In one of many recent efforts to keep open the by-roads leading in an easterly direction from Hampton and from the T. C. Highway, following recent frequent storms a Caterpillar snow plow (known as Charlie's plow) at a very soft portion of said road, became accidentally, so deeply wedged therein, that assistance for release by the plow at Bonshaw was requested without success. An S.O.S. call for a heavier plow, brought to the scene a plow from the P. W. Dept., with power of hauling 75 tons, which quickly restored, the stranded plow to active service again in keeping our roads open for winter motor traffic, to the credit of this Department and ability of the plowmen.
