Army Contract.

SEALED TENDERS will be received at this Office, on SATURDAY, the 6th November, 1852, until noon, for the undermentioned Supplies, viz:—

FRESH BEEF.

Such quantities of Ox or Heifer Beef, of the best marketable quality, as may be required for Her Majesty's forces in Prince Edward Island. for the term of one year, commencing 1st of April, 1853 The Meat to consist of fore and hind quarters, and to be subject to the inspection and approval of the Commissariat Officer.

The Tenders (printed Forms of which may be had at this Office), to state the price per 100lbs., in Sterling, in words at length, to be accompanied with a guarantee from two persons of known responsibility, in the penal sum of £300 Sterling, for the due performance of the Contract. Payment will be made monthly in Dollars, or British Specie.

BAKING BREAD.

For one year, from the 1st April next, for the Troops and Departments, in such quantities as may be required; the Tenders to state the number of pounds of Bread that will be delivered for every 100 pounds of Flour provided by the Commissariat—the Flour to be taken from the Commissariat Magazines, and the Bread to be delivered at the respective Quarters of Officers and Troops, &c., in the Garrison, at tho Contractor's expense. he being allowed the empty barrels. Two approved securities will be required in the penal sum of £100 Sterling each, for the due performance of the Contract.

FIREWOOD.

For one year, from the 1st April next, in such quantities as may be required, (say 200 cords.) It is to be distinctly understood that the Firewood is to consist of Beech, Black and Yellow Birch, Ash, and Rock Maple; and that no crooked or rotten Wood will be received, and a sufficient supply to be kept at all times in the Fuel Yard, towards the necessary issue. Two responsible persons will be required to give security for the due performance of this Contract.

The Firewood to be piled six feet high.

Payment will be made rfter the 1st April.

The Contractor will be allowed to deliver the Wood into the Fuel Yard, during the present winter.

FORAGE.

For one year, from the 1st April, 1853, for three Horses.—The Tenders to state the rate *per* ration, consisting cf

10 lbs. Oats }
14 " Hay } Of the best quality.
6 " Stsaw }

to be subject to the usual commutation of Bran for Oats for sick Horses.

To be delivered two days in each week, at the residences of Parties entitled to receive the same.

TRUCKAGE.

For one year, for such quantities of Firewood as may be delivered from the Fuel Yard for Troops and Departments, and conveyance of Troops, Baggage, Ordinance and Commissariat Stores, &c. to and from the Queen's Wharf to the Barracks, &c. The Tender to state the rate per cord, in Sterling, and at per load, of not less than 6 cwt.

Payment will be made in Dollars or British Specie, at the Army rate.

☞ Printed Forms of Tender and any further particulars can be had at the Commissariat Office. *No* written Tender to be received.

Commissariat, Charlottetown, P. E. Island, October, 5, 1852.

STRAYED.

A Red and White spotted Heifer, Durham breed, has been on the Subscribers premises for the last Three Months, the owner can have her by proving property, and paying expenses.

Colonial Manufacture---A Chemical Compound, Called
Ross' Patent Artificial Slate, and Unchangeable Metallic Paints.

IT will be seen by the following Communication to John Ross, Esq., of Halifax, the Patentee that those very celebrated Fire Proof Paints, have been admitted duty free into Canada, and we hope to see an article so much desired in a wooden Town like our own, relieved *from* Impost.

(COPY.)

No. 1. 810.

I. G. O. CUSTOMS DEPARTMENT,
Quebec, 27th August, 1852.

SIR;—Your Communcation to His Honor the Administrator of the Government of Nova Scotia, on the subject of the introduction into Canada duty free, of Metallic Paints, and Artificial Slate by you, having been transmitted to the Governor General of this Province, by the Hon. Joseph Howe, Provincial Secretary of Nova Scotia, on the 26th ultimo, I have the honor by command to inform you that the Inspector General, having submitted your application to the favorable consideration of His Excellency in Council, it has appeared to his Excellency, that the important purposes to which it seems the articles in question may be applied, render it desirable that those articles should be admitted into this Province duty free.

A notice will appear in the next issue of the *Official Gazette*, declaring Metallic Paints and Artificial Slate, being the products or manufacture of Nova Scotia, admissible into this Province free of duty.

I have the honor to be,
Sir,
Yours, &c.,
R. S. M. BOUCHETTE.

(Signed.)
JOHN ROSS, Esq.

A. & J. DUNCAN, & CO.

October 1, 1852.

PATENT ARTIFICIAL SLATE,
And Unchangeable Metallic Paints:
PROOF AGAINST FIRE & WATR!E

Manufactured by the Patentee, in Colchester, Nova Scotia.

THE ARTIFICIAL SLATE is the product of a mixture of mineral substances known to be the best non-conductors of heat as well as the most indestructible; the Chemical affinity of which converts the surface of materials covered, into a *Coating of Actual Slate—Proof* against FIRE and WATER. Thus the laws of nature are made to accomplish results as surprising as they are useful, by rendering Wooden fabrics as durable as brick or Stone, and less pervious to moisture, and consequently preventing decay and destruction from corroding influences hitherto supposed unattainable.

The principal ingredients are Alumina, Silica and the Oxides of Iron. The adhesive quality of the latter not only binds and attracts the particles together, but the substance covered also. The longer exposed to the weather the more powerful the attraction, and consequently the harder the *Slate*. As various shades of colour are obtained, Brick buildings may be made impervious to moisture, and the fashionable colours of either *Free Stone* or *Granite*. The oil must be evaporated by the action of the weather before it is *Fire* proof, which will take from nine to twelve months.

The METALLIC PAINTS, *Purple* and *Red*, are offered as *Weather and Water Proof solely*. Their base being Iron, secures them from Galvanic action so fatal to lead and other Paints on *Iron* work—and their chemical combination makes it impossible, that any change should take place from atmospheric influence or the action of Salt Water and Sulphureted hydrogen so prevalent in Sea Ports and Tidal Harbours. They surpass all Paints yet discovered in *Cheapness and Durability*, which render them pre-eminently adapted to the covering of all kinds of Iron work, such as *Shipping, Mills, Bridges, Steam Machinery, Railway Cars, and Iron Railing*. The METALLIC PAINTS have been analysed by Professor Hays of Boston. The following is an extract from his Certificate:—"As a permanent pigment, this mineral must rank with the most *indestructible and unchangeable* bases. For covering Metallic Ware, its composition shows that it is eminently fitted.

(Signed) AUGT. A. HAYS, *State Assayer*."

Directions.—Artificial Slate. Mix the powder with pure Boiled Linseed Oil and a little Spirits Turpentine to the consistency of very thick Paint, and apply with a common Brush, being careful to keep the mixture well stirred while putting it on. One pound will cover ten square feet with two Coats.

If Shingles have been on for years, it will be necessary to sweep off the moss and lint with a stiff broom; two or three coats of this material will make a perfect Slate Roof, proof against Fire and Water.

FREDERICTON, N. B., Nov. 13, 1850.

Mr. J. W. IRISH.

DEAR SIR,—Please send us two more barrels of your Artificial Slate. We have seen some of the good effects of it at the last fire. Some of the Roofs covered with it did not catch at all, and when the walls were burnt some of the roofs came down in one piece, and others were the means of saving the building, especially one roof alongside of the Bank B. N. A., which also was one means of saving the Bank.

Please see that it is on board of the first boat, as it might be neglected and stored.

Your obedient Servants,
STEWART & NEILL.

ST. JOHN, N. B., July 20, 1850.

JOHN ROSS, Esq., *Patentee of the Purple Metallic Iron Paint.*

SIR,—I have just painted a new Ship with your Metallic Iron Paint, and I have much pleasure in stating that I never painted a Ship with so small a quantity of Paint and Oil, and look so well. From its adhesive qualities and the manner it covers the wood, I have no doubt but it will be more durable and much cheaper than any other paint used for such purposes, and would recommend it to the public generally.

Yours, &c.
ROBERT G. MORAN.

ROSS' METALLIC PAINTS.—We have already called public attention to the high estimation in which the Metallic Paints, manufactured by John Ross, Esq., Truro, are held by those who have had occasion to use them. Certificates of a highly satisfactory character in praise of these articles of Provincial manufacture appear elsewhere, in this issue, and from information afforded by parties who have similarly applied them, we can safely endorse the opinions therein contained.—*Halifax Sun.*

☞ The METALLIC PAINTS are mixed and put on like an ordinary paint.

JOHN ROSS, Patentee.

Agents for Prince Edward Island, GEO. T. HASZARD, Queen Square, KENNETH M'KENZIE, Pownal Street.

Charlottetown, Oct. 8, 1851.
