## 300,000 DOLLARS FOR GREENWAY

### On the Eve of Election

RUSHING IMPORTANT MEASURES THROUGH

The Franchise Bill—The P. E. Island Amendment Adopted.

[SPECIAL TO THE EXAMINER.]

OTTAWA, June 9.—The resolution authorizing the Government to pay over to Manitoba \$300,000 from the school funds held in trust by the Federal Government went through committee.

Several opposition members objected to this withdrawal of trust funds placed in the care of the Dominion claiming that the proceeds of the sale of school lands was intended to remain unimpaired for future generations. The interest only was intended to be used; but it was now proposed to hand the principal sum over to the Greenway Government on the eve of a Provincial election.

Foster begged Government not to rush through the last week of session, when two-thirds of the members were away, bills which opened up such large questions and seemed to establish precedents of great importance.

The Better Terms Resolution seems to open up revision of final terms of confederation. The Government ought to give Parliament time to look into the matter and see how far it would lead.

The franchise bill was taken up, when the P. E. Island amendment made in the Senate were adopted.

ANOTHER BATTLE REPORTED FOUGHT NEAR SANTIAGO

And the Spaniards Forced to Retreat from their Position.

[SPECIAL TO THE EXAMINER.]

CAPE HAYTIE, Hayti, June 9.—It is reported here that a great battle took place at Carmenera on the Bay of Guanatonama, at half-past five on Tuesday morning lost.

Five ships of the American squadron opened a heavy bombardment on the fortifications of the town.

There was a perfect hail of bombs in the bay striking and demolishing many of the houses beyond the fortifications.

On the Spanish side the artillery replied vigorously, maintaining for some time a stout resistance.

The fire from the warships however, never ceased for an instant. It was regular and carefully directed and a great majority of the shots proved effective.

The Spaniards were forced to abandon their positions on shore and retreat to the town of Carmenara proper.

It is supposed that later they fled from that position also with the inhabitants.

Information has reached here that the Spaniards at Santiago and Carmenara are preparing a final desperate struggle and are determined to resist the assaults of the Americans to the last extremity.

The Commander of the district issued orders to burn Carmenara before yielding it into the hands of the Americans.

Carmenara is a small town about fifty miles from Santiago. It is situated on the shores of a wide bay, and would probably make a good base of operations for the Americans.

## SPANISH SHIPS TRYING TO EVADE CAPTURE.

(Special to The Halifax Herald.)

KINGSTON, Ja., June 8.—The Spanish steamer Anita, with 84 passengers, from Manzanilla, arrived at Montego Bay yesterday. Francis Certhal, said to be the American consul, is aboard. The steamer left her register at Cuba and brings a British bill of sale and asks for a British register. She wants provisions, obviously for Cuba.

The Spaniards are working energetically to get the steamer Purissima Concepcion out of Kingston with forage and provisions for the troops. They have just brought to Kingston the Benito Es engr a steamer almost identical in appearance with the Concepcion. The intention is to sail the Estenger Light, and the Concepcion with a cargo in valuable Spanish goods at the same time. They hope if an American cruiser is waiting outside that chase will be given the Estenger, which when pressed, will surrender. The Concepcion will sail another course, hoping to escape and land her cargo on the south coast, probably at Cienfuegos.

### Grave Crisis at Manila.

INSURGENTS RISING ALL OVER THE ISLAND.

Cavite Captured by the Rebels—Manila in Danger.

[SPECIAL TO THE EXAMINER.]

MADRID, June 9.—The following communication from Captain-General Agusti, dated Manila, June 3rd, has been published.

Situation very grave, Aguinaldo has succeeded in stirring up the country and the telegraph lines and railways are being cut.

I am without communication with provinces.

The province of Cavite has completely rebelled and the town and villages are occupied by numerous armed bands.

A Spanish column defends the Zapo line to prevent the enemy invading the Province of Manila but the foe has entered through Bulacon Laguna and Moron so that Manila has much to fear on land and sea. I am striking and will exhaust every means of resistance. I distrust the natives and volunteers because there have been many desertions.

## PRINCE EDWARD ISLAND LEGISLATION

### Discussed in Parliament.

## SIR LOUIS H. DAVIES WILL DIRECT

The Attention of the Minister of Justice to It.

[SPECIAL TO THE EXAMINER.]

OTTAWA, June 9.—In the House of Commons, Mr. Borden, M. P. for Halifax directed attention to a recent act of the P. E. Island Legislature, providing that the claims of merchants residing outside that Province shall not be collected unless the creditor is able to show that the commercial traveller through whom the goods were sold had previously taken out a license.

Sir Louis Davies promised to call the attention of the Minister of Justice to the matter.

## WILL WAIT A WHILE.

Carranza and Du Bosc Will Not Be Expelled Just Yet.

WASHINGTON, June 7.—Lieut. Carranza and Senor du Bosc, who are conducting their Spanish operations from Montreal, have succeeded in obtaining a brief respite from expulsion through the denial by Carranza of the accuracy of certain features of the letter attributed to him. The British authorities acted on the assumption that the translation of the Carranza letter was correct and that there was no doubt that the Spanish officials were using Canada as a base for hostile action against the United States, but since a question is raised as to the accuracy of the translation no step is likely to be taken toward a forcible expulsion until the translation is established as correct.

The British authorities have been ready from the outset to act on any well established case, but the expulsion of a foreigner is such a serious matter that it is said no such step would be proper while the evidence was open to question. The Carranza denial raised a question of veracity which can be readily settled by the production of the original letter. This is not in the possession of the State Department, but it is understood to be in the hands of the Secret Service branch of the treasury. When the accuracy of the translation is established the British authorities will act promptly.

## MANILA CAPTURED BY INSURGENTS

### Says a Later Despatch.

THE NEWS IS BELIEVED IN HONG KONG.

Though Not Credited By the United States Consul.

[SPECIAL TO THE EXAMINER.]

HONG KONG, June 9.—It is reported here on good authority that the insurgents, under General Aguinaldo, have captured Manila and the city is now in complete possession of the rebels.

United States Consul Wildman discredits the story, but the native Philippine Islanders here and the agents of Aguinaldo place much confidence in the reports.

Late reports from Manila show that the insurgents have been winning many battles, the Spaniards being surrounded and losing many men.

## MORLEY VS. CHAMBERLAIN.
