

Reid-Humphrey Wedding

At 2:30 Wednesday afternoon, Norma Jane Humphrey and Robert Carlyle Reid were married at the bride's home in Kensington.

Given in marriage by her father, the bride wore with her white gown of lace over satin a chapel veil and a pearl necklace.

Norma gave a travellette set to Jim Macmillan, an matching carrying and brooch sets to many.

Youth Club Holds Formal

On Tuesday evening the Basilia Youth Club held its initial formal in the Holy Name Hall.

The chaperones for the evening were Mr. and Mrs. Urban McQuaid and Mr. and Mrs. Joseph Hayley.

The social committee, who were instrumental in the preparations for the formal, include Abe Zakem, chairman.

Music was supplied by the Downtowners orchestra.

BUILD RINK ANEW ESTON, Sask. (CP)—Town council has decided to rebuild the skating and curling rink that was destroyed by fire in May, 1951.

BIRTHS, MARRIAGES, DEATHS 50c Per Insertion

COURT HOUSE CLEAN-UP — The Court House interior is undergoing a general clean-up, including a change in colour scheme.

Y'S MEN'S MEETING — Miss Hazel Hunter, speech correctionist with the Department of Health and Welfare addressed the Y's Men at the supper meeting last evening.

DIES IN MARYLAND — Word was received by Mr. N. D. MacLean last evening of the death in Silver Springs, Maryland, of Mrs. Mary MacEachern, aged 72 years.

YOUTH NIGHT — The Baptist Youth Night was held at the church last evening. A business meeting was conducted by the president, Mary Gamble.

SPEEDY DELIVERY — An extraordinary example of speedy mail delivery was experienced yesterday by Judge A. E. Arsenault, who received a letter dated and mailed on the afternoon of April 23 from Loretteville, nine miles outside the city of Quebec.

FUNERAL YESTERDAY — The funeral of Lloyd Lewis MacDonald took place yesterday morning from the residence of his parents, Mr. and Mrs. Lewis MacDonald, 17 Pownal Street, St. Dunstan's Basilica, where Requiem High Mass was celebrated by Rev. David McTague.

CAUSEWAY SURVEY — Mr. O. J. McCulloch, consulting engineer, is expected to arrive here within a few days, in connection with the causeway survey on the Hillsboro, Premier Jones stated yesterday.

BRACKLEY POINT W.I. The April meeting of Brackley Point W.I. was held in Howes' Hall on Thursday evening April 24th. The business period opened by singing "The Maple Leaf Forever".

After some discussion regarding a change in the manner of remembering the sick, it was moved and seconded that in the future flowers be sent to W.I. members ill in hospital, fruit or toy to sick children, according to age, and get-well cards to all other residents.

Letters were read concerning the T.B. League dinner, and the coming Red Cross blood donor clinic. The Government grant of \$2.50 was received, and as usual will be sent to the Jubilee End, Fund.

Senator And Mrs. Barbour Observe 45th Anniversary

Senator and Mrs. G. H. Barbour, 130 Upper Prince St., were at home to their immediate relatives last evening, on the occasion of the 45th anniversary of their marriage.

An honoured guest was Mr. Edward Casely of Summerside, only surviving brother of Mrs. Barbour, who acted as chairman.

Three grandsons, Karl Duncan, Robert Duncan and Wendell Duncan, were also in attendance.

Other guests from Summerside, O'Leary and Kensington were present, including Mrs. Ray Strang, Mrs. Ellis Proffit, Mrs. Wendell Barbour, Mrs. Sian C. Thompson and Mrs. Sheldon Duncan.

Refreshments were served during a very enjoyable evening.

LONE WOMAN

Continued from page 1 not required.

Mr. Abbott should not put into the budget various items which he could not spend and then come along and say: "Sorry, we didn't buy these things — we paid your debts."

Mrs. Fairclough also supported demands for removal of the four-per-cent floor on the amount a person can deduct from income tax in medical expenses.

Urges Cheese Floor

G. S. White (PC — Hastings-Peterborough) urged the government to place a floor price under cheese. He said the dairy industry faces an emergency because of the loss of the United Kingdom cheese market and the United States' current embargo on shipment of dairy cattle to that country.

George D. Weaver (L — Churchill), dealing particularly with developments in his own province, predicted that Northern Manitoba will become the nickel capital of the world. He said 75 per cent of the world's nickel reserves are to be found in Northern Manitoba.

There are five "tremendous" nickel ore bodies in the area. One deposit contained 250,000,000 tons of ore above the 1,000-foot level. The ore was worth \$6 a ton. Mr. Weaver said the deposits were comparable with the iron-ore resources of Quebec-Labrador, but nickel was far more valuable.

Large copper deposits have also been found in the area. A tungsten mine was coming into production. Power development was going ahead and when the power became available more mines would be in Northern Manitoba.

Would Cut Expenditures

Ross Thatcher (CCF—Moose Jaw) suggested tonight in the commonsense that Federal government expenditures this year be reduced by \$315,000,000, including a \$225,000,000 cut in defence spending.

In a speech marked by interruptions from members in various parts of the chamber, including some in his own party, the 34-year-old hardware merchant said there must be a reduction in the \$4,500,000,000 the Federal Government plans to spend in the current fiscal year.

The expenditure program will mean that the Federal Government will take 21 cents in taxes out of every dollar earned; it will mean that every man, woman and child will pay an average of \$320 in taxes to the Federal Government.

Mr. Thatcher said he believes the taxation burden made post-ponement of such works desirable. Later Joseph Noseworthy (CCF—York South), first member of the party to speak after Mr. Thatcher, said that in many respects Mr. Moose Jaw member had been expressing "his own opinion and not the wish or the policy of this group."

BUENOS AIRES, April 24 — (AP)—President Juan Peron says he is going to gather up rumors mongers in Argentina "in groups of 200 and send them to build roads in Patagonia so they can work at something useful." He charged that "foreigners" are maintaining a system of paid rumor mongers to create a climate of revolution and bring about his downfall.

Big Construction Job At Canada Packers To Be Completed This Fall

"The job is proceeding according to schedule," was the statement made by Mr. F. W. Curtis, of the County Construction Co., and Mr. Lee White, resident engineer of Canada Packers yesterday in connection with the new extension to the Charlottetown plant. "We are confident that the official opening will be possible by September 1st."

The main building will be approximately 80 feet square, with an addition in the way of a truck court, facing Grafton Street, 35 feet from the main building, capable of accommodating five large van-type trucks at the same time.

The main building consists of basement and three stories, and the final height will be that of existing buildings, and is of reinforced concrete. Approximately 180 tons of reinforcing steel will be used and about 1,700 cubic yards of concrete will be poured requiring over ten carloads of cement. The gravel is brought from the Valleyfield washing plant of the County Construction Company where it is screened, crushed and washed. The sand is brought from Saint John, N.B.

The placing of the reinforcing steel is an intricate process and has to be done with great care. Rigidly Inspected

"All concrete" poured is subjected to rigid inspection for quality and strength and must pass a compression test of 3,750 pounds per square foot of concrete before being accepted," Mr. Curtis states.

The water used was also heated to a temperature of approximately 80 degrees, and an open flame was injected into the drum of the concrete mixer during the coldest periods to ensure complete warmth for the final mixture.

Steel Industry In New Challenge To Truman

CH'TOWN LEGION

Continued from page 1

The Branch for their splendid cooperation in the poppy sales. Committee on the Employment, the Honorary President Mr. C. F. Ilne reminded the meeting that this was one of the most difficult committees to head. He stated it was important that a veteran recommended for a job should fill that job to the best of his ability and thus back-up the committee.

Some criticism was levelled at government appointments and the President stated that it was important that the Legion membership be increased in order that added weight may be given efforts to secure fair treatment for veterans.

Notes of thanks were extended to the Ladies' Auxiliary, the Press, Radio and all other organizations who assisted the Legion in any way throughout the year. A vote of thanks was also extended to J. A. Gallant, chairman of the Finance Ways and Means Committee, who due to pressure of personal business was unable to accept re-appointment to the new Executive.

The President and other members complimented Canteen Steward John Thistle and Caretaker Herb MacKinnon for their splendid work during the year, stating they carried out their duties efficiently and to the satisfaction of all.

PRESIDENT'S REPORT

The report of the Acting President, C. M. Sinclair, follows: "As the Acting President of this Branch since July 17th, 1951, I submit herewith an account of our stewardship for the year.

"Before commencing that part of the report which I express my deep sympathy for the families and relations of those members and veterans who have passed on during the past year.

"In a Branch of the Legion there are a great many activities, but especially so in a branch of this size. It is possible that part of this report to mention but briefly, some of the activities of the branch during this past year.

"In September last year I had the privilege along with other delegates of this Branch to attend the Provincial Convention which was held in Summerside. I must express that it was a great success and I was deeply impressed by the way the Legion as a whole is working for all veterans who should be members of the Canadian Legion. B. E. S. L., in respect of rank.

"Last year we were honoured by the arrival of the Royal Couple and were impressed by the friendly way in which they spoke, to some of us. Also during the year Festive Week was held and the Military Parade in which the Legion of the Province took part was a rare sight indeed.

"During the year the usual Legion Parades were held, the most important one being Remembrance Day which was one of the best turn out of veterans in quite a few years and it was indeed an honour to lead it, and in future I hope that every veteran this year will be 100% turn out.

"You have heard previous reports of all committees and I am sure you will agree with me that your Executive really did a splendid job in the duties they had to do. At this time, I would like to offer on behalf of the branch a word of thanks, Comrades, for a job well done. Also to our paid officials, F. W. Smith, Secretary, John Thistle, our Canteen Steward, and H. L. MacKinnon, Caretaker and Police official carried out their duties in an efficient manner.

"Our paid-up membership at present for 1952 is 150. To December 31st, 1950, it was 350. Within the next few weeks we are putting on a drive for increased membership.

"You can see by the papers last year that the Canadian Legion were successful in procuring increased pensions for pensioners so you can see what a stronger Legion can do to aid the veteran. All

Hope To Exceed Blood Objective

Reports being received from the different centres in which Red Cross Blood Donor Clinics are to be held during the week of May 5th show that the chairman are vying with one another to see which can exceed the quota set by the highest percentage.

Kensington, where Mr. J. Reg. Holman, is the chairman, is determined to produce more donors than the last time when they went over their objective by some 35. The R. C. A. F. Station has a new Donor Recruitment Committee, headed by P. L. Dalton, which is going to interview every available person on the Station as a prospective donor.

Undoubtedly with an energetic Committee such as this the R. C. A. F. objective of 150 will be assured.

Letters and cards are being sent out to those who have been donors at previous clinics, as well as to those who have benefited by receiving transfusions, urging the reader to be donors again and the latter to line up relatives and friends as donors.

Junior Red Cross members in the schools help in promoting the Blood Donor Clinics by distributing posters and pamphlets so that everyone will know that the clinics are on.

This free Blood Transfusion Service is of inestimable value and has been the only means of supplying over 6,000 transfusions in the hospitals in P. E. I. since its inception here in December, 1946. There has been a very satisfactory response to the appeal for donors in the past, but Red Cross officials said they were hopeful that the objective of 950 might be exceeded at the forthcoming clinics.

Robertson Appeal Heard By Supreme Court

The appeal against the amount of damages in the case of H. A. Robertson vs. Canadian National Railways and the Cross-appeal of the railway against liability were heard before the Supreme Court in banco yesterday.

After counsel for the railway had finished, counsel for the appellant was stopped from arguing the question of liability, indicating that it had decided against the railway.

The question of increasing the amount of damages from the \$5400 awarded by Mr. Justice MacGuigan and a jury in Georgetown for the death of Allan Herbert Robertson was fully argued before Chief Justice Thane A. Campbell and Mr. Justice George J. Tweedy and taken under advisement.

The case arose from the death of the husband of the appellant who had been a passenger in a car driven by Chester Burke which in the late afternoon of Sept. 25, 1950 hit a train at the Cardigan Road crossing. The two men and their wives were returning from Georgetown to their homes at Fortune Bay.

Counsel for the appellant were Messrs. D. L. Mathieson, Q.C., and G. R. Foster; for the railway Messrs. J. W. G. MacDougal of Moncton and F. A. Large, Q.C.

McCall Frontenac Dealers Hold Annual Meeting

The McCall Frontenac Oil Co. Ltd., held their annual Dealers' meeting on Monday evening, April 21st, at the Charlottetown Hotel with Mr. E. C. Thompson, zone manager, as chairman, and a large number of dealers from this Province in attendance.

Several interesting films were shown among which the feature film, "Setting the Pace", was enthusiastically received by the audience. A very interesting address on National Advertising was delivered by Mr. J. Brown, Provincial Manager, Maritime Provinces.

Another highlight of the evening was the presentation of long time awards to dealers who have been associated with the company for five, ten, fifteen or twenty years.

Messrs. J. D. Stewart and Bruce Thompson very ably assisted during the evening and the meeting closed with a brief message from Mr. E. C. Thompson after which a delicious buffet luncheon was served.

SANTA MONICA, Calif., April 24 — (AP)—Actress Mona Freeman has sued Pat Currely for divorce, alleging mental cruelty. She and the actor dealer were married six years ago. She asks \$75 monthly support for their daughter, Mona, 4, saying a community property agreement has been effected.

ATTENTION POULTRY PRODUCERS

Baby chicks available from mid May on, and we are now looking for June delivery. All stock is disease free, bred and produced on our own farm under R.O.P. for livability, meat type, and production for you, the producers benefit. So place your order now and avoid disappointment.

MacDonald's Hatchery, Covehead Road, P.E.I.

Plan To Form Camera Club

A good turn-out of enthusiastic camera fans greeted efforts to form a Charlottetown camera club when a first organizational meeting was held last evening in the Y.M.C.A. Mr. Frank Thibault, an active member of an earlier camera club here which disbanded in war years, was elected president pro tem.

Mr. Roland Taylor, to whom credit is due for making the initial arrangements, and also a member of the former club, was in the chair. He led in a lively discussion of plans and objectives for the new club, open to anyone making a hobby or business of taking pictorial photographs of this city.

Mr. Taylor, who has been an active and generous offerer his assistance to any amateur photographer running into a problem in his work.

A meeting to carry further the organizational business was called for Wednesday evening in the Harris Memorial Gallery.

Hold Spring Tea

Welcome harbingers of spring, daffodils and pussy willows, formed the decorative scheme for a delightful spring tea held yesterday afternoon at St. Paul's Parish Hall, by Branch B of St. Paul's W. A., and convened by Mrs. Gordon Rayner.

Daffodils and snap dragons, flanked on either side by green tapers burning in silver candleabra, were the central decorative motif of the attractively arranged tea table, presided over by Mrs. G. D. DeBlois, Mrs. E. V. Bell, Mrs. Leith MacLeod and Mrs. W. Scantlebury.

Serving were Mrs. Gerald Proctor, Mrs. Arthur Duvar, Mrs. E. Hearty, Miss M. Hill, Mrs. G. Richards, Mrs. G. M. Murley, Mrs. J. P. Hillon, Mrs. H. D. Baicun, Miss Lorna Weeks, Mrs. Leonard Vatcher, Mrs. E. Sellar and Mrs. J. A. Likely.

P. E. Island Believed Well In Lead In Quota Of Active Army Recruits

On a proportional basis, New Brunswick is credited with leading all Canada in recruiting for the Army's Active Force, according to figures just released through Army Headquarters at Ottawa.

The four Atlantic Provinces known as the Eastern Command showed up well in their combined total. Nova Scotia and Prince Edward Island, as a single unit, stood in second place. New Brunswick is credited with 500, and N. S.-P. E. I. with 457.

Local army officers were, however, able to explain more clearly where the Island, as a Province, stood in the matter of recruiting for the Active Force. It is understood that 146 went from this area to be absorbed into the N. S.-P.E.I. amalgamation, which puts the Island well in the lead on a per capita basis. To date, more than 700 left the Province since the first of May last, as members of the Active Army.

For the three months from January 1, 1952, the other Provinces enlisted men as follows: Ontario 2,271; Manitoba 424; Quebec 994; Alberta 273; Saskatchewan 185; British Columbia 270; Newfoundland 60.

Southern Michigan Prisoners End Five-day Mutiny

JACKSON, Mich., April 24 — (AP)—Rioters at Southern Michigan Prison ended their five-day mutiny today and released eight hostage guards unharmed.

Armed prison guards had kept 50 yards or so away from the cell block as riot leader Earl E. Ward threw open the door. Three convicts stepped out and frisked separately each rioter as he left.

Then those inside discarded their knives, baseball bats, clubs and other crude weapons and began backing out, one by one, to be given their final shakedown.

The convicts appeared in good shape—some of them even jaunty—as they lined up outside the prison mess hall where they were to receive a steak dinner.

In Lansing, Governor G. Mennen Williams said he would inspect the prison.

Wives and families of the long-imprisoned guards were waiting in the lobby of the prison building, nearly frantic from their long vigil that more than once seemed almost hopeless.

They burst into loud screams of joy as the weary guards were let through the barred doors near the building entrance. The guards sobbed as they embraced crying members of their families.

All eight of the guards said they were locked in separate cells in the barricaded cell block. They appeared on the verge of collapse and their eyes were blood-red. But none said he was harmed.

Steel Industry In New Challenge To Truman

WASHINGTON, April 24 — (AP)—The steel industry again asked the courts today to void President Truman's seizure of the steel mills, contending that the government will shortly take action resulting in "almost incalculable" damage.

New challenges to the President's seizure authority were voiced on Capitol Hill, too, but Truman told his press conference he acted because the country is in what he called its greatest emergency.

He dismissed as political a move in the House of Representatives to impeach him because of his seizure April 8 to avert a steel shutdown.

The most direct challenge was made in court in what was in effect an appeal from a previous decision that the industry had not been damaged by the seizure. An industry lawyer said the situation has "drastically changed."

Lawyer Theodore Klendl argued that the government is not trying to preserve production of steel, but rather is attempting to "foist on management" wage increases for the C. I. O. steelworkers.

Klendl spoke for six major steel companies which asked Judge David Pine to issue a temporary injunction which would forbid Commerce Secretary Charles Sawyer, technical boss of the industry, from taking any steps to carry out the President's order. Klendl said there has been a drastic change and that action by the government to change wages and working conditions is "imminent."

Indications were that the administration might act next week to put into effect pay raises for the \$50,000 union members. Officials decline to say how big the raise will be.

Exchanges To Close Saturdays TORONTO, April 24 — (CP)—Toronto and Montreal Stock Exchanges today announced that they will close Saturdays, starting May 24. The date for resumption of Saturday trading will be announced later.

New York Stock Exchange has announced that it will close Saturdays starting May 31 and ending Sept. 27.

MOSCOW, April 24 — (AP)—The death of Nicolai Chizhevsky, 80, a specialist in the chemistry of coal and metals, was reported today. He designed Russia's coke oven system and his researchers helped expand raw material resources for the metallurgical industries.

pensioners should be members of the Legion. "In the branch during the year we had few dances for our members; also Paardeburg celebration with few South African Vets present. "There are so many other matters which could be set forth in this report but they have already been dealt with by committee reports. "So in closing I offer my sincere thanks to the Executive and members of this Branch for their splendid co-operation during the year in helping me run the Branch."

Perfection ICE CREAM Have You Got Some in Your Fridge?
