LONDON, Oct. 26.

The Times says it is considered unnecessary to strengthen the powers of the Irish Executive for the repression of outrages. Parliament, therefore, is not likely to be summoned before the usual time. Meanwhile the Cabinet will frame the promised measure of land reform.

DUBLIN, Oct. 26.

The Inspector General of Constabulary has issued a circular requiring all constables to furnish a weekly statement showing the number of arms and ammunition in the district; the names of those to whom they are assigned, by whom they are received, the class of persons who bought them, and for what purpose they have been purchased.

NEW YORK, Oct. 26.

A London special has the following:—Two thousand Irish Constabulary have been ordered to rendezvous at the Currah of Kildare.

Thomas P. O'Connor, Mr. Parnell's principal lieutenant in and out of Parliament, states that if the Government proceeds with the actions, numerous murders and other agrarian outrages must be expected.

A member of the Government says the very highest importance is attached to the intelligence that Parnell and his friends have held a private council and resolved to discard the policy of exhorting people to keep the peace. The moment the Land League is struck by the Government, the whole west and south of Ireland, the seat of almost all national discontent and desperation, will become the scene of most exciting events.

It is said an early meeting of the Cabinet will be called.

LONDON, Oct. 26.

Hon. George J. Dobson, President of the Local Government Board, said that if Government was satisfied that ordinary law was not sufficient to maintain order in Ireland it would not shrink in consequence of any threats from asking for extraordinary legislation.

The News' leading article asks why this is not done immediately. It says if the state of things is as bad as the Government have reason to believe the course they propose, that is prosecution, is not that which such an occasion would seem to demand.

The Post says Justin McCarthy, Home Rule member for Longford, has joined Land League, as a protest against the prosecutions.

DUBLIN, Oct. 24.

When prosecution of the Land League has actually begun the action of the Government will probably lead to the disappearance of all remaining hostility between the Fenians and the Land Leaguers. It is thought that they will combine throughout the country in face of what is considered a common danger. Considerable alarm exists among the Landlord class. Orders have been received by Dublin tailors for armoured plasters. Several are actually in process of manufacture.

A great Land League meeting was held at Galway to-day. Forty thousand people were present. Mr. Parnell addressed the meeting. He condemned the despatch of reinforcements of troops and police to Galway; denounced Mr. Forster, the Chief Secretary for Ireland, as a hypocrite; declared the government solely responsible for the assassinations, and maintained that the only remedy was the autonomy of Ireland. He appealed to the people to be resolute and put an end to English misrule. Mr. O'Connor Power asserted that the tenants were suffering more than the slaves of South Carolina had suffered. Other meetings were held in various parts of the country. No disorder is reported. A telegram from Plymouth states that the Twenty-fifth regiment has been suddenly ordered to embark for Ireland at the earliest date. The report is otherwise confirmed that at a conference of the law officers, at which Mr. Forster and Earl Cowper were present, it was resolved to remove the trials of the agitators to London on certain conditions. A private telegram from an Irish member in London also gives credence to the rumor. In view of such a contingency the Land League have named men to fill the offices in the organization which would be made vacant by the removal to London of the officers charged with conspiracy.

LONDON, Oct. 26.

Late advices from Cape Town confirm the news received yesterday announcing that other tribes had joined the Basutos in the revolt against the Colonial Government. Natives beyond Pietermaritzburg, the capital of Natal, fifty miles from Port Natal, made an attack on white residents, and such natives as remained faithful to Cape government, burning buildings, pillaging and outraging women. Most horrible atrocities are reported, and insurgents are complete masters of the situation. Colonial authorities are in need of assistance. Unless reinforcements can reach them at once, the situation of the handful of men, commanded by Colonel Clark, is considered hopeless.

PARIS, Oct. 26.

Fifty students, who had left Mulden in a yacht to witness the departure of the mail steamer from Amsterdam for India, ventured too near the steamer and their yacht was buffeted against the side so violently that twenty-six students were thrown overboard, of whom twelve are missing.

BERLIN, Oct. 26.

Every attempt is making to strengthen the Austro-German alliance. General Von Bradeburg recently sent on a special mission by the Emperor William to the Emperor of Austria has returned, and has given a brilliant report of his friendly reception.

TEHRAN, Oct. 25.

Khurds have invested the fortified town

of Urmiah in Northern Persia, and summoned it to surrender in three days. The English Consul is trying to obtain delay. Several leading Khans are marching to the relief of the place. Re-inforcements are also marching from Gerrus. The Turks will co-operate with Persians by despatching troops from Van.

Tripoli, Oct. 26.

The Turkish Commissioner has requested the Montenegrin delegate to meet him in five days at Antivari. This indicates a policy of delay by Turkey.

AFGHANISTAN.

LAHORE, Oct. 26.

It is reported from Peshawar that anarchy reigns in Cabul, and that the Ameer has been murdered. There has been no news by post from Cabul for several days. The report, however, is probably correct.

THE NEW CANADIAN BEVERAGE! KAOKA,

The Only Satisfactory Substitute for Tea and Coffee. Highly Recommended for Regular Use at Ordinary Meals.

THE VERY BEST ARTICLE FOR DIETARY USE EVER DISCOVERED.

THE injurious effects which the continuous use of tea and coffee have on the human system are well known. The most eminent physicians advise the patients to abstain from using either. Owing to the taste for these beverages which has been universally acquired, it has been found necessary to find a substitute. Various substitutes have been tried, but KAOKA is the only one ever discovered which has been found to perfectly answer the purpose. Unlike Tea and Coffee, it contains neither Theine nor Caffeine, nor any other poisonous principle whatever which can even by long use, prove hurtful to the weakest constitutions. It is especially recommended for sick persons and children. Families using white bread habitually should adopt KAOKA as their regular drink at meals. They will then have supplied to them the elements which, when taken into the system, go to form bones, nails, teeth, sinews and brains, and which have been separated from the fine flour of which the white bread is made. Thousands of persons who have been afflicted with Dyspepsia, Nervousness, Indigestion, Sleeplessness, Sick Headache, &c., have been restored to perfect health by eschewing tea and coffee altogether, and drinking with their meals nothing but KAOKA. It contains no "chemicals." The elements from which it is made are wheat and sugar, nothing more.

For sale in pound and half-pound packets at the "Crown Grocery," South Side Queen Square. **ROBERTSON & CAMERON.** Charlottetown, October 1, 1880—30 ins eod
