RCAF QUARTET TO PERFORM HERE

The Canadian Air Force Four of Ottawa will be in Kensington for the Rural Jubilee Days, July 10, to 12, according to an announcement made by Don Wood, chairman of the Island Barbershop Quartet Competition. The famous Barbershop Quartet has been invited by the Island committee to adjudicate the competition, and also to perform during the Jubilee Days. Twenty entries have been received for the competition and it is hoped that there will be more. Above, the quartet closes ranks for some of the real close harmony which is taking them to the top among Canadian barber shop quartets. Registered with the International Society and a member of the Ottawa Barbershop Chapter, the group has proved a source of genuine musical entertainment at many public performances, including radio and television appearances, since its formation in 1963. Enjoying the hobby which they are spreading among the armed forces are, (left to right), Squadron Leader Tom Madden, bass; Flight Lieutenant Squadron Leader Les Burrows, lead; and Squadron Leader Doug Archer, tenor.

Kens. Legion To Honor Their Past Presidents

KENSINGTON — Several projects were under consideration at the general meeting of the Royal Canadian Legion held in the Kensington Legion Home on Tuesday night.

The president, Clair Mayhew presided, and the minutes of the last general and executive meetings, and the financial report were read by the secretary-manager, William Blakeney.

Ellis Profitt was appointed chairman of a committee to plan for the conferring of tokens of honor on past presidents of the branch, also for the presentation of the Manning trophy for the Blood Donor Clinic, Colin Smith and Cyril White are other members of the committee.

Plans for the annual lobster supper will be directed by Gene Crane, assisted by Fred Campbell and John MacDonald.

The meeting went on record to request that the Federal government continue to administer veteran's hospitals.

One application for membership was accepted.

The Legion agreed to a request from the Lion's Regional Band Auxiliary to donate the Legion Home for a dance in aid of the band, on Tuesday, April 21.

A recently departed comrade, Allan MacKay, was remembered by the meeting, and the sick committee reported a treat to be taken to Earle Clark, a patient in hospital.

The matter of the Eye Bank project, neglected since the chairman, Rev. Ron Parsons, moved to another area, was brought to the attention of the meeting by a member of the committee, Ellis Profitt, who was asked to have the forms at the next meeting.

Storm Of Protest Is Heard As Brothers Rejected In U.K.

LONDON (CP)—A storm has blown up over two young Newfoundland brothers who were barred from entering Britain last week and sent back to Canada.

Michael Penny, 19, and his brother John, 17, from Corner Brook, Nfld., arrived at London Airport April 5 en route to join their grandparents in Birmingham but were returned by immigration authorities because they did not have work permits.

Victor Yates, Labor Member for Parliament for Ladywood, Birmingham, is to ask Home Secretary Henry Brooke in the House of Commons today why they were sent back before their case could be investigated.

"It seems the boys were sent packing in indecent haste," Yates said Wednesday night.

PETITION SIGNED

The National Council for Civil Liberties took an interest in the matter and 600 neighbors of Mr. and Mrs. A. L. Butts, grandparents of the youths, signed a petition asking that the Newfoundlanders should be allowed to return to Britain.

The authorities said the youths were without work vouchers witch Commonwealth citizens should have if they come here looking for employment.

Butts declared: "They were sent back on a plane to Montreal which is a long way from their home. And they had only 30 shillings ($4.50) between them."

The youths' mother was born in Birmingham and has nine children, five of school age. The other four and their father were reported out of work.

BOYS INVITED

Mrs. Butts invited the boys to come to live with her and look for work. She raised the money for the fares—two single tickets each costing £68 ($204)—through a finance company, paying a deposit.

The boys are reported to have asked to stay for a short holiday with their grandparents but apparently the immigration officer was not satisfied there was any real chance for them to obtain work.

"There is something radically wrong with the way the Immigrants' Act is being administered," Yates said.

"It is a real disgrace," said Mrs. Butts, who added that her husband has been on sick leave and it was difficult to raise money for the fares.

NEW MINES POST

OTTAWA (CP) — The mines department announced Friday the appointment of a second assistant deputy minister. He is Dr. James M. Harrison who will take over responsibility for the department's research programs. He formerly was director of the geological survey of Canada. Jean Paul Drolet, the present assistant deputy minister, will assume direction of other department programs.

PREPARE FOR 4,000 MILE RALLY

Annell Lindquist, born in Helsinki, Finland, and now residing in Stockholm, has joined the Vallant team for the Shell 4000-Trans-Canada Rally starting April 18 in Vancouver, B.C. The endurance race runs from Vancouver to Montreal. Miss Lindquist and a Swedish girl teamed up to win the 1963 ladies' rally championship of Sweden.

THIS WEEK AT SDU

Future University Students To Get Look At Campus Life

By Charley McMillan

The second annual "Open House" at St. Dunstan's goes off tomorrow afternoon at one o'clock. This Open House, which is really a one-day high school visitation program, is designed to give incoming high school students a thorough understanding of university requirements, and to show them through exhibits a realistic conception of college life. Each society will be represented by a display depicting the various aspects of that particular department. There will also be a demonstration for the extra-curricular activities on the campus — athletics, debating, and students' union for example. There will be tours of the buildings, the best of which will be the science building. Here, the science students have all sorts of intricate equipment and displays that always fascinate visitors.

The whole show is part and parcel of an idea of Rev. Charles Cheverie, Ph.D. Father Cheverie maintains that the principal reason why there are so many fresh men dropping out of colleges is that, when they first started, they didn't have a clue as to what university was all about. "By giving them a chance to get an inside picture of a university," he explained, "high school students can acquaint themselves to the courses before they enter college. This Open House will also serve, I hope, as an encouragement for them to go on to higher education, as well as a place where any questions may be answered with authority."

ALUMNUS IN NEWS

The announcement this week that Vern Handrahan made the roster of the Kansas City Athletics was greeted with pride and happiness for many students and faculty professors at St. Dunstan's. A former student here, Vern is a personal friend of many people around the college and takes a personal interest in the activities. Although his first stint on the mound this year wasn't exactly successful, he certainly has come a long way; and with his talent, determination, and power, he has a long career ahead of him.

An awards dinner for all the athletic teams will be held next Tuesday at the Basilica Recreation Centre. Sponsored by the Administration, the dinner will host the three Varsity teams, the three Jaycee teams, the Co-ed teams, the winners of the Intramural leagues, and the championship debaters. It will serve as a thank-you tribute to the students for their efforts throughout the past year, and as an opportunity to present the many trophies won for individual performances.

A. J. MacAdam, SDU athletic director, disclosed this week that the emcee for the affair will be Dr. John Theriault, well known physician and sports personality, and certainly no stranger to the banquet circuit. Last year at the Athletic Booster Club dinner, with Frank Mahovlich, Dr. Theriault kept the audience in an excellent mood for such an affair. Thus, fun, food, and frolic will be present Tuesday night, so good time will prevail, for sure.

Although the present university year ends May 12, at least for most students, that does not mean classes close up for the summer months. For during the looming weeks ahead, the University will give 15 summer courses, ranging through most of the different departments. Registration is on June 29, and classes begin the following day, and beloved examinations will be on August 6-7. Naturally, high school teachers make up the big percentage of the classes but now, even regular students are starting to take some courses. This is often done to lighten the load through the year, but sometimes students who have special jobs find it convenient to attend classes in the mornings during the summer.

SENATOR KENNEDY TO SDU

Rev. George Macdonald, rector of SDU, announced this week that Senator "Ted" Kennedy will give the Convocation Address to the senior class at this year's graduation. It came as a surprise to many, having such an illustrious personality, that is, but certainly everybody was delighted, to say the least. This delight is evident by the number of underclassmen who are now going to stay for the graduation to hear Mr. Kennedy, instead of returning home early.

Senator Kennedy, of course, hardly needs any introduction. The youngest brother of the late U.S. president, John F. Kennedy, he was elected for the first time to the senate in 1961. Only 32, he is quite familiar with university campuses, and will surely give an enlightening address at the graduation.

The 1964 - 65 intercollegiate hockey and basketball schedule were released recently by league headquarters at Fredericton. The hockey team will play 13 games next year, an increase of two over this year. There are six home games and seven on the road. Two games are before Christmas, Acadia at home and Mount "A" away. Again there will be no playoffs. In the event of a tie, the standing will be decided on the basis of goals between the teams involved.

In basketball, there are 12 games, six at home and six away, with none scheduled before Christmas.

The next edition of RED and WHITE should be out in about 10 days, according to recently-appointed editor Roger MacDonald. This issue will be an eight-page effort, with a special feature on the senior class and the events of the past year. The paper has improved considerably in the last two issues, mainly because of the work of Paul D. Foster. Roger has taken over the reins from Mr. Foster for next year, and as usual, the new editor puts out the last paper of the year.

DIRECTOR NOMINATION

LONDON (Reuters) — Dirk Stikker, retiring NATO secretary-general, has accepted nomination as a director of Royal Dutch Petroleum, the company announced here Friday. He is due to relinquish his NATO post during the summer.

Area History To Be Related

KENSINGTON — The early history of the Kensington School area, will be the subject of an address, by James L. Saunders at the Kensington Regional High School on Monday evening, April 20, at 9 o'clock.

This will be the second address by Mr. Saunders in connection with the Centennial Year program. The first was confined to the history of the Cross Roads, now the Town of Kensington, and was delivered at the Elementary School.

Mr. Saunders' address will be preceded by an Open House at the school for the parents and interested friends.

Fishermen Blast Road Conditions

TIGNISH — The annual meeting of the Tignish Fishermen's Union was held in the Dalton School on April 14 and 108 were reported to hold membership in the Union.

The main concern of the fishermen was the impassable road conditions to both sides of the Tignish Run, that is hampering them from getting their fishing gear to the shore in time for the opening of the fishing season.

A road to the west side of Skinners Pond harbour was another source of complaint at the meeting.

Around the boat habour at Judes Point there is no space for fishermen to work. All efforts put forth by the fishermen in the past to have improvements made were reported to have failed. A further meeting will be held on Thursday evening April 23.

New Officers elected for the coming year were:

Alfred McInnis, president; Bernard Harper, vice-president; Gerald Bernard, secretary-treasurer; Roy McLeod auditor.

BLOWOUT DELAYS FLIGHT

LONDON, Ont. (CP) — A Trans-Canada air lines Vanguard jet airliner carrying 50 passengers blew a tire on landing here Friday but no one was injured and the passengers were unaware, until told, that anything had happened. The flight of 44 of the passengers terminated here. Six other passengers on the Toronto - to - Cleveland flight and 42 others waiting at the terminal to board the plane were delayed 2½ hours. TCA flew a turbo-prop Viscount from Toronto to complete the flight to Cleveland.
