

Splendid Easter Play Presented To Large Audiences

Sponsored by the St. Charles Auxiliary of the Charlottetown Hospital, the annual Easter play was given before capacity audiences at both afternoon and evening performances yesterday at the Prince Edward Theatre.

This year's production was the mystery comedy, "The Gold Flame" by Edward Rose, and was directed by Mr. J. Austin Trainor. C. D. A. The play is not one of Rose's best at times the intrigue through which the story gets its plot is almost farcical.

The cast of local players however, proved themselves very capable in their handling of the difficult roles they assumed, and a top-notch performance was given by Harold Clark as the sick Kent Reber. Pauline Whelan as Glad, and Frances Hennessey as Mrs. Dane also gave characterizations which were stand-outs.

Others in the cast were Mrs. H. W. Davidson, Mrs. Boyd, Willis Fitzgerald as Helen Linden, Elmer Gallant as Benton, Inez Murray as Madam Kanson, Shirley MacNally as Demar, Leth Sweeney as James Hobby, and Carmon Thompson as John Blake.

Excellent music before the performance and during the intermissions was provided by the Down-towners' orchestra. Mr. Paul Sharpe proved himself a very capable M.C. and did much to keep the pace of the entertainment rolling.

The best specialties seen on the stage of the Prince Edward for some time were given between acts at last night's performance. The accordion playing of 12 year old Douglas Pines proved to be a show-stopper and he was called back repeatedly for encores by a most enthusiastic audience. The Western Four also stopped the show with their instrumental quartet featuring excellent violin playing by Connie Dolton. Other members of the "Four" were Keith Robinson, Sterling Young and Vern Rogers.

Veteran entertainer Austin Trainor again proved that audiences still love the type of entertainment given in vaudeville days, and that a trick necktie and a good personality will go a long way in bringing laughs to theatregoers. Gerald Ready with his baritone renditions of popular songs, and Lorraine Weatherble's tap dancing rounded out the specialties.

The performance was under the distinguished patronage of His Honour Lieut. Governor J. A. Bernard and Mrs. Bernard, and His Worship Mayor B. Earle MacDonald and Mrs. MacDonald. Words of appreciation to all contributors were expressed on behalf of the St. Charles Auxiliary by Dr. W. J. P. MacMillan.

Naval Reservists Have Close Escape

BENTON HARBOR, Mich., April 10.—(AP)—A twin-engined United States Navy bomber lost in a rain storm and dangerously low on gasoline, crash-landed in darkness in Lake Michigan near here early today. All eight crew members escaped uninjured.

The plane finally stopped 200 feet from shore, all but submerged. It had circled for an hour.

All of the crew scrambled out to stop the fuselage. Radio operator Lyle Fasket, 22, swam to shore to get aid.

Dr. Burton Sowers, Benton Harbor surgeon, and a neighbor, Malcolm Ross, rescued the other seven in canoes. They made two trips apace.

The crew was from naval reserve squadron 811 of Minneapolis and were returning there from a week-end training flight to Bermuda, via Norfolk, Va.

BIRTHS, MARRIAGES DEATHS 50c Per Insertion

BIRTHS
JENKINS—At the Prince County Hospital on April 9th, to Mr. and Mrs. J. F. Jenkins, Summerside, a daughter.

TRAIN DELAYED—The Borden train was one hour and forty minutes late last night, arriving at 7.40 instead of at 6:10. The delay was said to be due to connections on the mainland, the train then being held up on account of the storm.

TWO FLUE FIRES—City Firemen were called out to two slight flue fires yesterday. The first, at 12:15 yesterday afternoon, was at 49 Richmond St. The fire was quickly extinguished. There was no damage. The second, at 7 o'clock last night, was at 63 Spring Park Road. There was no damage.

THREE ARRESTED—City Police have arrested three suspects in connection with the assault and robbery of Bloyce Carter and George Henderson in front of the Sunnyside Dance Hall on Saturday night. The three were arrested yesterday afternoon and are being held for questioning. Police believe they will have the case cleared up shortly.

FUNERAL YESTERDAY—The funeral of the late Mrs. B. L. Coombs of 31 Elm Avenue was held yesterday afternoon from the Clifton Funeral Home. The service at the home and grave was conducted by the Rev. H. E. D. Ashford. The pall-bearers were: Peter Small, Lyle Robinson, P. N. Manuel, Duncan MacPhail, H. L. Smith and H. B. Weeks. Interment was in the People's Cemetery.

EASTER MONDAY DANCES—A very large crowd attended the Easter Monday dances at the Charlottetown Hotel, Garrison Officers Mess, and Clover Club. Music at the Charlottetown Hotel was supplied by the Down-towners, and about 150 couples attended. Music at the Officers' Mess was supplied by Al Blanchard and it was stated that last night showed a better crowd than was seen for a number of years. Music at the Clover Club was supplied by the Legionaires, and there was a very large attendance.

BOY IS SAFE—Seven-year-old Jack Perry, son of Mr. and Mrs. Walter Perry, Brighton Road, was found in Holy Redeemer Church at seven o'clock yesterday evening after spending the day away from home. Jack had left home twelve hours earlier in the morning storm and had not been heard from all day, the only report of his whereabouts being that he was seen at 4.30 in the afternoon. The City Police were notified of his absence early in the evening and were looking for the boy when Jack was discovered.

DEATH AT HAMILTON—The death of Wm. J. Taylor, Hamilton, took place on March 23, 1950. Death came suddenly although he had been in failing health for some time. There are left to cherish his memory, one brother Major and one sister Hattie who tenderly cared for him through the years, also a number of nieces and nephews. Funeral was held March 25 from the Presbyterian Church, service being conducted by Rev. J. MacGowan and Rev. J. Cross. At the close of the service remains were laid to rest in the family plot. Pallbearers were Messrs. Charlie Stewart, Keir Ramsay, Ralph Bryenton, George Crozier, Wm. MacGillivray, Wendell Crozier.

Longshore Boss Gets 5-Year Term

SAN FRANCISCO, April 10.—(AP)—Harry Bridges, C.I.O. longshore boss, was sentenced today to five years imprisonment for perjury and conspiracy. He was convicted of lying to conceal the fact he was a Communist.

The Australian-born west-coast union leader was ordered into immediate custody, but when \$25,000 bail was set it was supplied.

Two union aids who testified at his 1945 citizenship hearing and were convicted with Bridges of conspiring to commit perjury were each sentenced to two years imprisonment.

Bridges, stormy petrel of Pacific-coast waterfront strife, was given five years for perjury and two years for conspiracy, the sentences to run concurrently.

Robert McMillan, assistant United States attorney, then began arguments in support of a motion that Bridges' citizenship be cancelled—a move in the direction of having him deported to Australia.

Bridges' aides, Henry Schmidt and John R. Robertson, were both sentenced to two years on conspiracy to commit perjury and two years for conspiracy to defraud the Government. The sentences in each case were to run concurrently. Bail for each was set at \$10,000.

The total bail of \$45,000 represented an increase of \$30,000 from that set at the end of the tempestuous 81-day trial.

Low Teachers' Salaries Issue In Great Britain

Trinity Men's Association Meets

Under the chairmanship of Brigadier Reid the Men's Association of Trinity United Church met in the Social Hall of the Church last night. There were about 110 men in attendance.

After a sing-song led by Mr. Walter Cox with Mr. O. K. Presby at the piano, these gentlemen, together with Mr. A. R. Gillis were cordially thanked by the President, Mr. J. A. McNair, for their excellent work throughout the season in contributing to the musical entertainment at the meetings.

Guests at the meeting were Mr. Walter Smith of St. Peter's; Mr. Thomas DeBolis of St. Paul's; Mr. Sidney H. Burhoe of the Baptist Church; Mr. Alex McDonald of Zion; Mr. Will Burnett of St. James and Mr. Holly Archer of the Central Christian Church, who represented the Men's Association of their respective churches.

The President paid a very fine and moving tribute to the late Mr. Harry Cudmore, and a minute's silence was observed by those present standing in respect to his memory.

The speaker of the evening was Mr. W. R. Shaw, Deputy Minister of Agriculture, who delivered an able address on agricultural economics. The facts presented were fully supported by authorities, and set out in clear relief the situation of unbalance which existed between agriculture and other branches of industry.

In very forthright language he emphasized the necessity of supporting agriculture and maintaining the purchasing power of those engaged in the industry as the most important factor in the nation's economy.

Rev. H. E. D. Ashford conveyed the thanks of the meeting to the speaker.

The president announced that the annual meeting would be held next month. A committee consisting of Dr. Lloyd W. Shaw, Mr. Justice Tweedy, Rev. H. E. D. Ashford and Mr. R. H. Rogers was appointed to bring in a slate of officers for next season.

Weather Delays Mercy Flight

HALIFAX, April 10.—(CP)—An R. C. A. F. Dakota aircraft arrived at Goose Bay, Labrador yesterday from Arctic Bay, 250 miles inside the Arctic Circle, with a 12-year-old Eskimo boy aboard, suffering from gangrene in both feet. Search and Rescue said here today.

The Eskimo is to be flown to Halifax tomorrow for medical treatment. The aircraft took off from its Goose Bay base last week, but put down at Frobiisher Bay, Southern Baffin Land, when engine trouble developed. When the boy arrived at Halifax he will be 1,700 miles south of his Arctic Bay home, which is on the north-east coast of Baffin Land.

Return From Trip To Jamaica

Dr. J. A. Clark, agriculturist from Charlottetown and Mrs. Clark returned from tropical Jamaica to snow storm swept Charlottetown Saturday night after a short holiday in Jamaica, and Bermuda.

Returning on the Canadian National Steamships liner the Canadiana, Dr. Clark and Mrs. Clark enjoyed a 68 degree temperature in the Gulf Stream last Thursday night but woke up the next morning to find two or three inches of snow on the deck.

Dr. and Mrs. Clark spent six days at Manor House Hotel, six miles inland from Kingston the capital of the island. They spent time in Nassau in the Bahamas and visited Spanish Town the old Spanish capital of Jamaica when it was ruled by Spain.

On their way home they called at Hamilton, Bermuda. They met several acquaintances on the trip among them Mr. Leonard Morrell, head of Ogilvie's Stores, Montreal, and Mr. Roadhouse, former Deputy Minister of Agriculture of Ontario.

Stormy Easter Weather In U. K.

LONDON, April 10.—(Reuters)—Britain's Easter holidays streamed home today from coast and country in belated sunshine, after one of the country's stormiest Easter week-ends for many years.

Gales and rain had marred the holiday throughout the country. Not until late this afternoon did the sun break through in the south.

In some coastal resorts, gales swept off roof tops and knocked over chimney stacks.

Blackpool, holiday mecca of the industrial north, had the strongest gale, blowing in gusts up to 92 miles an hour.

COST OF LIBERTY

The Status of Liberty in New York harbor is estimated to have cost between \$600,000 and \$800,000.

Teachers Federation Governors Condemn Juvenile Magazines

The Board of Governors of the P. E. I. Teachers Federation in their annual meeting preliminary to the Easter convention yesterday, passed a resolution deploring the fact that nowhere in Canada is there a suitable magazine for juveniles.

This resolution is being dealt with by teachers' organizations all across Canada. It is complained that today, in place of crime chronicles, sexy romances of a very questionable type for such youths, are being published.

McLean's Magazine Publishing Company have been approached by Alberts to discuss the possibility of publishing a suitable type of juvenile magazine, but in vain.

A new schedule of Federation fees will be suggested for approval by the general assembly of teachers.

The general secretary reported on the recent conference of eastern secretaries of Canadian teacher organizations.

At this meeting, such matters as Federal aid, program for C. T. F. conventions, salaries, teacher shortage, general policy of C.T.F., etc., were discussed. The P.A.P.T. organization of Quebec under the jurisdiction of Dr. Percival as Director of Education was the only association reporting teacher shortage worse than that of past years.

The one bright outlook in the rather gloomy picture was that Dr. Percival has continually refused to lower the standard of certification.

Mr. MacFadyen announced that a meeting of the teachers' executive with representative groups of farmers, Women's Institute members and Legion is contemplated for May 9th to discuss together our Island educational problems.

Further reports were given on a meeting of the Advisory Council of Education, educational publicity campaign, pensions, code of ethics, summer school, certification, Maritime Common Examining Board, teacher-trustee contract, meetings of local executive groups and conference of Maritime school broad-casts.

Chorus of Disapproval

An advance sampling of opinion produces this chorus of disapproval against any status quo in salaries. Wales the teaching profession is "disgruntled, disgusted and disappointed," says Ralph Prothro, president of the Welsh Federation of Head Teachers.

Scotland—"If the nation puts its children under the restraints of other trades and professions, instead of under well-educated and properly-trained professional men, it must be prepared to pay the price."

This is an excerpt from a survey of all types of schools in Scotland, published by the Scottish Schoolmasters' Association.

England—"Our school teachers are frustrated and disillusioned," said Lord Beaverbrook's Evening Standard, which usually opposes the government. "Science graduates are refusing to enter what is now a dead-end profession."

If teachers need any more ammunition, they can point to a statement by Conservative leader Winston Churchill, who in a recent House of Commons debate, said he is not greatly attracted by the over-crowded schools and under-paid teachers."

Or they can quote another passage from the Scottish survey. In this one a witness reported that "unconsciously he had stopped teaching a lesson and found himself staring at the walls of the class room wondering how he would scrape through to the end of the month."

The same report quotes one teacher's budget: "No holidays, no cinemas, no theatres, no smoking, no vegetables, no fresh fruit, no pocket money for children, nothing but teaching."

Federal Aid

In connection with Federal aid for education it was reported that great progress has been made in stirring up favorable public reaction as well as strong support in the House of Commons. Hope was expressed that the Provincial Government will lend its support in urging Federal aid for education as an item on the agenda for the Dominion-Provincial conference in September.

A sum of \$10,000, double last year's amount has been voted by the Government for summer school to be held in Charlottetown. Assurance, too, of instructors for such a summer school has been given.

The constitution and by-laws committee, under the chairmanship of Mr. John Connolly, P. W. College, will be asked to make a comprehensive study of all other provincial teachers' acts of incorporation to make suggestions whereby our Island Act of Incorporation may be further improved.

The convention final preparations were arranged for the convention proper beginning today.

President Murphy presided at yesterday's session.

STANLEY BRIDGE W. M. S.

The March meeting of the Stanley Bridge W. M. S. was held at the home of Mrs. F. S. Bell on Tuesday evening March 28, with an attendance of 10 members and 2 visitors.

Mrs. W. A. Myers, president, presided and conducted the Worship Service as outlined in the Missionary Monthly. Mrs. L. S. MacEwen presented the chapter from the Study Book "Growing With The Years" assisted by Mrs. Elmer Fyfe, Mrs. H. S. MacEwen and Mrs. Eric Bell.

Mrs. W. O. Myers kindly invited the members to her home for the April meeting. Lunch committee to be Mrs. Myers, Mrs. Elmer Fyfe, Mrs. F. S. Bell and Mrs. J. E. Hiscott.

HIGHFIELD W. A.

The members of Highfield United Women's Association met for their regular monthly meeting on the evening of March 22 at the home of Mrs. Ralph Gay with an attendance of nine members. Mrs. Reuben Good conducted the devotional period which opened with the hymn "Crown Him With Many Crowns", followed by the scripture reading, John 3: 1-10. The leader then read an interesting selection on the subject of "Easter". A prayer and the hymn "When I Survey The Wondrous Cross" closed this part of the meeting. The roll was called and the minutes of the last meeting were read and approved. Two new members were welcomed. The friendship secretary gave the report that fruit had been sent to three sick persons, and it was decided to remember the shut-ins at Easter time by sending them cards.

The treasurer reported having paid the church light bill, and stated the balance on hand, out of which it was decided to pay \$2.00 towards the cost of the new church stove. Two of the members were appointed to arrange for a short concert to be held in the near future. Mrs. A. B. Roberts invited the members to her home for the next meeting, when she and Mrs. Good will serve the lunch, and Mrs. Creed will be the hostess, assisted by the committee in charge.

Federal Health

Continued from page 1
ready was infected with the polio virus, just as other similar events, such as extreme fatigue, might precipitate an attack."

Dr. Cameron contended that if the British doctors were giving the combined inoculations for diphtheria and whooping cough "during a time when polio was prevalent in the community, then it is not to be wondered at if the two events were sufficiently close together in some instances to suggest a direct linkage."

The overseas reports, showing a low percentage of polio cases that had been inoculated, "suggests very strongly that their case for a direct connection between the events is far from proven."

The Australian dispatch reported that in a survey of 641 cases of polio in Victoria last year, 60 children, all under five, had been immunized against whooping cough and diphtheria within the previous three months.

Of these 30 cases of polio were directly ascribed to the combined vaccine.

BELIEVE RECORD

Continued from page 1
them. Disrupted telephone lines were preventing public works officials in Charlottetown from obtaining their exact whereabouts.

One plow left Charlottetown to open the road to Borden in the morning followed by 25 cars, most of them stranded mainlanders who were attempting to catch the boat. The plow had reached Kensington at last reports and was continuing on to Read's Corner to meet the break made by the Summerside plow. It was not known how the motorists made out.

A Summerside plow opened the road from Summerside to Borden. Another plow was working from Montague to Charlottetown in the morning while another plow from Charlottetown was on its way to St. Peter's. The latter plow had reached Montpel at last reports yesterday afternoon. A plow, operating out of St. Peter's was pushing towards Souris but its whereabouts could not be ascertained.

One Flight Made

There was one flight from the Charlottetown airport. An M. C. A. plane flew to Montpel in the morning but was unable to return due to the formation of too much ice on the wings.

All telephone circuits between Charlottetown and Summerside were out of order last night. The trouble was thought to have existed from 12 to 25 miles from Charlottetown and was attributed to falling trees or tree branches.

A circuit to South Lake, east of Souris and another to Mount Stewart were also out. Telephone company officials, however, reported that the circuit from Borden to the mainland was in good shape and that the micro wave station at Tea Hill was very satisfactory.

Considerable electric power trouble was reported in Summerside early in the night. Due to lack of telephone and power facilities, however, it was impossible to ascertain the amount of difficulties caused.

No light circuits were out in Charlottetown but one was out on the North River Road for about a half hour. The circuits to Montague and Rustico were reported to be dipping badly while some interference was experienced in the city.

India Approves New Pact With Pakistan

NEW DELHI, April 10.—(AP)—The new Indo-Pakistan pact to protect minority groups and end the bloody communal strife on the sub-continent was ratified today by the Indian Parliament.

The agreement also was presented to Pakistan's Constituent Assembly in Karachi.

Prime Minister Jawaharlal Nehru, in submitting the pact to the Indian Parliament, said he was satisfied it would halt a drift toward catastrophe.

"We have stopped ourselves at the edge of a precipice and turned our back to it," Nehru said.

Liaquat Ali Khan, Prime Minister of Pakistan, said: "It is my firm intention to implement this agreement in full. I am satisfied that Premier Nehru would do everything possible to see that life, property, culture, citizenship and other rights of Muslims in all parts of India are safeguarded."

The agreement guarantees the security of the Moslem Pakistan. It also permits the unhampered migration of both minorities across the borders of the two countries.

Neither Nehru nor Liaquat Ali pretends that the pact solves all the difficulties between the two countries. But they both have indicated that it may open the way for solution of other issues.

The minorities pact was approved by the Indian Parliament in a voice vote, but its reception was not unanimously enthusiastic. Representatives from Bengal, scene of recent Moslem-Hindu rioting, sat silent while Nehru read terms of the pact.

The Bengal members are expected to question the pact's effectiveness during the forthcoming general debate on the Bengal situation.

In a press conference in Karachi, Liaquat Ali declined to discuss the possibility of a non-aggression pact between the two countries at this stage. He said it is not a question for one side to decide.

ISLAND NEWS

Island livestock breeders now have the services of Mr. James Mundy, an Alberta man, in addition to those of Mr. Harold W. Clay, Senior Livestock Fieldman for this province. Mr. Mundy has recently been transferred from Alberta to Charlottetown for work in the Production Service, Dominion Department of Agriculture under Mr. Clay.

An agriculture graduate from the University of Alberta in 1947, Mr. Mundy has worked with the Production Service in that Province for three years devoting most of his time to work with beef cattle. However it is expected that his work here will be centered chiefly in the swine industry.

Mr. Mundy is not a complete stranger to Island breeders. He was here in 1947 to take charge of a car of hogs that was shipped to Alberta. On that occasion he met several breeders.

Island swine, he notes are somewhat different from those in the West. He believes that the Island type is superior as far as the marketed product is concerned.

He is a veteran of the Second World War, interrupting his College course to see extensive service overseas as a Lieutenant with a Calgary Tank Regiment. Mrs. Mundy will arrive in Charlottetown in about a month's time.

The Accessory Department has a really smart assortment of Taffeta Umbrellas from which to choose. They're plain colors, they're plaids or they have neat stripe effects. You'll "go for" the neat short handles and the attractive Spring shades... Come in and see these elegant "Bumbershoots" in the new Accessory Department.

Civic Employees In Toronto Suburb Out On Strike

TORONTO, April 10.—(CP)—Suburban York township was without municipal public services today as more than 230 civic employees went on strike. Affected were garbage collections, water works and sewage and roads and parks departments. The strike was a result of demands for higher wages. The Employees' Union has asked a 4 1/2-cent-an-hour raise for laborers and comparative increases for other classifications to bring the wage scale on a par with that of the city of Toronto.

New Livestock Fieldman Here

Island livestock breeders now have the services of Mr. James Mundy, an Alberta man, in addition to those of Mr. Harold W. Clay, Senior Livestock Fieldman for this province. Mr. Mundy has recently been transferred from Alberta to Charlottetown for work in the Production Service, Dominion Department of Agriculture under Mr. Clay.

An agriculture graduate from the University of Alberta in 1947, Mr. Mundy has worked with the Production Service in that Province for three years devoting most of his time to work with
