

Jock Talk Con't from page 10

...e caught at the wire by Kevin in a close finish for which the judges had to refer to the photo to determine the winner. The crush scared many spectators as a pile-up would have been very dangerous with the other four horses close behind. Other UPEI finalists were Steve MacDonald and Scott Campbell. The time, by the way, was 2.10:4, the fastest ever for the intercollegiates. For any male chauvinists who think a girl can't drive a race-horse we'll refer them to Kevin who certainly had to give everything he had to win the honour of representing the Province and this University at the National Championships at Halifax this Saturday. We'll wish Kevin all the luck and, at the same time counsel him to keep close to the rail if he gets the pole. In hockey our team continues to show great

promise, having played two games in the past week. Against the Sherwood Metros, favoured to win the Island Junior A League this year, we had no difficulty registering an 8-3 win with 8 different players scoring for us. Against Gentleman Jim's, the local intermediate team composed for the most part of former Panther greats and former professionals, the result was 2-2 with Terry Devine and Shane Turner scoring for the Panthers. We look for an interesting and exciting winter.

As the football season draws to a close we might mention that one of our BIG disappointments of the Fall was the really poor kick that our President, Peter Meincke, made in the recent ceremony before the Acadia game. For him our statistician had to inflate his estimate of the length of travel of the ball to

a dismal 25 yards while the other kicker, Lt. Governor Gordon Bennett, an Acadia Alummus, boomed out an impressive 50 yarder. While we realize that administrative duties are heavy and pressing, we trust Dr. Meincke will practise diligently between

now and next fall and be able to give us at least a 51 yarder when he may again be called upon to perform this important chore. After all...a University Prexy should realize he must put first things first!!!!
