Grain

WINNIPEG, June 13 - (CP) - Coarse grain futures showed recovering tendencies on the Winnipeg Grain Exchange today, with most classes rallying in quiet trading. There was a let-up in offerings, and commercial buying was on a better scale in oats and barley. Rye followed the trend, as selling waned. The session was marked by a few American buyings, though American houses were on both sides of the floor. There was no export business in Canadian wheat. Class-two wheat, for export to other than the United Kingdom, was unchanged from yesterday. Closing quotations: Oats - July 1.09 1-8B; Oct. 85 7-8; Dec. 82B.
