# Tell Ottawa what's on your mind

- **MAKING HIGHER EDUCATION A HIGHER PRIORITY**

The Liberal Party knows how important our young people are and how important education is. A Liberal government will create more than 300,000 new grants and bursaries, plus universal student loan access and reduced interest rates to help university and college students get the education they need.

- **ADDRESSING OUR ENVIRONMENTAL ISSUES**

The Liberal Party takes responsibility for addressing our environmental issues with the Green Shift, a plan that will encourage greater environmental responsibility and energy efficiency while reducing personal income taxes.

- **A STRONG VOICE IN OTTAWA**

Over the past eight years, Shawn Murphy has consistently been in the Top 10% of MP voices in the House. *A vocal, experienced representative in Ottawa is the one sure way for Charlottetown's viewpoint to be heard.*

Re-Elect
