

Curse of Canada

And the Only Way in Which it Can be Surely Removed.

Dyspepsia is the Curse—Dodd's Dyspepsia Tablets are the Only Cure—They are, therefore, Canada's Greatest Blessing. What is the greatest curse of our country? There can be only one answer to this question. There cannot be a moment's hesitation in answering it. The answer is "Dyspepsia." Nine tenths of the people of Canada suffer from it. The greatest blessing a country can have is something that will remove the greatest curse. Therefore Dodd's Dyspepsia Tablets—Canada's greatest blessing, for they and they only, can cure Dyspepsia. Canada's greatest curse, because the claim of Dodd's Dyspepsia Tablets to this title rests on still stronger grounds. Besides being the only medicine known that can cure Dyspepsia, they positively cure its twin evil—Indigestion, Acid Stomach, Catarrh of the Stomach, Sour Stomach, and all other diseases caused by imperfect digestion. The action of Dodd's Dyspepsia Tablets is simplicity itself. They remove the cause of the trouble. Then the disease must vanish. They digest the food. They must do this. They cannot help doing so any more than heat can help melting wax. Dodd's Dyspepsia Tablets contain the same substances that a healthy stomach uses to digest food. When you swallow a Tablet it melts, and reduces the food to a milky liquid. This passes to the organs, which separate the useless portions from the useful parts. Dodd's Dyspepsia Tablets stimulate the bowels and enable them to carry off the useless poisonous matter. Thus, the stomach and bowels working properly together, digestion becomes perfect and Dyspepsia cannot exist.

Hard Drinkers.

We are treating and curing more patients than any other drink cure in the world. This is because we treat our patients at their home, saving the time, expense and publicity of an institute treatment; because we use no hypodermic injections, with their bad effects, but give healthful tonics, because we not only antidote the drink craze, but cure the diseased conditions arising from the use of intoxicants. By our system of correspondence, each patient receives individual care and instructions. We have received the highest and best indorsements of any cure in the world, from leaders among men, whose commendation the whole world could not buy. ADDRESS AND PRESENTATION

Miss Bessie Scantlebury Remembered by Friends.

Miss Bessie Scantlebury left this morning for Vancouver, B. C. The previous evening a few young friends met at her residence on Prince Street, and presented her with a gift and the following address:

To Miss Bessie Scantlebury. We, your companions and friends, have learned with regret that you are about to leave your home in Charlottetown for off Vancouver. This regret is much intensified by the remembrance of your many acts of kindness, and the innumerable evidences of the sweetest of your disposition. We shall miss you from the social gatherings of the young people among whom you have lived, and we shall often wish that you were with us again. Asking you to be pleased to accept this small token of our love, and assuring you that we shall always hold you in our most affectionate remembrance. We remain forever your loving companions and friends. Mary McDonald, Pearl Hunter, Annie McDonald, Lou Byrne, Eileen Byrne.

CHARLES COGHLAN'S VANITY FAIR.

The New York Mirror of Oct. 6th has the following:—'Anybody has the right to make a dramatization of 'Vanity Fair,' but nobody has the right to steal Langdon Mitchell's dramatization of 'Vanity Fair.' That is the essence of Langdon Mitchell's contention with respect to the counterfeit presentation exploited by Delcher and Hennessy and now the subject of litigation.

Perhaps the most unpleasant feature of this matter is the fact that these people to dishonor the late Charles Coghlan's name by attaching it to a plagiarism of which he was not guilty. Mr. Coghlan was a dramatist of signal ability, and his work was nothing if not original. The brazen attempt to attribute to him the authorship of this fraud is a defamation of the dead. Fortunately Mr. Mitchell's proceeding has exposed the deception and Charles Coghlan's memory will be cleared fully from the implication of a literary theft.'

S. OF T.—Victoria Division, S. of T., will celebrate its fifty-second anniversary, by a public entertainment, next Monday evening, in Wright's Hall. A choice programme will be rendered, and a brief account of its organization will be given by one of its senior members. All members of the order, and their friends are cordially invited to be present.

"The blood is the life." Science has never gone beyond the simple statement of scripture. But it has illuminated that statement and giving it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Foul blood may be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

Free.—Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray expenses of mailing and customs. Send 31 one-cent stamps for paper covers, or 50 stamps for cloth, to Dr. R. V. Pierce, 661, Main Street, Buffalo, N. Y.

SPIRITS!

Raised in the Vicinity of Park Corner.

Sir,—We have had a visit from Sir Louis and Mr. John Wheat. Sir Louis held some caucus meetings up here, and I understood, his friend Wheat was in the meantime improving the moral standard and working in the cause of temperance.

The supplies were at night snugly stored in a barn belonging to a prominent temperance worker of "North Star Division" to remove suspicion. But having smelled, and probably tasted the rat, some of the boys raided the barn and obtained the contents of both valises as it appears. Sir Louis had some in reserve for fear of Wheat's supply becoming exhausted. But the boys cleaned them all out.

Result, some thirsty characters next morning, and a quantity of empty bottles around "Park Corner" Hall, where the meeting was held. This is the third time our quondam friend Wheat has been robbed of his supplies in this part of the county. You would think he would be getting careful by this time.

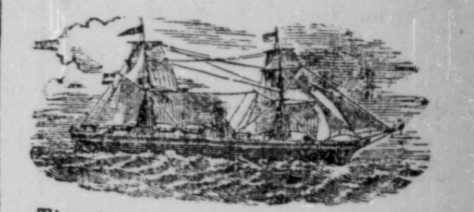

Did this happen to some Conservative how the Guardian and the Patriot would howl about temperance and immorality! Will they now publish these matters about Wheat and the "Great Sir Louis"?

If they want proof it will be forthcoming when wanted. What will our temperance Liberals say now when they find their great Sir Louis travelling around with Wheat of the firm of Wheat and Quain (so celebrated in song) with a good supply of whisky in their wagon to delude the electors?

Does not the Dominion Election law prohibit a candidate from carrying liquor after he has received his nomination? TEMPERANCE.

EPPS' COCOA.—Messrs James Epps & Co., Ltd., the well known Cocoa Manufacturers of London, have just issued an exceedingly tasteful little medal in aluminium for distribution amongst their numerous customers and the public generally. It is called the National Medal of the United Empire, and having been struck on the termination of the war in South Africa it forms at the present time an interesting souvenir of the Mother Country and her various colonies, typical figures of each being represented thereon. A pretty scarlet ribbon and a suitable inscription completes its equipment, and we feel sure that all sections of the public will be eager to possess Messrs Epps & Co's patriotic medal.
