unfortunate

Cod-liver oil suggests consumption, which is almost unfortunate.

Its best use is before you fear consumption; when you begin to get thin, weak, run down; then is the prudent time to begin to take care, and the best way to take care is to supply the system with needed fat and strength. Scott's Emulsion of cod-liver oil, with hypophosphites, will bring back plumpness to those who have lost it, and make strength where raw cod-liver oil would be a burden.

A substitute only imitates the original.

THE CRIMES OF SPANIARDS.

Men Riddled With Bullets and Women Tortured With Bayonets.

A New York Journal special from Key West, Fla., says: "Letters received in this city from Santiago de Cuba, tell of crimes committed by Spaniards in that province that would shame the Kurds. In the last two weeks more than twenty men, women and children have fallen victims to the ferocity of the Spaniards. Recently a column of Spanish troops met ten peaceable Cubans near the town of Minas de Firmeza and strung them up by the wrists to trees by the wayside. The troops then fired volley after volley into their bodies. The corpses remained swinging for two days before anyone dared to cut them down. A similar massacre is alleged to have been perpetrated on May 26th, near Arroyo, Gueria. Five negroes were met by a company of Spanish troops and shot to death. The corpses were left unburied on the road. Near the same place on the night of May 27, Spanish soldiers went to the house occupied by Josefa Lopez and Felica Rogeria, wives of insurgents, and forced the women and their daughters to dance until they were exhausted, piercing them with bayonets to hasten them. In the morning the soldiers fired the house and left, but the women and girls were dragged out by neighbors before the flames reached them. The elder women have since died from the effects of the injuries they received.

NEWS NOTES.

Willie Hayden, seven year old son of William Hayden, of Woodstock, N. B, was drowned at noon on Monday. He was fishing off a raft and fell in.

London authorities have much to do to keep up with the smart swindlers. Recently a reward of $25 was offered for information that would lead to the conviction of anyone damaging the street lamps. A number of loafers arranged an unique plan. Certain of them were to break lamps and the others were to inform on them. The culprits got a month's board and lodging at the expense of the city, and when they were released shared the reward secured by their friends.

Last year thirty-seven towns in Connecticut began the work of macadamizing their roads, and this year it is estimated that more than eighty towns will be engaged upon such improvements. The towns begin in a small way, the average length of road being from half to three-quarters of a mile. The state, the country and the town each pay one-third the cost of the work and the state's appropriation is $75,000, while three state commissioners supervise the work. The proof of the popular satisfaction with the system is in the increase this year in the number of towns adopting it.

During the last session of Parliament there was quite a lively spat between Sir Charles Hibbert Tupper and Mr. McCarthy as to whether the latter was justified in taking so prominent a position in Parliament on the school question when he was the paid advocate of the Manitoba Government. A somewhat similar question has just arisen in Great Britain. Sir Robert Reid, M. P., was asked by the Transvaal Government to watch the trial of Dr. Jameson on their behalf. Sir Robert declined the brief, stating that while he sympathizes with the position in which the Boers have been placed, he desires not to limit his freedom of action or to lay himself open to suspicion of bias in the course he may take as a member of Parliament. Sir Robert Reid evidently agrees with Sir Charles Hibbert Tupper's view of the proprieties of the case and of the British precedents involved.

Commercial Travellers.

Wm. Golding, commercial traveller, 130 Ether St., Toronto, says: For 15 years I suffered untold misery from Itching Piles, sometimes called pin worms. Many and many weeks have I had to lay off the road from this trouble. I tried eight other pile ointments and so called remedies with no permanent relief to the intense itching and stinging, which irritated by scratching would bleed and ulcerate. One box of Chase's Ointment cured me completely.

A despatch from Akrashes, the advance post occupied by the Egyptian troops in the Soudan, states that a thousand Dervishes were killed in fighting at and around Firket on Sunday, including their commander. The Egyptian loss was 70 killed and 82 wounded.

Completely Knocked Out.

"I was so much run down I had to give up work, and I felt as if life was not worth living," writes Wm. W. Thompson, Z phyr Ont. "I took Scott's Sarsaparilla and am now feeling as I did years ago." Scott's Sarsaparilla tones up the entire system, purifies the blood, and eradicates rheumatic and scrofulous poison. Ask for Scott's and get it.

Cecil Rhodes and Barney Barnato, always on the lookout for new worlds to conquer, are now turning their eyes to British Columbia and have a representative in the Trail Creek district. The famous Leroy mine, the War Eagle and Iron Mask have been sold to London capitalists for five million, two million and one million dollars respectively. After looking over the gold and silver deposits the expert in question says there is ten times more wealth in the Trail Creek distinct than South Africa ever saw.

It Never Forgot His Kindness.

A touching instance of insect instinct has just been published. A writer says: "I found a cockroach struggling in a bowl of water. I took half a walnut shell for a boat. I put him into it and gave him two wooden toothpicks for oars and left him. The next morning I visited him, and he had put a piece of white cotton thread on one of the toothpicks and set the toothpick on end as a signal of distress. He had a hair on the other toothpick, and there that cockroach sat a-fishing. The cockroach, exhausted, had fallen asleep. The sight melted me to tears. I took that cockroach out, gave him a spoonful of gruel and left. The animal never forgot my kindness, and now my house is chock full of cockroaches."

How to Lace Shoes.

Few people lace their shoes correctly. About the nearest anybody gets to it, is to lace as tightly as possible. The correct way is to put your foot as much as possible in the heel of your shoe, when you are about to lace it.

The best way to do this, is to rest the heel of your shoe on a chair standing in front of you.

Over the instep it should be laced as tightly as possible; this will hold your foot back in the shoe, give your toes freedom, and prevent their being cramped.

Lace above your ankle to suit your comfort.

HAD INDIGESTION?

For a Matter of Some Forty Years or More.

Joseph Gardner, stove dealer, of Bath, Ontario, is a great believer in Dr. Chase's Kidney-Liver Pills for indigestion, constipation, dyspepsia, Brigat's disease, rheumatism, and kidney, liver and stomach troubles generally.

"I was troubled for over forty years with indigestion and constipation," he writes. "At intervals I suffered from severe headache. I spent dollars and dollars without result until Mr. Ball, our druggist, advised me to try Chase's Kidney-Liver Pills. I did so, and must say that they are the only remedy that gave me relief. I would not be without them for anything."

Many people suffer from rheumatism. Bad blood and diseased kidneys bring it on. Dr. Chase's Kidney-Liver Pills will remedy all this and cure rheumatism, sciatica and all kindred complaints. Here is a sample case:

"My boy was all crippled up and suffered awfully with rheumatism," writes Mrs. H. Wills, of Caesley, Ont. "He also had a touch of diabetes. The doctors could do him no good, but Dr. Chase's Kidney-Liver Pills completely cured him."

Sold by all dealers and Edmanson, Bates & Co., Toronto. 25c.

When all other remedies fail Dr. Chase's Blood and Turpentine will cure the worst chronic cold. 25 cents.

COMMENDABLE PROMPTITUDE.

A Resident of St. John, N. B., makes a Successful Trial of Dodd's Kidney Pills.

ST. JOHN, N. B., June 8.—Mr. Robert Moore, residing in Indiantown, a suburb of this city, has recently made what is allowed by all who are acquainted with the facts to be a most remarkable recovery. He has been a sufferer from a serious complaint of the kidneys for over seven years, and during that time has suffered excruciatingly. He has also suffered considerably in pocket, having paid large sums for medical advice. Quite recently he happened to read of the many cures effected by Dodd's Kidney Pills, and with commendable promptitude made a trial of them, with the result that after taking three boxes of the remedy he was entirely restored to health.

The Earl of Selborne and Mr. George H. Murray, K. C. B., one of the principal clerks of the Hermanite Society, have been appointed members of the Pacific Cable Commission.

Chase's Kidney-Liver Pills are the only kidney pills known with sufficient merit to guarantee the proprietors in giving away hundreds of thousands of sample packages free. Ask your druggist for a sample if your kidney or liver is deranged.

"Are they not exquisite in their soft richness?" is the constant remark of ladies touching Priestley's famous black dress goods. And that is the truth, but it is not the whole description, for they have a character for refinement, for wearing and draping quality, which no other dress goods can lay claim to. The Priestley's appear to have gathered up all their excellences, and concentrated them in "Eudora," the latest black dress fabric they have given to the world. In every respect equal to the famous Henriettas, it surpasses them in extra width, and weight, and in dust-repelling quality. It is wrapped on "The Varnished Board" and Priestley's name is stamped on every five yards.

BATTLE IN THE SOUDAN.

(Some additional particulars.)

Firket, Egypt, June 8.—This point was taken by Egyptian troops at an early hour yesterday morning, and their manner of acquitting themselves in this the first engagement of the Nile campaign has given great satisfaction to the British officers in command of them. The Egyptian forces left Akasheh, the Egyptian outpost, on the evening of June 6. The greatest secrecy had been maintained as to all the arrangements, and the arrival of the Egyptians at the Dervish camp took the enemy completely by surprise.

They quickly rallied, however, and rushed to their arms. Far from being routed in the first surprise of the attack, they stood to their posts and made a stubborn defence of the camp for an hour and a half, during which there was hard fighting.

The Dervishes were finally put to rout by a flank movement executed by the cavalry. Seeing themselves in danger of being surrounded, the forces of the Khalifa took flight to the southward, toward Suarda, pursued by the cavalry. Suarda is nearly a hundred miles south of here, but it is strongly held by a force of several thousand Dervishes.

Reports so far received indicate that the loss to the Dervishes will amount to a thousand men. Among those killed is Emir Hammuda, who was their commander, besides many important chiefs. The Egyptian loss in the fight was twenty killed and ninety wounded. Hundreds of Dervishes were taken prisoners.

Not That Kind.

Scott's Emulsion does not debilitate the stomach as other cough medicines do; but on the contrary it improves digestion and strengthens the stomach. Its effects are immediate and pronounced.

The Dublin police have made an extraordinary discovery of military rifles, bayonets, and a large quantity of ammunition. All the articles are out of date, and appear to have been hidden for along time.

Don't Wait for the Sick Room.

The experience of physicians and the public proves that taking Scott's Emulsion produces an immediate increase in flesh: it is therefore of the highest value in Wasting Diseases and Consumption.

The British War Office has ordered the heads of the staff to prepare for the despatch of 5,760 at the end of August. Part of these will go to Egypt, while the remainder will be used to replace the drafts from Gibraltar and Malta, from which place the troops now there will be sent on the Soudan expedition.
