

THE DAILY EXAMINER.

DECEMBER 11, 1895.

THE DRESSED MEAT BUSINESS.

The Opposition press has many sneers for the Government on account of its proposal to promote the co-operation of farmers in the production of meat for sale in the home and foreign market. We select a few paragraphs from the Toronto Globe:

"Will the Ministry buy subsidized Australian meat for their canning factory, or will the flesh of animals born in the Canadian section of the empire have the preference?"

"In the two-rowed barley days the Ministry were sufficiently enterprising to strike out into new fields. Now they stick their noses into butter, cheese, cattle and other things already successfully in private enterprise."

"If the Government fails at the dead meat business it must not be regarded as a sign that a private firm could not make a success."

"A Governmental failure would be the most natural thing in the world, and anyone thinking of embarking in the business need not be discouraged by it."

These paragraphs show the spirit in which the leading agitators and papers regard the work which the Government is doing, and is going to do, for our farmers. Our farmers can judge for themselves whether or not that work is beneficial—whether or not it is worthy of anything better than sneers. We have heard those officers of the Government who have organized the dairy industry here referred to as the greatest benefactors of the country. What are they doing? They are persuading and inducing the farmers to abandon an unprofitable system of agriculture and to adopt a profitable system. They are persuading and inducing the farmers to cooperate in the production, manufacture and sale of articles drawing little from the soil and much from well pleased British consumers. They are affording means of reaching the outside markets. They are, in short, teaching the farmers how to do it. What the officers of the Government are doing in respect to butter and cheese they purpose to do in respect to the production of meat for export. For this the "Ministry" is sneered at by the leading organ of the Opposition.

"The Toronto Globe remarks that Sir Charles Tupper is coming over to be in it at the death." Of it hopes we presume!

"The Montreal Cotton Company last week declared the regular quarterly dividend of 2 per cent, and an additional 1 per cent, as a bonus, the latter being earned not by manufacturing but by selling at a profit a large quantity of goods bought as a speculation."

"A great manufacturing company in Massachusetts recently reported its workmen, on Saturday evening, seven hundred ten-dollar bills, each bill being marked. By the following Tuesday, four hundred and ten of these marked bills were deposited in the bank by the Saloonkeeper of the town. Five hundred and one hundred dollars had passed from the hands of workmen on Saturday night and Sunday, and left them nothing to show for their great sum of money but leaches and bad poverty in their homes. Well might these men cry out to the State: 'Save us from ourselves!' and their hapless wives and children: 'Save us from our husbands and fathers on the Lord's Day at least.'"

"Ottawa Journal: 'In some quarters color is lent to the idea that the coming of the elder Sir Charles Tupper is a party move, that even if he does not register the Government he will take an active part in party politics. Sir Charles is seventy-four years of age. It is seven years since he last resigned political office in Canada. He has time and time again expressed complete content with the office of High Commissioner; he has time and time again repudiated the idea that he will enter cabinet office; and if he did so he would stand in the light of his son. That he should consent to do so, save under tremendous party pressure, is inconceivable, and there is not the slightest evidence of such pressure."

"Montreal Gazette: It looks as if Mr. Laurier might find it advisable to stay in the lines of his Torres Vedras during the Montreal election. He cannot well come here to tell the voters that a Liberal story, that he is going into bankruptcy, because the people of Montreal see, in the expansion of their own city, the proof that Canada is going ahead. He cannot come here and tell us that the Liberals are a party because his party candidate is a three times convicted briber, a man upon whose sentence of civil disqualification has been passed by the courts for his proven corruption, and the sworn recipient of 'boodle' from a contractor with the Government of which he was a member. The standard Liberal speeches were not prepared for a city like Montreal and a candidate like Mr. McShane."

"According to the Ontario Board of Statistics, the value of farm buildings in that province increased in value in the period from 1883 to 1894, from \$163,000,000 to \$264,000,000. The value of farm implements in use rose from \$43,500,000 to \$51,500,000. The value of farm live stock grew from \$100,000,000 to \$111,500,000. That is, farm buildings increased in value by \$101,000,000, farm implements by \$8,000,000, and farm live stock by \$11,500,000. The extent of cleared land has also grown from 16,539,400 to 12,292,000 acres. The bulletin does not give figures of the quantity of live stock, owned by farmers, further back than 1892. From that year, however, it is learned that, taking 1892 and 1895, the farmers' cattle have increased in number from 2,029,140 to 2,150,103; sheep from 1,850,473 to 2,622,735; hogs from 996,974 to 1,299,872; poultry, from 7,078,973 to 7,752,840."

"Visit to the Creamery.—About thirty-five pupils of the Charlottetown Business College, with Principal Miller, visited the Central Creamery in Charlottetown this forenoon. They were very kindly received by Mr. Dillon and the butter-makers, and were shown all the different operations of converting the cream into the delicious butter sent out from the Central Creamery. They were very much interested in the process, and to a taste of the butter. It is needless to say that they came away delighted."

"Did you ever think of nice table linen as a Christmas gift? We are showing a splendid line just now—Moore & McLeod."

ST. JAMES' HALL.

EVERY seat in the spacious new hall of St. James' Church was filled last evening. Rev. Mr. Fullerton in the chair. A very pleasant entertainment was given under the direction of Professor Barrie, and the accompaniment of the organ, as well as the seating capacity of the new hall were tested. A congratulatory building committee and the congregation of St. James' upon the highly satisfactory result. The following programme was, upon the whole, well rendered,—one of the numbers being excellent:

Instrumental Duet—Overture to La Gazza Ladra—Miss Russell and Mr. Earle. Vocal Solo—"My Lady's Bower"—Miss Marion McKay. Reading—Mr. Harrison Carvell. Vocal Solo—"Carissima" Miss Belet. Inst. (Organ and Piano)—"De Hein Yelmauchen," Miss Stambles and Mr. Earle. Song—"Time and Tide"—Mr. Leslie Cook. Reading—Miss Hattie Brown. Vocal Solo—"Only a Year" (Waltz Song) Miss Bertha Nicholson. Vocal Solo—"Dance Nigre"—Miss Mabel Brennan. Vocal Duet—"List to the Merry Birds"—The Misses Earle. Cornet Solo—"Scottish Airs"—Mr. C. P. Fletcher. Reading—Miss Flo McKenzie. Song—"My Sweetheart"—Miss Florence Earle. Song—"I'm Sorry That I Did"—Mr. George Rogers. Vocal Solo—"Oh, Promise Me"—Miss Florence Earle. Inst. Quintette for Violins, Flute, Cornet, Piano—Messrs. Gordon, Hyndman, Johnston, Fletcher and Earle.

The chairman announced at the close of the entertainment that Mr. Justice Fitzgerald would deliver a lecture in the new hall on Tuesday evening next, his subject being "Abraham Lincoln."

ARRESTED ON A CHARGE OF FRAUD.

We learn that a man named A. L. Burke, of some place in the upper provinces, was yesterday afternoon arrested by police officer Campbell at one of our leading private boarding houses charged with fraud. Upon inquiry at the police office today we were unable to get particulars regarding the arrest and subsequent proceedings, as officer Campbell was not on duty.

We have endeavored since to obtain from other quarters the real facts in connection with the arrest and the cause which led to it; but beyond learning that the warrant was issued by Stipendiary Magistrate Palmer upon the information of Mr. Hugh McKinnon of North River, we were unable to ascertain anything definite. What the fraud consisted of we are unable to state today, as all the counsel have declined to give any statement for publication.

THE EXAMINER, however, intends to get at the bottom of the affair and for this purpose will, if necessary, rather than fail, send a representative to Mr. McKinnon's residence at North River and get a statement for publication. We trust that we shall be able to get all the facts for our readers, for what is rumored is true; the publication will be of interest to farmers and others.

PERSONAL.

The Miramichi Advance says: Mr. D. T. Johnston of Chatham, who has been chief accountant of the W. S. Loggie Company for several years, has resigned that position to take charge of the accounting department of the business of Messrs. Burns, Binns & Co. Barrister. Mr. Johnston left for Bathurst on Monday evening last, accompanied by the good wishes of many friends here, who, however are sorry to have the community lose so estimable a member. Among the Canadians who have recently been distinguishing themselves abroad are Captain George Mowat Duff, son of Lieut. Colonel Duff, Kingston, and nephew of Sir Oliver Mowat, and Captain Herbert Nanton, son-in-law of Sir Henry Joly de Lotbiniere. Both officers, who are graduates of the Royal Military College, Kingston, accompanied the Chitral Expedition and have been chosen by General Lowe and Colonel Leitch, Royal Engineers, out of forty-five officers, to take charge of the fortified forts of Chakdara and Malakand, on the English frontier.

B. I. S.—Regular monthly meeting of the Benevolent Irish Society this (Wednesday) evening at the usual hour.

EAST VIEW GENESEYS.—Mr. E. R. Brown, of East View Farm, last evening shipped one of his Guernsey bulls to Musquodoboit, N. S. The purchaser was Mr. H. A. Murphy.

POLICE COURT.—This forenoon Martin Power, for taking money from the person of a young man named McNeill, on the street, was sent up for trial in the Supreme Court. For drunkenness Power was sentenced to 40 days imprisonment. The charge of assaulting Augustus McLeod was dismissed.

LECTURE at MARSHFIELD.—Mr. Dillon will lecture at Marshfield this evening on butter making in winter and other matters in connection with the dairy industry. He will be accompanied by Principal Miller of the Charlottetown Business College, who will deliver a short address on Fruit Culture as practiced in the Annapolis Valley.

STEAMERS MOVEMENTS.—The St. Lawrence came through to Charlottetown from Point du Chene last night and has been laid up for the season. The rapid formation of ice in St. Lawrence harbor necessitated her withdrawal.

The Northumberland will leave for Halifax the last of the week to go into the dry dock, preparatory to going south for the winter.

The Steamer is moving as usual to-day, taking the mails.

BAD NEWS FOR THE GOATS.—The happy lot of the Aroostook farmer is sometimes referred to by certain journals as an example of the benefits of the great sixty million market. But a Fort Fairfield correspondent of the Woodstock Sentinel talks thus: "Lots of farmers in this, and in fact, all sections of Aroostook county, settling with their creditors by the easy payment plan, i. e., insolvency. Low prices of potatoes, and the indiscriminate running into debt are the chief causes. One day last week no less than four men were in town making arrangements to pay up this way. Sheriff and lawyers are busy in consequence."

Great Loss of Life in Italy.

Rome, Dec. 9.—Terrible gales have prevailed throughout Italy and along the coasts within the past 24 hours. Twenty or more wrecks are reported from various reports in which there was a great loss of life.

Fitzsimmons Declines to Meet Mahar.

Houston, Tex., December 9.—Robert Fitzsimmons yesterday declined to sign articles for a fight with Peter Mahar for Dan Stuart's \$10,000 purse. He says his terms are a \$20,000 purse and \$5,000 side bet.

Italians Killed by Abyssinians.

LONDON, December 9.—The Daily News has a despatch from Rome that virtually confirms the report that fourteen Italian officers and seven hundred men were killed by Abyssinians. The despatch adds that reinforcements that will be sent to the Italian troops will comprise six battalions numbering five thousand men.

What About the Paris Fund?

DUBLIN, Dec. 9.—John E. Redmond, leader of the Parnellite faction, in a speech yesterday urged evicted tenants to demand from Justin McCarthy an accounting of the Paris fund of \$125,000 allotted for the benefit of evicted tenants, which, he declared, has been expended to settle differences among the Dillonites, Healyites and O'Brienites.

Kaiser William Heard From Again.

BERLIN, Dec. 9.—Emperor William tonight received the presidents of the Reichstag and expressed the hope that their task during the present session would make satisfactory progress. His majesty then announced that he was of the opinion that the Reichstag should mark the anniversary of the foundation of the empire, he proposed to give a great fete at the imperial palace, at which he hoped to see both the present members of the Reichstag and those who belonged to that great epoch and are still alive.

Pay \$20,000 for a Husband.

INDIANAPOLIS, Dec. 9.—Mrs. Sarah Ray of Laporte, 74 years old, made an offer of \$20,000 to the young man who best pleased her, and George Brown, 26 years old, paid such assiduous court that she consented to marry him, it being shown that he was of good character and a representative of a good family. Mrs. Ray's relatives attempted to prevent the wedding by instituting proceedings, declaring Mrs. Ray of unsound mind. After an exciting trial a jury ruled in her favor. Fearing that she might be further efforts to break the match, Mr. Brown and Mrs. Ray ran away to Westfield, where the knot was tied. True to her promise, she gave the bridegroom a check for \$20,000.

General Booth's Scheme Hinges Here.

OTTAWA, December 9.—According to latest advices received here General Booth, who is now in Tasmania, has been telling the public that his over-the-sea scheme "hinges here." He had, he said, not yet fixed upon a site, and was still looking for one. He was inclined to go back to his first love, South Africa, where he had been presented with 20,000 acres of land, beautifully situated, with a fine climate, by Cecil Rhodes. But he is remembered that when the general visited Ottawa last year he talked with some of the ministers about selecting a site in Canada for his salvation army colony. But Mr. Daly says that no formal request has been received by the government.

The Manitoba School Question.

OTTAWA, Dec. 9.—The official announcement from Winnipeg that the Manitoba government does not propose introducing any legislation into the local house for the purpose of removing the educational grievances of the Catholics of that province, fully accords with preconceived opinions here. The bill which has been presented followed the course of events, or, at least, had an inkling of the negotiations which have been in progress for some time past. Parliament had been called, and called with a specific object of passing remedial legislation, which bill was presented to parliament, is drafted, and when its provisions are submitted to the judgment of the House and the country, it is thought they will find of such a character that every fair-minded man in the country will acknowledge the wisdom of the Catholics of Manitoba, under the constitution to separate schools, can accept them.

Peace Prevails Throughout Venezuela.

WASHINGTON, Dec. 9.—The Venezuelan minister here has received a cable-gram from Caracas stating that the revolution has been quelled and that peace prevails throughout the republic of Venezuela. No word has come here touching the receipt at Caracas of the British demand for an indemnity of £5,000,000, on account of the arrest at Trinidad of the Venezuelan chief of police, who is known to have returned to Caracas on the 8th of November from his vacation. It is presumed here that if this demand is made the Venezuelan government will inform the United States government of the fact and urge that this also may be properly regarded as a matter for arbitration.

LETTER BY SIR JOHN.

The following is a copy of a letter of introduction that was written by Sir John Macdonald, introducing Dr. Deane McLellan to Sena or Zach Chandler in 1874. Of itself it is an interesting document, and one highly prized, of course, by Dr. McLellan. It is also interesting as showing the quaint touch of humor that was one of the qualities of the late distinguished Premier of Canada:

OTTAWA, Feb. 23, 1874. Dear Mr. Chandler,—Encouraged by your kind attentions to me at Washington in 1871, I take the liberty of giving this letter of introduction to my friend, Dr. McLellan.

He is Professor of Surgery in your university, to which position he was appointed without any candidature on his part. He was selected on his own merits, and in consequence his knowledge of his profession, and his surgery more particularly.

Besides a thorough education in medical science, he has had a good training in practical surgery, from the circumstances of his having served for some time as a surgeon in the United States army during the late war. Indeed, I believe that the skill he there displayed was one of the causes of his being chosen for the chair of surgery in the university.

If you can show him any countenance and assistance, you will confer a great favour on me, as he is my particular friend.

I take this opportunity of asking you if you have not made all the arrangements for the annexation of Michigan to Canada. You may remember that on the consummation of that union her Majesty would be advised to create a Duke of Michigan, Marquis of Detroit, and Earl of Grand Rapids. I look back with pleasure to my sojourn in Washington in 1871, and to the agreeable acquaintances I made there. Believe me, dear Mr. Chandler,

Yours faithfully,

J. A. MACDONALD.

All About the Steamer Coila.

OTTAWA, Dec. 11. Polling in West Huron will take place January 14th, nomination on the 7th.

The Minister of Marine has received a letter from the Collector of Customs at Charlottetown asking if he might clear the steamer Coila for Barbados. The vessel had secured a certificated engineer, but no assistant engineer was procurable at that port. The vessel is a British steamer and does not come under the Canadian Act, consequently does not assume any responsibility.

Democratic Victory in Boston.

BOSTON, Dec. 11. Josiah Quincy (Democrat) defeated Mayor Curtis (Republican) yesterday by a plurality of about 4,500. The city government will probably be Democratic, and license is voted. This was the first election under the new city charter, which is in the Mayor's term two years, instead of one.

MUTTON FOR THE FARMER'S TABLE.

This luxury is not so often on the farmer's table as it ought to be. Many of those farmers even who have sheep do not use the meat to any great extent, but sell all the sheep that can be spared. It should not be so. Every farmer in Canada whose farm is fenced should raise some sheep for his own table. Mutton is a very wholesome food, and when properly raised it is also very delicious. Those who keep stocks of average size and who sell the bulk of their produce, should not fail to use the meat of some of the animals at home on their own tables. On the principle that the farmer should, as far as possible, provide his own living, he should do so, and he should also do so for the good reason that fresh mutton is a very wholesome food. The keep of a few sheep will never be missed on an average farm. In fact, if well handled, they will pay half their way by eating weeds and preventing them from going to seed. Any kind of good sheep will be suitable.
