MASONIC JEWEL

Presented to Dr. Macneill by Prince Edward Lodge.

On Wednesday last Dr. R. Macneill, of this city, was invited to attend a meeting of the Masonic Lodge at Stanley Bridge, where he was presented with a magnificent gold Past Grand Masters jewel. Grand Master Macmillan and Past Masters T. A. Maclean and Darrach were present. An address was presented to the doctor, who has been a member of Prince Edward Lodge since its formation in 1885. He has always been active in the interests of Masonry. He is also an active member of the Supreme Council for Canada of the Scottish Rite, and is deputy for this Province.

The jewel was presented by Past Grand Master Maclean at the request of Worshipful Master Fred M. Morris. On the back is inscribed,—
 Roderick Macneill, M. D. 33 degree—
 from Prince Edward Lodge, No. 14,—A. F. and A. M.
 The jewel may be seen in Johnson and Johnson's window.

A splendid picture of H. M. S. Crescent forms the frontispiece of the August P. E. I. Magazine. You should have a copy. It's a good number.

SITUATION IN PEKIN.

Text of Dr. Morrison's Despatch to The Times

The following is the text of Dr. George Ernest Morrison's despatch to The Times: "There has been a cessation of hostilities here (Pekin) since July 18, but for fear of treachery there has been no relaxation of vigilance. The Chinese soldiers continue to strengthen the barricades around the besieged area and also the batteries on top of the imperial city wall, but in the meantime they have discontinued firing, probably because they are short of ammunition.

"The main bodies of the imperial soldiers have left Pekin in order to meet the relief forces. Supplies are beginning to come in and the condition of the besieged is improving. The wounded are doing well. Our hospital arrangements are admirable and one hundred and fifty cases have passed through the hospital.

"The Tsung Li Yamen forwarded to Sir Claude MacDonald a copy of a despatch telegraphed by the Emperor to Queen Victoria, attributing all deeds of violence to bandits and requesting Her Majesty's assistance to extricate the Chinese Government from its difficulties. The Queen's reply is not stated, but the Chinese minister in Washington telegraphs that the United States Government would gladly assist the Chinese authorities. This despatch to the Queen was sent to the Tsung Li Yamen by the grand council on July 3rd, yet the day before an imperial edict had been issued calling on the Boxers to render loyal and patriotic service in exterminating the Christians. The edict also commanded viceroys and governors to expel all missionaries from China and to arrest all Christians and compel them to renounce their faith. Other decrees applauding the Boxers speak approvingly of their burning out and slaying converts. The leaders are stated in a decree to be princes and ministers.

"On July 18 another decree made a complete volte face du to the victories of the foreign troops at Tien Tsin. In this decree, for the first time and one month after the occurrence, an allusion was made to the death of Baron Von Ketteler, the German minister, which was attributed to the action of the local brigands, although there is no doubt that it was premeditated and that the assassination was committed by an imperial officer, as his survivor, Herr Cordes, can testify.

"The force besieging the legation consists of the imperial troops under General Tung Lu and General Tung Fuh Siang, whose gallantry is applauded in military decrees, although it has consisted in bombarding for one month defenceless women and children cooped up in the legation compound, using shell, shrapnel, round shot and expanding bullets. The Chinese throughout acted with characteristic treachery, posting proclamations assuring us of protection, and the same night made a general attack in the hope of surprising us.

"There is still no news of Pei Taog cathedral. The wounded number 138, including the American surgeon Lippitt, severely wounded, and Captain Myers, who is doing well. Seven Americans have been killed.

"All the ministers and members of the legations and their families are in good health. The general health of the community is excellent, and we are contentedly awaiting relief."

After enumerating the casualties already reported, and giving the total of deaths, including Americans, as 56, Dr. Morrison proceeds as follows: "The Chinese undermined the French legation, which is now a ruin; but the French minister (M. Pichon) was not present, having fled for protection to the British legation on the first day of the siege.

"The greatest peril we suffered during the siege was from fire, the Chinese in a determination to destroy the British legation by burning the adjoining Han Lin Yuen (national college), one of the most sacred buildings in China, sacrificing the unique library."

Dr. H. P. Wright, Dentist at Mt. Stewart, in order to extend the radius of his practice is giving special inducements lasting until September 1st, during which time he will spend a week in each of four places as follows:—July 29th to Aug. 5th, at Morell; Aug. 5th to 12th, at Head of St. Peter's Bay; 12th to 19th at Peake's Station; 19th to 26th at Cardigan Bridge.
 July 17th.
