DREAMS SON DROWNED TREE FALLS, KILLS HIM

LONDON, June 19.—A mother's dream of the death of her son caused her to direct him to his doom when she failed to act on the theory of dream contraries, according to the evidence in the inquest of Donald Humphreys, 9, of Welspool. His mother in a dream so vividly saw the child drown while bathing that the next day she prevented him going to swim and sent him to play in a park instead.

While relating the dream warning to a neighbor the gardener brought to the mother news that her son had been killed in the park by a falling tree.

The principal features of the agreement to be presented by Mr. Hillman or ratification are recognition of the eight-hour day and the 44-hour week, the rate of wages prevailing in 1919, which was modified last year, to continue for three years, and collective bargaining to

A man "butted in" at a waiting line before the railroad ticket window at New York and the men who were in a hurry glowered.

"I want a ticket for Boston," said the man and he put 50 cents under the wicket.

"You can't go to Boston for 50 cents," returned the ticket seller.

"Well then,' asked the man, "where can I go for 50 cents?"

And each of the fourteen men in that waiting line told him where he could go.
