NEW FURNITURE.

JOHN NEWSON.

Charlottetown, Feb. 25, 1892.

Our Sale

NOW GOING ON!

DISCOUNTS have been the order of the day. We cannot afford them as our goods are all marked plainly at what we consider the smallest paying profit, with discount for cash.

As an instance, an article is being sold in town at \$1.00, with 20 per cent. reduction, making it 80 cents. Our regular price has been and is 75 cents for the same article.

If the price on any goods changes at the factories we reduce as soon as we hear of it, and give our customers the benefit.

The WATCHES we sell now for \$7.50, \$10.00 and upwards are far better value than formerly could be given at these figures.

Our SOLID GOLD WATCHES, suitable for presentation, are elegant, substantial and reliable. We try every one before offering it for sale, and see that it is ready to perform properly.

Our fine REGULATOR in connection with a transit instrument, for taking observations, are great helps in this matter.

We are continually adding to our stock new designs in RINGS, BROOCHES, etc. See the new and fashionable MARQUISE RINGS.

Our ROLLER PLATE CHAINS are guaranteed to wear from five to twenty years, according to price paid.

Some of the above, together with much of our fine SILVERWARE, are of Canadian manufacture.

If we can get a home-made article of equal value with the imported we always do so and SAVE THE DUTY, but prefer to pay the duty rather than supply our customers with an inferior article.

See our KNIVES, FORKS and SPOONS.

See our SPECTACLES, which we take great care shall FIT and suit.

Some people wear their Glasses like the above.

The way we fit them.

If there is anything you wish for in our line, not in stock, we will endeavor to procure it. We solicit early orders.

E. W. TAYLOR,

Cameron Block.
