friendly, or to speak more correctly, less hostile to us, and we may expect to see more moderation in the Cabinet at Washington for the next twelve months when British American questions are discussed, than has been the fashion for some time past.

Another great benefit which we have derived from the abrogation of the Reciprocity Treaty, is the opening up of new channels of trade. During the operation of that Treaty, these Provinces found a ready market for their staple productions in the ports of the United States, and never troubled themselves to any considerable extent to find out more profitable avenues of trade. No sooner, however, was that Treaty cancelled than British America, determined to assert its manhood, sought out other commercial routes, where it could freely and without insult, interchange its commodities with those of other climes. If, therefore, Reciprocal Free Trade will be renewed with the United States, as we think will be the case in a short time, our business men will have the advantage of a well-established trade with the West Indies and other countries, in addition to that which will naturally again spring up with the United States.

THE CALENDAR FOR 1868. — This useful publication has just been issued from the press. It is very neatly printed, is filled with interesting information, and is creditable to the publisher, D. Laird, Esqr.

☞ Up to the hour of going to press, we have received no intelligence of the boats having crossed the Cape with the mails which have been expected here for some days past.

An Inquest was held before Dr. Beer, one of the Coroners for the County, on view of the body of John Henderson, of Malpeque Road, who was found dead on Tuesday morning, on a road leading from the upper to the lower Malpeque Road. After a prolonged inquest, in which it appeared in evidence that the deceased had left Mr. John Mallet's, at the Queen's Arms, on Monday morning, in his usual health and quite sober; and no evidence being obtainable as to where the deceased had been during Monday and Monday night, the jury returned an open verdict.

To-day the Hon. J. C. Pope has a large number of hands cutting the *Prioress* down to the three tides. She has been moved about 400 yards or more since morning. At the hour we write (3 o'clock) all her sails are set, but though the wind is fair she moves only as the ice is cut from before her. If the *Prioress* succeeds in reaching the open water at the entrance of the harbor, Mr. Lefurgy's brigt. will probably folow her course, so that both vessels may still get away. The prevalence of north and easterly winds lately, has driven the loose ice on the Nova Scotia coast, leaving the Island side of the gulf comparatively clear.—*Pat. of Saturday last.*

We are glad to hear that several young ladies of the city are making preparations to give the poor a Dinner in Sec's Hall on Christmas Day. At such a season it is but right that amid their festivities, the rich should remember the destitute, and, out of their abundance, warm the home of "cheerless poverty" into harmony with universal gladness. We should like to make this laudable enterprise subserve the necessities of the poorer classes farther than is contemplated by its fair and thoughtful promoters. If one of the underground apartments of the new Market House were set apart by the City Fathers, and fitted up with a cooking stove, tables, &c., we feel certain that, if they would only undertake the work—and what work of charity has ever appealed to them in vain?—the ladies could provide the poor with a good hot dinner every day through the winter. The wages of a cook, and the price of the food, would be the two largest items of the expense. Ladies what do you think of such a charitable institution?—*Pat.*

CHARLOTTETOWN DEBATING CLUB.

The debate on Friday evening last, on the question "Whether a knowledge of the Classics is a necessary part of a good education," was opened in a masterly manner by Mr. R. D. Shaw. After a spirited discussion, the question was decided in the affirmative.

The subject for debate next Friday evening will be—"Is man the creature of circumstances?" Opener Mr. Seth D. Shaw.

CHEAPER THAN EVER.—Now is the time for those who are in want of Dry Goods to make their purchases. And we would desire to call the attention of our friends to ROBERT YOUNG'S large and well selected stock, confident that those who favor him with their patronage will get the best value for their money at his establishment.

We are glad to be enabled to state that Capt. Davidson, of the ill-fated Sch. *La Rooka*, is not dead, but is fast recovering.—*Isl.*

On Tuesday morning last, Mr. John Henderson, of the Winsloe Road, was found on the Princetown Road, frozen to death. Mr. Henderson was an aged man, and some few years since lived on the Brackley Point Road, where he had Mils.—*Ib.*

Holloway's Pills.—Premonition.—The opinion gains ground that disease is a munition of vitality, and there is little doubt the powers of life are principally depressed by impurities in the system. This depravity can be corrected by taking a course, or an occasional use, of Holloway's famous purifying Pills, which expel all morbid matter from the circulation and thoroughly cleanse and invigorate the glands, viscera, and brain. Through this wholesome influence, Holloway's medicine casts out the seeds of all fevers which, in sultry weather, prove so formidable to health, and in a vast majority of cases destroy life itself. Forewarned should be forearmed—a position easily attained by taking these excellent Pills when lassitude, headache, or dejection distresses us.

Pain Killer.

NORTHAMPTON, Mrch 11, 1867.

Dear Sir:—I wish to add to you numerous testimonials. Last September, whilst work cutting sole leather with a die and a heavy iron mallet, I made a mis-strike, and the mallet came down with its whole force on my thumb, spliting it from the first joint entirely open, and laid the bone bare. I supposed I had ruined my thumb forever; but I thought of your Pain Killer, as I had often heard of its healing qualities. I went about a half a mile, and obtained a small bottle. I saturated a little cotton batting, first winding a waxed thread around the wound, and applied the Pain Killer, saturating the bandage two or three times a day. In five minutes the pain ceased, and in a week it entirely healed up; and I will say that I have never seen anything for healing qualities that equalled it; and I would earn[illegible] to the public as a pain killer [illegible] Yours tr[illegible]

AN EFFECTUAL WORM MEDICINE.

Brown's Vermifuge Comfits,

OR WORM LOZENGES. Much sickness undoubtedly, with children and adults, attributed to other causes, is occasioned by worms. The "VERMIFUGE COMFITS," although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians, and found to be safe and sure in eradicating worms, so hurtful to children.

Children having worms require immediate attention, as neglect of the trouble often causes prolonged sickness.

Symptoms of worms in children are often overlooked. Worms in the stomach and bowels cause irritation, which can be removed only by the use of a sure remedy. The combination of ingredients used in making BROWN'S "VERMIFUGE COMFITS" is such as to give the best possible effect with safety.
