VARIETIES.

CALIFORNIA AND THE SHIPPING INTEREST.—Since the discovery of gold in California, six hundred vessels have gone round Cape Horn and never returned. A few of them have been lost, but the greater number have been employed in the Pacific trade.

A certain Marion of Auxerre has been fined for having named his child Robespierre. It appears that by the French law Christian names must be borrowed either from any of the authorised almanacs or from ancient history.

MACAULAY AND BROUGHAM.—Mr. Macaulay tells us, in a book just published—his "Collected and Revised Speeches"—that his "History" is henceforth "the pleasure and the business of his life." Lord Brougham is said to be giving up the last years of a most active life to writings of various kinds.

COST OF LOCOMOTIVES.—A good locomotive engine costs from $9000 to $10,500, and it would take nine men a whole year to build one well, with all the machine power of the best machine shops to aid them in the work.

A NOBLE BOY.—"Why did you not pocket some of those pears?" said one boy to another; "nobody was their to see." "Yes there was—I was there to see myself, and I don't ever mean to see myself do such a thing." I looked at the boy who made this noble answer; he was poorly clad, but he had a noble face. There are always two that sees your sins, *yourself* and your God.

MACHINERY IN ENGLAND.—It has been stated that there is more work done every day in England by the power of machinery than all the men and women in the world could do without it.

LIFE.—The woes of human life are relative.—The sailor springs from his warm couch to climb the icy topmast without a murmur—while the rich merchant complains of the rattling cart which disturbs his evening's repose. In peace we announce the breakage of a bone as a "melancholy event"—but in war when we read of the slaughter, of our neighbors and thousands of the enemy, we clap our hands and shout "glorious victory."

Young men, if you want to be respected, don't try to see how much rum you can drink, girls flirt with, hearts break, tailors ruin, boot-makers swear, or landresses weep: but how many people you can make jolly, wise, better, and yourself more really a big man. Good deeds and high respect are wedded as naturally as ignorance, vice and dirty pocket handkerchiefs.

"I wouldn't marry an eastern man if I had to live an old maid all my life," exclaimed a buxom country lass. "Why not?" demanded an astonished companion. "Because every paper you pick up contains an account of the failure of the eastern mails.

"Ah, doctaw, does the choleraw affect the highaw ordaw? asked an exquisite of a celebrated physician in New Orleans. "No,' replied the M. D., "but is death on fools, and you'd better leave the city immediately."

TIME FLIES.—Each of us has a work to do in this world. Surely no one is willing to die without being able to assure himself that the world is better for his having lived in it. But time flies constantly, and seemingly from the cradle to the grave with ever accumulating rapidity. Then be not idlers. Time never flies backward. A moment once lost is forever, irretrievably lost.

GUTTA PERCHA PAPER.—A Frenchman has invented a kind of paper made from gutta percha, which is considered to be superior to all other kinds for lithographs and engravings.

"Getting Rich,"Rev. Mr. Cecil said to one of his parishioners, who had previously asked for councel, and whom he had not seen for some time, "I understand you are very dangerously situated." "I am not aware of it," was the reply. "I heard you are getting rich," said Mr. Cecil; "take care, for it is the road by which the devil leads thousands to destruction."

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP, For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentry or Diarrhœa.

Yours respectfully,
W. D. CRUMBIE,
J. MORRILL.

Hear the Brooklyn Daily Advertiser, of June 13th 1853.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy, —and when given to the boy according to the directions, its effect upon him was like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it. H. A. ALGER.

NEUROLOGY, or SCIATIC RHEUMATISM CURED.

This may certify, that for about four years I was seriously afflicted with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief; have been under the care of a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of the *Cramp* and *Pain Killer*, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief, and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints. HENRY HUNT.

Stetson, Dec. 2, 1847.

Deacon Hunt, the signer of the foregoing certificate, is a man of undoubted veracity and high standing in the community.

N. B.- -Be sure and call for Curtis & Perkins' Cramp and Pain Killer. As all others bearing this name are base imitations. Price 12½, 25, 37½ cts. per bottle according to size.

WILD CHERRY BITTERS,

For the cure of Bilious and Jaundice complaints, and general debility. They quicken the blood and give *new life* and energy to the *whole system*. Price *only* 37½ cents in *Pint* Bottles.

Likewise for sale as above,

HUNTER'S PULMONARY BALSAM.

Hear what the Daily Mercury of Bangor says of Doct. Pomroy.

Hunter's Balsam. It is not often that we *can* say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, who have used and tested their merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq. we have the testimony of many of our own citizens and those of neighbouring towns, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries with it more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Habits, Headache, Dizziness, Heart Burning, Pain in the Side, Lung and Liver Complaints.

DYSPEPSIA AND IDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility,—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness is, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrheas,, Ague and Fever, Bilious Fever and sick headache, they are an invaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood, we do not believe these Pills have their equal in the world.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*- one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache. Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
