RETURNING SOLDIERS.

Sergeant Mellish and Party at St. John's and Halifax.

[SPECIAL TO THE EXAMINER.]

HALIFAX, Nov. 16.—Sergeant Mellish, of Charlottetown, in charge of seventeen men of the Canadian Mounted Rifles and First Canadian Contingent arrived here on the Sydney express last night.

The Sergeant and his party left the steamer Carthaginian at St. John's, Newfoundland, at the invitation of R. G. Reid, who transported the party over his railway to Port au Basque and thence by the steamer Bruce to North Sydney free of charge.

On the arrival of the Carthaginian at St. John's, although late in the evening, the whole population turned out en masse and gave the boys a most enthusiastic welcome. The draft were invited to the City Club and an impromptu supper was given at which Hon. Mr. Morris toasted the draft for whom Sergeant Mellish responded.

On Sunday the soldiers attended Divine service at St. Thomas' Church, accompanied by the boys' brigade with their band.

On Sunday night, Sergeant Mellish delivered an address in St. Andrew's Church.

On Tuesday afternoon the seventeen draft were escorted to the station by the constabulary where they entrained for Port au Basque.

A large number of people were at the depot in this city last night to greet the returning soldiers and the boys were given a hearty welcome.

The band of the Royal Canadian Regiment was present and also a detachment of men from the Regiment.

The returning soldiers, after leaving the cars, formed up and were escorted to Wellington barracks, where they were quartered for the night.

This morning they were paid off. Afterwards they leave for their respective homes.

Besides Sergeant Mellish, private J. L. Macbeth, of Charlottetown, is with the draft.

Tommy and the Dutch Girls.

PRETORIA, Nov. 14.—It is admitted that the fusion of the two white races in South Africa is the only true solution of the problem as to how the bitter feelings between Britons and Boers can be eradicated. Here our soldiers are proving their usefulness for the ultimate settlement of the South African question. In the field they have always fought to the bitter end, however heavy the odds; but now they are surrendering almost without effort to the charms of the Dutch girls, and the registrar of marriages has been quite busy recently arranging the legal formalities for these interesting weddings. As an all-round man, either in peace or war, Tommy takes a deal of licking.

Never experiment with so important an article as the human food

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation.

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way better to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from alum. They may cost less per pound, but their use is at the cost of health.

TERRIBLE ACCIDENT.

BRIDGEWATER, Nov. 14.—A terrible accident happened at Midville, a village nine miles from this town, last evening. A young man, a son of Benjamin Snyder, was filling a lighted lantern with kerosene oil, whilst it was held by his sister, Cora, a girl of about twenty-five years. The oil became ignited and instantly the girl's clothing was in flames. While attempting to extinguish the fire the young man and others were badly burned. The house and almost all its contents were destroyed and the injured girl died at two o'clock this morning. Much sympathy is felt for the bereaved parents as Miss Snyder was a most estimable young lady, with a host of friends. She was to have been married next month.

ST. PETERSBURG, Nov. 14.—Two hundred and fifty girls, pupils of the Smolny Institute, a boarding school patronized exclusively by the nobility, were taken sick with evident symptoms of poison after dinner Friday evening. It is reported that two have died, but that the others have recovered. The poison is attributed to faulty metallic cooking utensils.
