 7.45 p. m., and will return immediately after the meeting.

The Junior Conservative Club, which organized here last week, is doing splendid work for the Party—their committee rooms are in the International Hotel.

To morrow will be nomination day, and in the evening there will be a public meeting in Ludlow Hall, where the candidates on both sides, as well as others, will have an opportunity of addressing the electors. Judging from the meetings already held, it is freely admitted (even by many of the leading Grits) that Prince County will elect two supporters of the N. P. Even Mr. Perry himself looks upon his defeat as certain, he having only consented to be *handled* by the Yeo supporters, as a means of pulling through their man by the aid of French votes—a stratagem, however, which will signally fail.

The remains of the late Mrs. F. R. Morrison were brought to Summerside on Saturday evening, by "Princess of Wales," and immediately thereafter interred in the cemetery. Mr. Morrison, who accompanied the remains, returned home to Chatham this morning.

Mr. Wm. Reid, of St. Eleanors, has opened a large store in Summerside, which is fitted up and stocked with goods of all descriptions to suit the times.

Our townspeople express their great satisfaction at the marked improvement in the arrangements of the railway. The handsome appearance of the cars and the regularity with which they arrive here are creditable to Mr. Archibald and his efficient staff of conductors. The speed at which the trains run now is much quicker than during last summer, and the travelling public therefore gain considerably by this.

To-morrow, the Supreme Court opens here, with, we believe, a pretty long docket. There is, however, no criminal business Mr. Justice Hensley is to preside.

The Council election for Laird's vacancy also comes off to-morrow; but not the slightest interest appears to be taken, as the seat is only for three months, and the people look upon it as unnecessary.

DIED.

At Charlottetown, on Sunday, the 11th inst., after an illness of a few days, Captain Samuel Mutch in the seventy-fifth year of his age. The funeral will leave his late residence Water Street, on Tuesday, the 13th inst., at 2.30 p. m sharp, and will proceed to Sherwood Cemetery by train.

In this city, on the 11th inst., Mrs. Susan Mackay, relict of the late John Mackay, (Colour Sergeant in the 74th Regiment) in the 74th year of her age.

Funeral to morrow at 3 30 o'clock, p. m., from her late residence, Grafton Street, for Southport. Friends and acquaintances are respectfully invited to attend without further notice.

An N. P. Industry in Moncton Receives a Big Order from Winnipeg.

HOW THE SETTLEMENT OF THE NORTH-WEST BENEFITS THE OLDER PROVINCES.

(*Moncton Times.*)

The Peters Combination Lock Company, in this town, has just received a large order from Mulholland Bros., Winnipeg. The order embraces over 100 dozens of different varieties of hardware, including door knobs, six varieties; hat and coat hooks, sash fasteners, door pulls, japanned thumb and bronze door latches, shelf brackets, door gongs, etc. The Company has also received an order for sample case of every description of goods made at the factory. This is how the wise policy of the Government in developing the North West is directly benefitting the industries of the older Provinces. A great deal of Moncton refined sugar is also sent direct to Winnipeg.

Who voted to give $50,000,000 cash, and 50,000,000 acres land to build the Pacific Railway?

Horror of a South-Western Cyclone

The most distressing death of the Monticello, Miss., cyclone, was that of Mrs. Carroll, because of the manner in which it was brought about. Hearing the storm approaching, Mrs. Carroll, with her baby in her arms, rushed to her husband, Dr. Carroll, who threw his arms about her neck At the same moment the wind blew the timbers of the house down upon them and crushed them to the floor, the mother with her infant in her arms, the husband with his arm around his wife's neck, and there he choked her to death. The falling timber did not seem to hurt her, but locked the doctor's arm so closely about her neck, that he could not move it. He was conscious that he was killing her, but all his efforts to throw off the timbers were futile. Assistance came in two hours—too late! For he was almost a raving maniac. The babe was also killed—whether by the falling timbers or pressed to death by its mother we did not learn.—*Yazoo City (Miss) Sentinel.*

Something Better than Politics

NEVER in one case has Perkins' Cramp & Pain Alleviator failed to cure Neuralgia or Siatica, and Chronic Rheumatism of many years standing has been cured after all other remedies failed by the use of Perkins' Pain Alleviator. Mrs. Mason, of St. John, was turned in sheets for eight months, her hands and limbs quite out of shape, and as helpless as an infant, was restored to perfect health in three months by the use of Perkins' Pain Alliviator. I only ask those afflicted to try it as directed, and then they will say, as Mr. Pratt of Pownal says, it was the means of saving his life two years ago. I do not put this in print to puff my medicines. I only publish it in order that suffering humanity will know what to use that will positively cure them. Try it and be satisfied.

While in church last Sunday I was very much annoyed (and I am sure the Minister was) with the constant coughing, disturbing not only the Minister, but the audience, some of whom I visited on Monday, and asked why they did not get something for their cough. The answer was we have tried a number of cough remedies, but all to no purpose. I asked them did they ever try Dr. Wilson's British Cough Balsam. They said they had heard of it as being a wonderful good remedy for Coughs; but there was none to be had. I told them they could get it now, as I had supplied those who are in the habit of having it; and in long standing coughs, where parties have been threatened of falling into consumption, it has cured them, and my advice to those is not to delay; it will cure them after all other remedies fails.

If you have Perkins Indian Herb Ointment in your House you need not fear that dreadful enemy—Erysipelas—that has taken the life of so many on this Island and all over the Dominion. It has been well tested for the past twelve years, and never in one case has it failed to cure when used as directed, and now I am informed that a large number of the physicians are using it in their practice, as it is so good for Burns and Scalds and Fever Sores; and for sore nipples it is the boss of the world. I can refer you to several young mothers that have lost the use of their breasts by having them lanced 15 or 20 times, when the Indian Herb Ointment would have saved all that trouble. Young mothers keep it in your house for immediate use as you cannot estimate its value.

The above is manufactured by D. H. Perkins, St. John, N. B. No Agents employed to sell, and I caution you beware of such frauds.

Cut this out and paste it where you can see it daily. [ju 10 1i
