

ISLAND WOMEN'S ARTS FESTIVAL

APRIL 12-18, 1982

The characters have been cast for "Dreamgirls" the drama production being presented by the Island Women's Arts Festival, April 12-18. The play concerns the relationships that spring up among six women who meet as newcomers to a halfway house in a large Canadian city. Cast members are Maureen Hume, Marilyn Hoeg, Laurel

Smythe, Barbara Rhodenizer, Anca Laxer, and Kelti MacMillan. Most are veterans of the Island Theatre scene.

"Dreamgirls" is directed by Deb Allen, who recently worked with the Island Theatre Guild to produce Agatha Christie's "Ten Little Indians". Ms. Allen has an extensive background in both amateur and professional theatre.

Janis Rapport, the author of "Dreamgirls" will be visiting the Island during the Island Women's Arts Festival, and plans to attend the opening night of the play. Ms. Rapport will also be giving poetry readings and a workshop. She has waived all fees and royalties in support of the Festival.

CIMN

Welcome to the 30 second edition of our column in which we defy all odds by turning out our regular superb Gonzo work in record time despite deadlines and a screwy typewriter. As you may have read in our last column the Engineers are now required to carry with them small blue plastic vomit buckets and our sources tell us that sales in the greater Charlottetown area have increased 200% over that time. However, several carpet cleaning establishments have been forced out of business because of this development.

This may or may not be the last edition of this column for this year because the radio station is closing down operations very shortly and depending on our lock-picking abilities, you may have heard the last from us until September. Maybe we'll take the typewriter with us when we leave for

MIDNIGHT

South America... on second thought, maybe not. With all those illegal hallucinogenic substances in our suitcases, there won't be any room. Wait, I've got it! We put the typewriter in the suitcase and fill the typewriter case with you-know-what.

PLEASE NOTE: THAT THE LAST PART HAS NO CONNECTION WITH ME. IT WAS WRITTEN ENTIRELY BY THE BOOT-LICKER. I DID NOT WRITE IT, AND REFUSE TO TAKE ANY RESPONSIBILITY FOR IT.

So, that's probably it for this year. "The boys" will most likely be back next year, unless we can appropriate the approximately \$60000000000 allocated to CIMN for the move to the Barn. Since we probably will, we'd just like to say "Happy Trails" one more time. So here it is: Happy

For people like you with Management in mind

If you want a career in management, the RIA program is your next step. Management accounting is one of the few select professional disciplines that leads directly to a management career. Employers recognize that RIA Management Accountants have successfully acquired the accounting theory, the specialized management skills and the practical work experience needed by a management accounting professional.

The RIA program is open to high school, college or university graduates. It could take as little as 2 years to achieve the RIA professional designation, depending on your educational credits. The curriculum is divided into three areas:

Financial Accounting — a basic understanding of accounting theory, principles and procedures required for financial reporting.

Management Accounting — accounting skills required in the management decision-making process and the control of operations.

Management Studies — to complement financial and management accounting skills with the tools and techniques for effective management in the 80's.
