NEWMAN CONFERENCE

The voice of the Cadre was heard in Winnipeg over the Christmas holidays at the 35th National Conference of Canadian University Press (CUP). The conference was hosted by the Manitoban, University of Manitoba's student newspaper, and lasted from the 26th of December to the 2nd of January.

The UPEISU decided they could only afford to send two delegates to the Conference so Carol Patterson, Cadre Editor, and Kathy Roach, staff member, were selected to attend. This is a marked decrease in the number of delegates that have been sent to CUP conferences in past years.

The conference included seminars on all aspects of journalism and had special resource peo-

student directory

Dear Friends,

As the co-ordinator of this year's student directory, I'd like to tell you how this project was undertaken. The plan was laid out late last summer and was carried out by the Chinese Student's Association. Information was collected on registration days early in September and was sorted in alphabetical order in mid-September and was ready at that time to be sent to the printers. However, the Student Union didn't have enough funds for the printing job. It was not until early November that the project was brought up in the Student Council Meeting and that it was decided to have it done in an inexpensive way. So the information was passed over to the steno pool for typing and was later laid out by the Cadre staff and then was finally printed.

In any case, I'd like to express my hearty thanks to the members of the Chinese Student's Society for their big effort, to the Steno Pool who helped in the typing, to those working on the Cadre who gave a hand in the layout, and to those who have been so much concerned about the project. Lastly, I do hope that this directory will be of good use to all of you, at least in the second half of the year.

Peter Chan

ple such as Bruce Kidd speaking on sportswriting and Terry Mocher, better known as Aislin, on cartoon features. Basic skills such as newsreporting and layout methods were discussed as were budgets and methods of becoming incorporated.

As the conference progressed, the Cadre's two most pressing problems became eminent; lack of staff being the most important. Many papers at the conference had more delegates than the Cadre has staff! This is a serious reflection of the indifferent attitude of UPEI students. Our second major problem is finance, the Cadre has the smallest budget in CUP even though it is not the smallest member (in terms of university enrollment). The Cadre is expected to publish as many issues for as many people on 2,000 dol-

lars as the Press (Brock University's student newspaper) does on 20,000 dollars. Is it any wonder our paper has problems?

If the Cadre is to improve, we need your help. The paper can only be as good as the people working on it and it IS your paper; part of your \$40 Student Union fees go to the Cadre. If you can write, draw, type (even with two fingers), interview, proofread, or are interested in learning, drop down to the Cadre office in the basement of Memorial or phone 4-4996. If there is anything you want to see in the paper, anything you want to advertise in the paper, drop down and tell us about it. Even if you just want to sit down and talk, or complain about the paper, or even compliment the paper, we'll listen. It's your paper and how good it is depends on you!

Greetings,

As you may know, the Newman groups at Dal., St. Mary's, and Mount St. Vincent's have been getting together to work out the details for our Newman Regional Conference to be held in Jan

We are planning to hold the conference at the Atlantic Christian Training Center in Tatamagouche, N.S. on the week-end of Jan. 19-21, 1973. The theme of the week-end will be community in its various aspects. We are hoping to get a couple of really good resource people in for the week-end and so, hopefully, it will be very interesting and informative. I'm certain that we will all grow from the things that we will be discussing on the week-end.

The Conference will get under way on Friday evening, with registration being held from 5 to 8 pm. From then on in until early Sunday afternoon we have a full agenda of events, workshops, etc.

The area around the center is rich in facilities and so perhaps you would be well advised to bring along your skates, a sleeping bag and a toboggan if you have one. You will have some free time and you will be able to put such things to good use.

The cost of the week-end will be \$20.00. This includes everything. Due to limited space we are asking you to pre-register. If we find that there are more people planning to come than the place holds, we will then make the necessary adjustments. Preference will be given to those who have pre-registered.

Hoping to see you in the not-too-distant future, may you have a truly good year.

In the Peace of
Christ,
Gary Pfinder.
