DANGER OF ATTACK ON CAPITAL LESS

Invaders Reported In Full Flight—Seville Surrenders Is Claim.

(By Alexander H. Uhl, Associated Press Staff Writer)
MADRID, July 24—(AP)—A rebel advance on Madrid from the northwest was smashed in a day-long battle in the Guadarrama Mountains and the government claimed tonight the danger of attack on the capital had been definitely averted for the present.

The invaders, driven off with heavy losses by several battalions of civil guards, assault guards and militia in the conflict of the rough mountain slopes, were reported tonight in full flight toward Segovia.

At Zaragoza, revolters were reported to have taken refuge in a church. Government forces were said to be steadily converging on the city in three directions—from Madrid, Barcelona and Valencia.

San Sebastian, Spain's summer capital in the north, was in the hands of loyal troops after a desperate struggle, the government asserted.

Rebels were holding out at Cordoba, the government said, but militia were pouring into the region.

Conditions "Horrible" In San Sebastian

(By Stanley P. Richardson, Associated Press Staff Writer)

WASHINGTON, July 24—(AP)—Wholesale evacuation of United States citizens beleaguered in Spain tonight was under way, but deep concern continued here over the safety of Ambassador Claude Bowers and over the killing of two foreigners protected by the United States flag.

Just before the arrival of a rescue ship—the coastguard cutter Cayuga—at San Sebastian, near where the Ambassador was cut off in his hillside villa, conditions there were described as "horrible."

As British, French and United States ships, collaborated in the work of removing foreigners from the danger zone, the American consulate at Barcelona established definitely that one of its Spanish employees was slain there while on a mission of mercy in an automobile flying the American flag.

His companion, a British subject, also was killed.

From the American Embassy in Paris, the state department received word from official French sources that Bowers had been seen, safe and well, since the start of the

Message From Sir Robt. Borden

(C. P. Cable By Guardian's Special Wire)

LONDON, July 24—Before leaving for the Vimy celebrations in France on Sunday, Sir Robert Borden, war-time premier of Canada, gave the Canadian Press the following message:

Around the stately memorial at Vimy we shall be gathered in solemnity and achievement it commemorates. It will long endure but not longer we trust than the memory enshrined in our hearts.

The living shall not stand there alone but in the midst of a vast concourse, a mighty congregation of the dead who will be with us and of us and those voices inaudible to the dull sense of flesh, speak ceaselessly to those whose spirit it attuned to these memories.

But in vain are those voices and fruitless sacrifice unless we, the living, consecrate ourselves anew to the purpose and endeavor that liberty shall endure, that public right shall prevail, that peace and goodwill among men and between nations shall be abiding upon earth.

So may God direct us.

Strike Fever Dying Down In France

(By George Hambleton, Canadian Press Staff Writer)

(C. P. Cable By Guardian's Special Wire)

PARIS, July 24—While civil war flames through Spain, France seems on the whole calm and unaffected.

The strike fever which for a time threatened to engulf the country is steadily dying down. Workers are again in the fields. Crops are moving. Yet sporadic outbursts in industry and on the land alike tell of bubbling effervescence beneath exterior calm.

Barges on the River Oise for a time held up traffic. Their dispute over wages is pending since July 1. As a demonstration they strung their barges across the river just above Porsam Beaumont Bridge.

Downstream came another string of barges owned by a company not involved in the dispute. They were unable to pass. The two sets of barges had long excited talks. The mayor of Beaumont was called in. The striking barges, relenting, opened the way to the craft not involved in the strike.

Dunkirk police staged a two-hour stay-in strike over demands which the Socialist council refused to consider.

Employers of metalworkers in the neighborhood of Belfort accepted the arbitral award of Roger Salengro, Minister of the Interior.

MANITOBA CAMPAIGN NEARS CLOSE

Some Closing Meet- ings Cancelled Owing to Outbreak of Infantile Paralysis.

(C. P. by Guardian's Special Wire)

WINNIPEG, July 24—Campaigning swung toward a close in Manitoba's general election tonight with voters getting ready to go to the polls Monday.

An outbreak of infantile paralysis caused cancellation of some closing campaign meetings in Boissevain and Deloraine constituencies in southwestern Manitoba but in all other ridings candidates were being kept busy.

Errick P. Willis, Conservative leader, and Russell Barrett, Liberal-Progressive opponent of Mr. Willis in Deloraine, cancelled their meetings in some localities because of the outbreak.

Although some meetings were cancelled in Boissevain, others were held. The Manitoba health department has banned gatherings of children but has not extended the ban to political meetings.

Premier Bracken, head of the Liberal-Progressive Government, returned to Winnipeg today after a tour of rural points during which he defended the record of the government and dealt with its request for mandates on aids to agriculture and other matters.

S. J. Framer, leader of the Manitoba Co-Operative Commonwealth Federation, will make his final address in his home constituency of Winnipeg.

Social Credit and independent candidates have been active in their individual constituencies, expounding the theory of basic deficits and high prices. William Sanders, president of the Manitoba Social Credit League, is the party candidate in Assiniboia, adjoining Winnipeg.

With S. S. Garson, Liberal-Progressive, elected by acclamation in Fairford, 130 candidates are seeking the 52 seats at stake in Monday's polling. Voting in the Pas and Rupert's Land has been deferred until Aug. 20. Premier Bracken is the government nominee in the Pas.

Polls will open in city and rural ridings at 8 a. m. (10 a. m. EDT) and will close in the cities of Winnipeg, St. Boniface, Brandon and Portage La Prairie at 8 p. m. (10 p. m. EDT) and in rural constituencies at 7 p. m. (9 p. m. EDT).

Accused Of Niece's Murder

(A.P. By Guardian's Special Wire)

ASHEVILLE, N. S. July 24—Sheriff Laurence Brown announced early tonight Prof. W. L. Clevenger of North Carolina State College had been "detained for investigation" in connection with the slaying of his niece, Helen Clevenger, here July 16.

Brown said the 54 year old brother, a member of the faculty at State College, was taken into custody soon after he arrived here from attending his niece's funeral in Ohio.

Deputy Tom Brown announced the release of Mark Wollner, 35 year old concert violinist, detained for questioning.

The sheriff declined to say if Clevenger was the man he had previously said he suspected of being the ravisher-murderer of the young co-ed and had promised to arrest by early tonight.

Clevenger works as a dairy specialist at the state college takes him upon frequent tours of the state and the 18 year old New York University honor student was accompanying her uncle on one of these trips when she was slain three days ago.

It was Clevenger who reported finding the body of his niece in her room at a fashionable resort hotel here at eight a. m.—seven hours after the hour officer fixed as the time she was slain by an intruder who first ravished her.

Sails In Search Of Mysterious Land

(A.P. By Guardian's Special Wire)

ARCHANGEL, U.S.S.R. July 24—The Soviet ice breaker Sadko sailed today for Arctic wastes in search of a mysterious "land of high mountains" not seen since 1810.

The ice breaker carried the most pretentious scientific expedition ever projected into the north by the U.S.S.R. It was prepared to stay two to three years if necessary although only a three-month journey was planned.

The ice breaker carried a floating laboratory, aviators, deep-sea divers and many scientists.

Smashing Victory For Govt. Troops

Control Of North Central Coast Of Spain Passes From Rebel Hands After Spirited Clash.

(By Robert Parker, Associated Press Foreign Staff)

(A. P. By Guardian's Special Wire)

WITH LOYALIST FORCES AT ENDARLAZA, Northern Spain, July 24—Liberal troops held control of the north central coast of Spain tonight after a spirited clash in which 55 rebels and an undetermined number of loyalists were killed.

Rebel leaders, driven to a camp outside Vera, acknowledged the government's smashing victory in a vicious encounter fought across the Bidassoa River near the ruined bridge at Endaragoza.

(Colonel Villanueva, Fascist commander in the northwestern sector, admitted at rebel headquarters the government militia had reoccupied San Sebastian and much of the territory surrounding the resort town.

(He estimated 4,000 rebels and loyalists died in the concentrated fire in the region of Vera, Irun, Endaragoza and Arizal.)

The day's major engagement in the coastal sector began when 300 soldiers and carabinieri attempted to cross the river by the ruins of a bridge dynamited several days ago.

The loyalist militia took positions on the river bank protected by machine gun nests and opened a steady raking fire across the stream.

For two hours, the attacks and counter-attacks continued until the rebel forces finally retired through the bullet-spattered country into their camp.

The fall of the city of San Sebastian climaxed intermittent shelling which reduced many buildings to ruins, the government commanders declared.

They also asserted their troops had occupied Guadalupe, overlooking San Sebastian, after a mutiny in the rebel ranks led by a sergeant and 20 soldiers.

(Three carabinieri who crossed the frontier at Bahobia and reached Hendaye, France, tonight said the rebels were marching on Behobia.)

(Other refugees brought reports

Party Platforms Manitoba Contest

Policies And Leaders Prominent In General Provincial Elections On July 27.

The Liberal-Progressive government of Manitoba in the general elections, July 27, ask for a mandate for four proposals:

1. A better deal for agriculture in the interest of every citizen of Manitoba.

2. A better deal for the provinces and municipalities in their association with the federal government.

3. Adjustment of municipal debts and a fresh start for people in farming areas hit by drought.

4. Lower interest rates on private, municipal and government borrowings.

Manitoba's financial record warranted lower interest rates on its borrowings, Premier Bracken declared in the party's manifesto. It would not countenance repudiation.

The new deal for drought area farmers implied, said Premier Bracken, that debts to the government for agricultural and direct relief during the last five years shall be wiped off.

The government promised furtherance of preventive remedies for human and industrial ills, maintenance of a reasonable standard of health, education and social services, development of promising industries and continuance of unemployment relief where necessary.

The premier proposed consolidation of the two per cent wage tax and the provincial income tax when conditions warranted.

HEARING HELD AT BOW STREET

George Andrew Mc- Mahon Claims He Was Hounded By Home Office — Is Remanded For a Week.

(By Roger Greene Associated Press Staff Writer)

LONDON, July 24—His eyes feverishly bright, George Andrew McMahon, the man who dared appeal King Edward with a revolver in his hand, sat through a rendition of his grievances against the government today.

At the close of his preliminary hearing in the grimy Bow Street police station courtroom, he was remanded to jail for one week on the plea of his counsel that the prisoner wished to testify himself and to call witnesses.

The bald McMahon whispered fiercely to his lawyer at one point in the court session while his face crimsoned.

He was charged specifically with producing a weapon "with intent to alarm His Majesty" as the King led his troops up Constitution Hill eight days ago.

Lunging forward in the prisoner's dock, he climaxed the hearing with his request, transmitted through Alfred Kerstein, that he be allowed to tell his own story of what he termed a three-year persecution.

He figured as witness depicted the scene in which he was chief actor on Constitution Hill. What he called a product of "my tortured brain" was read into the record. It was a letter sent Sir John Simon, the Home Secretary, in which

Increase In Bank Debits

OTTAWA, July 24—Increased spending by Canadians was indicated today in figures released by the Dominion Bureau of Statistics showing the amount of cheques passing through the banks in June and for the first half of 1936.

June's bank debits totalled \$3,135,659,349, a jump of almost 16 per cent over the June, 1935, figure of \$2,710,310,988 while the figure for the half year, \$17,246,882,587, showed a 13.2 per cent rise over that for the first half of 1935.

The June figure was 14.5 per cent greater than that for May with the gain distributed right across the country.

Gains chiefly in Halifax and Saint John boosted the Maritimes' total about 17 per cent above that of the previous June.

Biggest provincial percentage increase in the half year was British Columbia's. The Maritimes showed a gain of 14.1-2 per cent with debits of \$301,000,000.

Will Not Dispense With Missionary's Services In N.B.

(C.P. By Guardian's Special Wire)

PICTOU, N. S., July 24—The Maritime Synod of the Presbyterian Church in Canada defeated a resolution today stating "in the opinion of the synod the office of missionary-at-large in the province of New Brunswick should be dispensed with as soon as possible without installing any unnecessary hardship on the present incumbent."

The resolution was moved by Rev. D. G. Ross of Stellarton, N. S. during discussion of the report of the commissioners to the synod from New Brunswick.

Rev. S. J. MacArthur, the missionary-at-large, then outlined the work he had been doing the last two years. He said he had brought reports on Sunday Schools and Young Peoples Societies were also heard by the synod today. Rev. T. Owen Hughes of Cardigan, P. E. I. urged the formation of "a constructive programme embracing Young Peoples Societies."

At the morning session, Dr. C. Ritchie Bell of Truro read a paper on Dr. Thomas McCullough, founder of Pictou Academy. The paper was prepared by Miss Isabel McCullough of Truro.

His belief arose, they said, from the precedent established by Don Sturzo, a Sicilian priest who headed the second largest political party in Italy just before the advent of Fascism.

In addition Don Sturzo advocated such measures as distribution of land to those who worked it, and public ownership of municipal services—all without encountering opposition from the Vatican.

Sign Military Clause Of Anglo- Egyptian Treaty

(A. P. by Guardian's Special Wire)

CAIRO, Egypt, July 24—A military clause of an Anglo-Egyptian treaty was signed today following weeks of negotiation.

Although no official statement was made, political sources said the principal features were believed to be as follows:

1. Gradual reduction of the British army in Egypt, but only after the Egyptian army has been strengthened.

2. Considerable increase in the British Royal Air Force strength in Egypt.

3. Creation of an important British naval base at Alexandria.

4. Construction by Egypt of strategic roads to allow British troops to move through the country rapidly if necessary.

PROSPECTS OF BUMPER CROP SAYS MR. DENNIS

Prospects in Prince Edward Island for a bumper agricultural year were standing up despite odd reports of failure in certain crops, Hon. W. H. Dennis, Minister of Agriculture, stated last evening.

Reports had come from some parts of the Province of damage to wheat crops by disease or of crop failure, but generally prospects favored one of the Island's best harvests in years, Hon. Mr. Dennis said.

Root crops he described as "very good so far," while as far as quantity was concerned a fine crop of hay was assured. Although wheat was not grown in any great quantities on the Island, what there was showed promise.

The Minister of Agriculture said "only an odd field of potatoes had missed."

Items In Vimy Broadcast

OTTAWA, July 24—Broadcast by the Canadian Radio Commission of the unveiling of the Canadian war memorial at Vimy Ridge next Sunday will begin at 10.10 a. m. A. D. T. and continue until 11.45 a. m. It was announced today.

Following is the schedule of leading items in the broadcast over the Commission network (times A. D. T.):

- 11.18—Hon. Ian MacKenzie.
- 11.20—Speech and unveiling by His Majesty.
- 11.25—Last Post; two minutes' silence; Reveille.
- 11.26—Speech by the President of France: "Land of Hope and Glory."
- 11.43—Laying of wreaths by the King and President of France.
- 11.45—Conclusion.

It had been planned that Prime Minister Mackenzie King would speak from Ottawa and be heard at Vimy as well as on the Commission's network in Canada, but this plan could not be carried out owing to transmission difficulties.

Foreign Citizens Await Exodus

PARIS, July 24—(AP)—Harassed citizens of foreign countries tonight awaited exodus from revolt-ridden Spain in vessels pressed into service under an evacuation agreement with the United States.

With the situation reported steadily growing worse, apprehension increased for hundreds of citizens beleaguered by Fascist-Leftist fighting.

Questionable was the plight of United States Ambassador Claude G. Bowers, reported to have taken refuge at Fuenterrabia, a fortress nine miles northeast of San Sebastian, resort town where the Ambassador had been summering.

The remainder of his embassy staff was believed to have locked themselves in the Continental Hotel.

(At Washington the State Department said it was informed by official French sources that the Ambassador was safe and well.)

HEADS LEAGUE TO COMBAT TUBERCULOSIS

Mr. Stewart Jones Is Elected President— Miss Olive Ings Ap- pointed Health Nurse.

Organization of a committee of management in connection with the recently formed Prince Edward Island Tuberculosis League was completed at a meeting last night, at which Mr. Stewart Jones, Charlottetown, was elected President.

Other officers elected were: 1st Vice President, Mrs. W. R. Shaw, St. Catharines; 2nd Vice President, Mrs. L. A. Arsenault, Abraham's Village; Secretary, Dr. P. A. Creelman; Treasurer, Mrs. Fred Gates, West Royalty; Directorates, Mrs. J. A. MacDonald, Cardigan, Mrs. David Wright, Lower Montague, Mrs. George Martin, New Perth, Mrs. Major Townsend, Sherbrooke, Miss Lulu Yeo, Northam.

The application was accepted of Miss Olive Ings as public health nurse to work in connection with League activities. Miss Ings is a graduate of the Toronto General Hospital and holds a public health diploma from the University of British Columbia. She has served in Dr. Grenville's hospital at St. Anthony, Newfoundland, and with the Federal Department in health work among the Indians of Northern Ontario. She was also engaged for two years in public health work in Esquimaux, B. C., and last year in similar work in Weston, Ontario.

It is a matter of satisfaction to the League that it has been able to obtain the services of one of Miss Ings' experience and qualifications.

Plans for a vigorous anti-tuberculosis campaign are now being formulated by the League.

Broadcast Report Of Madrid Mutiny

LISBON, Portugal, July 24—(AP)—The rebel radio station at Tetuan, Spanish Morocco, claimed tonight two infantry regiments in Madrid had revolted against the Liberal government and that fierce fighting had broken out in that capital.

The announcement said the insurgents had cut off the electric and water supplies in Madrid.
