MUSICAL REHEARSAL.—Mr. Earle begs to announce that the rehearsal of the music for Miss Willard's lecture will be on Monday evening, at 8.30 sharp, instead of this (Saturday) evening. UNREGISTERED MEDICAL PRACTITIONERS are reminded that the register of the names of persons entitled to vote for and eligible to election to the first Medical Council of P. E. Island (Medical Act, 1890) is required by law to be closed on Monday next, June 2nd. CARRIAGE DAMAGED.—A horse owned by His Honor Judge Peters became fractious near the market house this afternoon, and, before he could be brought under control, succeeded in kicking a hole through the dashboard of the carriage. Miss Peters and coachman were in the carriage at the time. POLICE ATTENTION.—We have been requested to call the attention of the proper authorities to a new drinking den in the immediate neighborhood of the new Catholic Cemetery on St. Peter's Road. The nights are described as simply hideous with the cries and blasphemies of drunken men and even boys. The burial ground authorities, together with the respectable residents of Royal East should move in the matter, and move at once. PHOTOGRAPHIC.—We have from the studio of Mr. Lewis, a very fine photographic view of St. Peter's Church and the Holy Commemorial Chapel attached to it. This is one of the best products of the photographic art that we have seen. Every detail is clear and accurate. The surrounding trees just bursting into leaf make the picture beautiful as well as ecclesiastical. The picture is a decided hit on the part of Mr. Turner, and will reflect credit upon Mr. Lewis's establishment. NEW STEAMER.—The Halifax Herald says: Pickford & Black have asked for tenders to construct the hull of the new steamer which they will place on the eastern shore route to run in connection with the steamer Princess Beatrice. The steamer will be 120 feet long, 22 feet beam, being the same length as the Bridgewater, and two feet greater width. She will have accommodation for about 50 passengers, and several of her staterooms will be on deck. DESTROYED BY FIRE.—We regret to learn that the dwelling house and outhouse of Mr. William McGregor, Lot 16, were totally destroyed by fire early on Thursday morning last. Very little of the household effects were saved. A quantity of oats, barley and wheat, a buggy, buffalo robes, etc., stored in the outhouse, were destroyed. It is not known how the fire originated. The house was insured in one of the companies represented by F. W. Hyndman, Esq., for \$500. None of the furniture or the contents of the outhouse was insured. VILLA AND PASTURE LOTS.—Those who desire to obtain villa and pasture lots in the vicinity of Charlottetown, (at their own prices) will, of course, attend the auction sale of the property of the late George Davies, by Robert Bearsto, on Monday next. The building lots that are to be sold front on the Brighton Road and have a southern aspect. A better location for suburban residences could not be pointed out. Remember the hour at which the sale will take place, viz., 11 o'clock. TURNED UP TOO SOON.—Jas. Dillon, a well-known citizen of Eyrrell County, N. C., who has been missing a year and who was supposed to have been drowned, has just turned up. It seems he put up a job on a life insurance company, but had become tired during consequent litigation and returned just as the company was about to pay the money. He overturned a boat in the presence of persons from shore and swam under water to land without being perceived. Later he found the corpse of a drowned man, recognized it in his clothes and placed it near the spot and then went into hiding. The body was subsequently identified as his by 25 persons.

SPECIAL DESPATCHES TO THE EXAMINER.

Quick Work.

HALIFAX, May 30. The cable steamer Nunia has returned to port after accomplishing a feat of submarine cable work that Capt. Trott claims has never been equalled in the same space of time. The Nunia left Halifax at 6 o'clock on Monday evening last to repair the short cable between St. Pierre, Miq., and Duxbury, Mass. The break was located at a spot 90 miles from this point, and while at work there Captain Trott was notified of a break in the main line of the Direct Cable Co., and instructed to proceed immediately and repair the same. He completed the repairs to the auxiliary cable and then steamed to the break in the main line, 290 miles from Halifax. This was speedily located and repaired, and by midnight on Wednesday the direct line was again in working order. In the accomplishment of this feat three days were occupied in steaming.

Railway Disaster.

SAN FRANCISCO, May 30. An Oakland narrow gauge local train ran into an open draw over San Antonio Creek, on Webster Street Bridge, Oakland, at 1.40 this afternoon. The engine, tender and first car, the latter crowded with passengers, went through. Probably 25 people were drowned. A yacht had just passed through the draw when the train appeared at the bridge. The keeper endeavored to close the bridge, but it was too late. The second car ran about a third of the way across the bridge and stopped. The jar was sufficient to break open the front of the car, and many passengers were thrown into the water. A number of passengers were picked up by the yacht and boats. Nineteen bodies have been recovered from the coach. The engineer and firemen were saved.

Ottawa Notes.

OTTAWA, May 30. Copies of the new extradition treaty have been formally received from the colonial office. The regulations under which six commissions will this year be granted to members of the Canadian Active Militia have been slightly amended. All information will be afforded to applicants through the ordinary military channels.

News From Halifax.

HALIFAX, May 30. The thirteen-year-old son of Donald Morrison was instantly killed at Sydney Coal Mines by being run over by an incoming trap. Five thousand dollars worth of lobsters were destroyed by the storm on the Cape Breton coast, a few days ago. Rev. C. B. Pitblado, of Santa Rosa, California, is in town. He will probably return home via Winnipeg and Vancouver.

Another Defaulter.

PHILADELPHIA Pa., May 30. John C. Fill, late manager of the mother and orphan home, is a defaulter for over \$30,000. He had been treasurer of the home since 1872. He helped himself to the Endowment funds of the institution and to cover his stealings made fictitious mortgage bonds, and stock figures as investments in the annual reports.

After Sugar Refineries.

HALIFAX, May 30. It is reported that an English Syndicate is negotiating for the purchase of the Nova Scotia Sugar Refinery. The Syndicate will also, it is said, endeavor to get possession of the Woodside Refinery, at Dartmouth, which has been closed for two years, and the refinery at Moncton.

Weather Bulletin.

TORONTO, May 31.—10 a. m. Moderate winds, fair weather; with higher temperature.

Personal.

Mr. Justice Hensley returned from Halifax last evening. George Forbes, Esq., M. P. P., Vernon River, is at the Osborne House. Mr. J. A. Morrison, representing Morrison & Musgrave, Halifax, is at the Hotel Davies. Mr. E. H. Norton arrived home from Rimouski last evening. Mr. John A. Rennick, representing W. V. Dawson, general paper dealer, Montreal, is at the Hotel Davies. We are pleased to see that George Peake, Esq., has quite recovered from his recent accident and is able to attend to business again. Mr. Racey, Manager of the Merchants' Bank at Woodstock, N. B., is to be married to a Dorchester lady one of these days. Mr. John Trainor, formerly of Charlottetown, will act as Manager of the Bank while Mr. Racey is absent on his wedding tour. We are pleased to notice the name of Mr. Arthur Mellish, of this city, in the list of graduates of Sackville College. Mr. Mellish held a distinguished place in his classes all through the course. He was admitted to the degree of B. A. at the convocation on Wednesday last, and had the honor of delivering the salutatory address in Latin. It is natural for girls to love flowers, but they sometimes forget that young men love them, too, and appreciate the refining and elevating influence of the fair ones' handiwork in the culture and study of a flower garden. Now, dear ladies, to have flowers, they must be planted now (it is useless to sow seed too late). Gay & Son have the plants, well rooted, for sale at the Charlottetown Market and at home. See advertisement in another column. may31dyw32

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as 'bright as a button.' It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. april90dyw4kly

It is now well known in nearly every part of the Maritime Provinces, and many orders have been filled for Quebec, Mass., and Maine.
