

206 CATTLE WERE SOLD AT HORACE WILLIS SALE

## Sale Manager, Glen Cotton Says Auction Was Excellent

An excellent sale was the way sale manager Glen Cotton described the auctioning of 206 head of cattle at the farm of Horace Willis on the Colville Road Thursday.

Auctioneer Ivan Keres sold the first animal shortly after 10:30 in the forenoon and he knocked the last one down to the successful bidder at the stroke of six in the evening.

A shorthorn cow that sold for \$310 was the highest priced animal on the sale. She will freshen in one month's time, Mr. Willis said.

The calves sold for really good prices, Mr. Cotton said. The yearlings sold for \$150 to \$200. A number of yearling steers will be seen at the Easter Beef Show and Sale next spring, Mr. Cotton predicted.

One unusual feature of the sale was that a cow which was sold earlier in the day dropped a calf for her new owner before she took her away.

This actually made 201 head of cattle in all, Mr. Cotton quipped.

The brisk pace of the sale — they were virtually all beef cattle — augurs well for the future of beef cattle in this province, said Mr. Cotton who is provincial beef fieldman.

The facilities were all that could be desired, he observed, with one animal entering the ring from one pen, as soon as the one that had been sold was leaving it.

## Clinic Officials Look For Record

An all-out effort is presently underway to promote a record attendance at the Red Cross Blood donor clinic to be held at "Stella Maris" hall in North Rustico on Monday evening, August 28, according to a report received from Red Cross officials in Charlottetown.

This clinic is again being sponsored by the North Rustico branch of the Royal Canadian Legion headed by the following committee drawn from its membership — Bert and Ernest Blacquerie, Clarence Doirin who is the branch President, and James Gallant. The committee has set its goal at 200 donors although the official quota is 150.

Plans for the clinic were finalized at a well-attended meeting at which there were representatives of North and South Rustico and Hope River parishes, as well as of the Women's Institute, Catholic Women's League, Ladies' Auxiliary of the Legion, the Home and School Association and the local Recreation Committee.

### PROPOSALS

Continued on Page 10

bled Dr. James Cameron, the doctor's chief negotiator. Others also are likely to suffer.

While most earnings are frozen there are some exceptions — prices of many goods on the British market are bound to rise since Britain is heavily dependent on imports whose prices respond to world demand. The government appealed to industry to absorb as many of these increases as possible, though it conceded that some boosts are unavoidable.

Prices of hundreds of food items continued to rise, reflecting heavier government taxation already imposed.

Conservatives, who claim the measures are a devastating indictment of socialism, mounted a roaring attack against the administration. Above the uproar was the question asked by newspaper columnists — can the socialists survive a prolonged struggle against the strong drive for higher pay.

Questioned also was whether the emergency measures would suffice to revive world confidence in the pound, still showing weakness in world exchanges. Economists warned that new international attacks would emerge in the fall and that in the end devaluation might be inevitable.

Special cards to be filled in by prospective donors are being printed and will be available in the different business establishments throughout the area during the next week with the North Rustico branch of the Legion looking after the expenditures for these and other advertising posters announcing the date and time of the clinic have been widely distributed in the various districts and at the summer resorts.

On Monday, August 28, patients as well as summer visitors, will have a dual opportunity to make their contribution towards this province's blood bank since there will be a clinic at the regional high school in Hunter River between 3 and 5, and at "Stella Maris" hall in North Rustico in the evening from 8 to 10.

## BUSHY BEARD PUT TO RAZOR

SOUTH CUMBERWORTH, England (AP) — Despite a petition from his fellow villagers, farmer Arthur Bellwood has shaved off his beard, one of the biggest in the county.

"I got sick of the thing," said 56-year-old Bellwood. The beard, which was 30 inches across and more than a foot long, was separated from Bellwood by barber George Beever Thursday while a large number of villagers watched.

They had petitioned Bellwood to keep the beard, saying it was a local landmark and that at Christmas time some of the village children thought he was Santa Claus.

But Bellwood thought it should come off.

"For another thing, it was getting dangerous," he explained. "I nearly got it caught in the engine of my tractor."

Once it was off, Bellwood put on a brave face and said, "It's cold without it, but I might grow another."

### DEATHS

BRUCE — At the Prince Edward Island Hospital July 29, 1966 Harold Bruce, 54 Chesnut Street, age 58 years. Resting this evening at 7 o'clock at the Hennessey Funeral Home from where the funeral will take place on Monday morning at 9:15 to the Church of the Most Holy Redeemer for Rensselaer High Mass at 9:30. Interment in the Catholic cemetery.

PETERSON — At the P.E.I. Hospital on July 27, 1966, George H. Peterson, 34 Valley Street in his 81st year. Resting at the Cutcliffe Funeral Home until noon Saturday then to St. Paul's Church service commencing at 1:30. Interment in the People's cemetery.

PROFIT — At the Golden Years Nursing Home, Summerside July 28, 1966 Mrs. Mary Profit, Long River in her 80th year. Her remains were forwarded from the Davison Funeral Home to the home of her son, Halsey Profit. Funeral service will be held from St. Stephen's Church, Burlington today Saturday at 2 p.m. Interment in the Church cemetery.

TRYING HARD WALLINGFORD, Conn. (AP) — Mrs. Ethel Schultz, a determined, 65-year-old great-grandmother, logged her 125th mile of swimming Wednesday since Aug. 15, 1964, when, having just learned to swim, she set her sights on a goal of 100 miles in two years.

## Official Opening Is Set For Today

The Rustico Golf and Yacht Club will be officially opened by Lt. Governor W.J. MacDonald on Saturday on a special opening ceremony scheduled for 2:00 p.m.

A number of other government officials are expected to attend the opening of the new 18-hole course and boating facilities.

The club, which is owned by Jack Proud of Charlottetown, will be operated by the manager, Glen Lecco.

To mark the opening of the club's marina facilities will be the scene of the Maritime Hydroplane championships and between 45 and 50 entries are expected to be on hand for the competition, and officials expect speeds of over 70 mph to be reached Saturday night the clubhouse will be the scene of a dance for those participating in the competitions.

The 18-hole golf course is a 6,525 yard, par 72 course. Green fees for the round are \$1.50.

The new club is located at Rustico about 15 miles from Charlottetown and 30 from Summerside, overlooking Rustico Bay.

In addition to the golf club and the boating facilities, there is a club house, where weekly dances are held and a restaurant. Horseback riding is another feature offered by the new club and there are picnic, camping and playground areas that are available to those making use of the club's facilities, at no additional charge. Deep sea fishing trips are also arranged through the club.

## Visitors May Get Low Cost

MONTREAL (CP) — European visitors to the 1967 world's fair in Montreal may have to pay only \$24 instead of \$300 for a return flight between London and Montreal, if a proposal by Air Canada for a special 1967 fare is agreed to by the International Air Transport Association.

Adoption of the proposals would mean all airlines serving the London-Montreal route would be able to reduce their fares for the trip.

The special fare, however, would be in a package deal, in which accommodation and transportation would be combined for groups of persons. The reduction, if accepted by the IATA conference in Honolulu, this September, would operate from April 1 through October 31, 1967.

Air Canada is also seeking another day of the week on which the current 14-to-21-day economy fare applies. It now applies only to four days.

## Families Breathe A Little Easier

MILFORD, Conn. (AP) — Two Milford families are breathing a little easier in the aftermath of a baby-swapping mistake at Milford Hospital.

The error was quickly found out Thursday when Mr. and Mrs. William Lynk arrived home with what they thought was their new-born daughter, Lori.

At the first diaper change, they found they had a boy instead.

Meanwhile, back at the hospital, the parents of the boy, Mr. and Mrs. Edward Pohl Jr. were waiting, waiting and waiting to take their baby home and wondering about the delay.

"It's the first time it happened in all the time I've been here," said Edith Oddy, administrator of the hospital, after the babies and parents got sorted out.

Miss Oddy, who has been on the hospital's staff for 40 years, said the mix-up occurred because a nurse had on her mind names of four babies due to go home Thursday and picked up the wrong one in the nursery when the Lynks were ready to leave the hospital.

Although the infants wore identification bracelets the error was not discovered until the Lynks arrived home with the Pohl's baby.

Interment was in the People's cemetery, Malpeque.

# Niagara Polyram stops blight on potatoes!

Niagara Polyram fungicide gives excellent control of early and late blight of potatoes. Tomato fungicide, too, for control of Early and Late Blight, Anthracnose and Gray Leaf Spot.

### The Queen that will be known as the Canadian Centennial Portrait

An announcement from the office of State Secretary Judy LaMarsh Friday said the National Film Board had been authorized to commission the portrait.

The Queen will sit for the portrait Aug. 2 at Buckingham Palace. It is expected to be released late this year or early next year.

## Billy Martin To Coach Tigers

CHICAGO (AP) — Billy Martin will be named manager of Detroit Tigers of the American League before the beginning of the 1967 season, the Chicago American says.

Martin, currently a coach for Minnesota Twins, became the No. 1 choice of Tiger president John Fetzer after Al Lopez declined to succeed the ailing current Tiger pilot, Charlie Dressen, it was reported by the American's baseball writer, Brent Musburger.

Dressen on May 16 suffered his second heart attack in as many years and coach Frank Skaff presently directs the Tigers. Dressen's original replacement, coach Bob Swift, also became ill July 14.

Musburger said Lopez, retired as manager of Chicago White Sox and current Sox vice-president, told the Tigers his retirement from managing was final.

## FIGHTERS LURED BY PROMISES

TORONTO (CP) — Communist Hungary is using promises of safe passage to lure former freedom fighters back to be locked in a Budapest prison, Canadian-Hungarians charged Friday.

They said in interviews that at least 30 Hungarian-born Canadians have been detained by Hungarian authorities.

One of the men reported detained is Leslie Nemeth of Toronto. He flew to Hungary June 5 to take custody of his daughter, Maria, 14.

His wife says she received a letter from Nemeth's brother in Budapest saying Nemeth's car was struck from behind by a truck. He was put into prison and no one has heard from him since.

Mrs. Nemeth says her husband was active in the 1956 revolution, after which he left for Canada.

## City Manager Vote Passed

REGINA (CP) — City council voted to appoint a city manager as administrative director on a one-year trial basis.

City Commissioner Bruce Smith is to hold the post for a year beginning Sept. 1.

Council will be concerned only with policy decisions and Mr. Smith assumes all administrative responsibility following policy decisions.

## Restrictive Tax Measures May Go On Cable System

HAMILTON, Ont. (CP) — Restrictive tax measures may have to be used to ease the impact of cable television systems on regular broadcasting outlets, a government spokesman said Thursday.

Community antenna systems programs are filled by the points in Canada are not "up setting" by themselves, John Munro, parliamentary secretary to Citizenship Minister Marchand, told a service club.

The only problem so far connected with this is the loss of advertising to American outlets that might otherwise go to Canadian channels.

However, this problem is not different from that of Canadian advertising in American magazines and can be approached in the same way, namely, through restrictive tax measures.

## NEED CANADIAN CONTROL

He said there is no way to deny Canadians the right to watch U.S. television channels, but the government should take steps to ensure Canadian ownership and control of the cable firms.

Cable systems do not originate any broadcasts. They only carry signals of distant stations into areas where they normally are not received, eliminating the need for antenna systems.

He said the danger of these systems was that they could become the "primary source of TV reception," especially in urban areas.

Mr. Munro also called for close examination of the CBC and CTV networks. CBC TV should be given first

## Safety Awards Presented

Bathurst Marine Ltd. employees, Charlottetown, Lorne MacPhee and Russell Irving, recently received Turtle Club safety awards.

Present for the presentation were Thomas Sanderson, president of Bathurst Marine, Dennis Thibodeau, chairman of the Safety Committee of Union 934 and Al Leger, safety inspector, Workmen's Compensation Board.

The company requires that all employees wear helmets throughout the entire operation in the interest of safety.

On Aug. 25, 1965 when Mr. MacPhee was erecting steel ribs in Hull No 14, a 75-lb steel rib broke loose and fell from the second deck 15 feet above, striking him on the top of his head and shoulder. The safety cap Mr. MacPhee was wearing deflected the force of the blow and protected him from severe head injury.

Mr. Irving's narrow escape came on July 9, 1965. He was working on a staging 10 feet above ground level, burning steel plate while co-workers were jacking steel plate into place. The vibration caused Mr. Irving to fall off the staging backwards, landing on the cement floor, striking his head against a corner of steel bracket lying on the floor. The safety cap he was wearing cushioned the blow and protected him from serious or possible fatal head injury.

## McNAUGHTON BIOGRAPHY

TORONTO (CP) — Ottawa author John Sweetenham has been commissioned to write an official biography of Gen. A. G. L. McNaughton, who died July 11. The book, which will be published by Ryerson Press, will be available early next year.
