

Just by Way of Example

Here's one of our new patterns.

The cut shows side-wall frieze and ceiling.

I'll give you a fair idea of the design.

But the richness and delicacy of the coloring are all lost.

Now, just for a moment, think of choosing from a stock so large as to give you nearly a thousand handsome designs to pick from.

More different designs than have ever been shown in P. E. I. before.

And prices cut so low that it is almost as cheap to paper as to do without.

THE INSURGENT GOVERNMENT IN A PERILOUS CONDITION.

The News from the Philippines is More Reassuring.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, April 4.—The following cablegram has been received from Manila, April 3: "Present indications denote that the insurgent government is in a perilous condition, its army defeated, discouraged and scattered. The insurgents are returning to their homes in the cities and villages between here and points north of Malolos which our reconnoitering parties have reached, and desire the protection of Americans."

News from Vaisa Island is more reassuring every day.

A Contest in Brockville.

BRACKVILLE, Ont., April 2.—Notice has been issued calling a meeting of the Conservatives of this riding to be held in Brockville Thursday, April 6th, for the purpose of selecting a candidate to contest the riding at the approaching bye-election. A very determined attempt will be made by the Grits to win this riding by fair means or foul. A drill shed has been promised, and money will be spent like water. But there is no fear that this loyal Conservative riding will prove false to the memory of its late leader and friend, the Hon. John F. Wood.

Fatal Loss at Sea.

LONDON, March 30.—The French barque *Marchal Lauer*, Capt. Petit, from Swansea for San Francisco, has been wrecked off St. Bridget's bay, at the western extremity of County of Pembroke, Wales. It is feared that all on board have been lost. The appearance of her wreckage suggests that an explosion occurred aboard of her. It is understood that she had a quantity of gun cotton in her cargo.

Montreal Gazette: A. P. E. I. delegation has been at Ottawa seeking favors for the little province. The chances are that they are going back fairly satisfied with their trip. Whatever may be said of the Laurier ministers, no one will deny that they are such a promising lot.

St. John Sun: Some well meaning but credulous people express surprise because Sir Wilfrid did not keep his word with the prohibitionists. There is no occasion for surprise in this. Whatever strong or good qualities the premier of Canada may possess, he is notoriously a public man who does not keep his word. His disregard for pledges concerning tariff and public expenditure might be mentioned to show this, but he may perhaps plead inability to control his colleagues.

THE POPE SERIOUSLY ILL.

His Real Condition is Being Concealed.

[SPECIAL TO THE EXAMINER.]

LONDON, April 4.—A despatch to the Telegraph says the Pope had a fainting fit yesterday which proved of the gravest character.

Every effort is being made by Cardinal Rampolla, the Papal Secretary of State, to conceal the real condition of the Supreme Pontiff, his object being to prevent the Powers from working for the next Conclave.

THEY RIDICULE IT.

Many People Ridicule the Idea of an Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, However, is not Argument, and Facts are Stubborn Things.

Stomach troubles are so common and in most cases, so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their cleverness in never being humbugged, especially in medicine.

This fear of being humbugged can be carried too far, so far, in fact, that many people suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made for their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested or half digested is poison as it ferments, gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address F. A. Stuart Co., Marshall, Mich., for little book of stomach diseases, sent free.

THE SAMOAN QUESTION

To be Settled by a High Commission.

WASHINGTON, April 2.—A joint high commission to settle the entire Samoan question has been practically agreed upon by the United States, British and German Governments. Lord Salisbury's absence from London alone delays the formal acceptance by Great Britain, though in his absence Sir Thomas Anderson and Mr. Villiers, who are understood to be especially familiar with the Samoan question, have approved a plan for a commission. The United States has informally expressed its approval, and the formal acceptance, it is learned from the highest quarter, will follow. As the proposition emanates from Germany, her approval, of course, is assured. The high joint commission it is felt affords a pacific solution to the whole trouble at the moment when Samoan efforts began to look the most threatening.

The new plan has been fully gone over by Secretary Hay and the British and German Ambassadors here, and its essential details worked out. Each nation is to be represented by one member on the commission. It is to have practically unlimited authority without the necessity of referring its decision back to the several governments for approval. It is felt that by conferring such complete and final authority on the high commission, the danger will be obviated of any further deadlocks and delays. Still another important provision under consideration is that King Oscar, of Norway and Sweden, shall be the umpire in case the three high commissioners should fail to reach a determination. The plan of inviting King Oscar to referee a disagreement meets the approval of the British and German authorities, and doubtless will be approved also by the United States as a means of ensuring finality of decision, though it is not known just how far this has been considered by the Washington authorities. King Oscar was agreed upon between the United States and Great Britain as a final arbitrator in connection with the proposed Anglo-American arbitration treaty, as well as in the Venezuela matter. He is also mentioned in the treaty of Berlin as the one to name a chief justice of Samoa in case the three great powers fail to agree on a chief justice. It was this that led to the suggestion of his name at the present time to act as final arbitrator.

THAT GOVERNORSHIP.

Sir.—Since my return home I have been shown your issue of the 24th ult., in which a correspondent signing himself "Old Liberal" recommends myself, among others, for the position of Lieutenant Governor.

Whilst I have no doubt that your correspondent uses my name with the kindest intention, I desire to say that I am no aspirant for the position. I deem it necessary to make this statement, as I assume that correspondents making such recommendations do so with the full knowledge and consent of the person recommended.

Yours truly, FRED W. HYNDMAN. Charlottetown, April 3rd, 1899.

ORANGEMEN AT CRAPAUD.

Favorable weather and fairly good roads brought out a large number to the dedication and social in the Orange Hall, Crapaud, last evening. It is estimated that four hundred people were present. The immense crowd was kindly asked to remain in the lower flat until the brethren were in readiness to receive the visitors in the upper hall where the dedication was to take place. When the word was given that all was in readiness the rush upstairs was immense.

Director of Ceremonies, Bro. W. D. Sherrin, seated the ladies who were present in large numbers, then followed the procession from the ante-room, two brethren carrying wands, brethren of the Orange Order, brethren of the Scarlet Degree, all dressed in proper regalia. Orders were given by the Director of Ceremonies to open the Grand Master, M. McLeod Past Grand Master B. H. Grand Chaplain M. McLeod passed up the hall. Taking their seats on the dais, they conducted the ceremony, assisted by brethren from all the primary lodges in the Crapaud district.

Bro. Simmons, Leavil, McIntosh and Moore led the singing, the audience all joining in. The ceremony was very impressive.

After the ceremony Bro. Wadman, on behalf of the Brethren of Prince Arthur Lodge, cordially welcome the Grand Lodge officers, visiting brethren from primary lodges, ladies and others who had come from a distance to be present, and assured all that it would be appreciated by the Brethren of Prince Arthur. Then followed speeches from the Grand Master, Past Grand Master Bell, Grand Chaplain McLeod, and the Master of Prince Arthur, all speaking in praise of the beautiful hall that had been erected and furnished, which they said was a credit to the brethren and to the neighborhood in which they lived.

The repeating of the Lord's Prayer, singing of the National Anthem and the pronouncing of the Benediction brought this part of the proceedings to a close.

The attraction was then in the lower hall where a large table was spread and a boiler of hot tea and coffee was ready to be served. This was provided by the good wives of the Orangemen, and moreover a large closet in the rear was filled with pies brought in by the good people of all denominations. The pies were disposed of for the benefit of the society. The little Crapaud man mentioned them off, good prices being realized. At intervals Messrs McLean and McDonald of Hampton, entertained the audience with choice selections from the gramophone, and Mr. Harry Moore drew sweet strains of music from the violin, assisted by Miss McLean, of Hampton, who played the accompaniments on the organ.

The whole affair was managed without a hitch, and the Brethren of Prince Arthur take this opportunity of tendering their sincere thanks to all who assisted to make it a financial success. The proceeds amounted to \$37.36.

Crapaud, April 1st, 1899.
