"Monarch" Coal or Wood Range

Your kitchen will take on a smart new beauty when this compact range is installed. One glance at this sparkling beauty, one experience with its cooking features and you will know why the new Monarch is such a sensation! For it has all the high styling and modern cooking devices that a woman wants.

Look at the roomy top with its graduated heat plates—the porcelain enamel oven with its convenient blanket of heat. Think of the grateful warmth it will bring to your kitchen on cold and chilly days.

No guesswork in cooking, simply slide the damper and the range responds instantly. See its lustrous chrome, shining white enamel and dramatic touches of black and colour. Under this high styling is the matchless in-built quality which is part of every Enterprise product.

This square model (RIGHT) with high closet is designed for the smaller kitchen and where no reservoir is required.
