KEMSLEY INTERESTS

Kemsley interests include four Sunday newspapers, three with national circulation, a string of provincial papers and a large printing plant at Withy Grove, Manchester. Thomson and Beaverbrook, the two Canadians, are forthcoming neighbors not only on Fleet Street—where Thomson will make his headquarters after completion of the Kemsley deal—but on the French Riviera. Both have villas at Cap d'Ail.

Benefits

(Continued from Page 1) speech that observers agreed was perhaps the best of his Commons career. He made no reference to Premier Smallwood's demand earlier Tuesday that he and James McGrath—P.C.—St. John's East should resign and return to Newfoundland, "in whose betrayal they are participating."

PROVISIONS OF BILL

The government bill on which Mr. Browne spoke would provide Newfoundland with special federal payments of \$8,000,000 a year less the declining transitional grants—dropping to \$350,000 in their 12th and final year in 1960-61. The bill also provides that the payments will end March 31, 1962, a fact that has brought bitter criticism from Premier Smallwood.

RESULTS OF LIBERAL RULE

Dealing with the Atlantic provinces generally, Mr. Diefenbaker said the Conservatives had seen the results of 22 years of Liberal rule and had brought into effect special grants to counteract it. "We will follow this policy to the end that there will not be the inequality that existed for so many years," he said. Mr. Pickersgill said the prime minister had engaged in a usual "100-per-cent diversion" from the real subject.

SPEEDSTER

Police did a double take Saturday when they saw this car clip through a speed trap at 40 miles-an-hour in Ottawa. Here Peter Drummond beams fondly from the driver's seat of his 1909 Ford—it was 50-years-old yesterday—just after he was tickled for speeding. The old car is one of the few restored models of its kind in Canada and is valued at between \$2,000 and \$3,000.

Royal Tour Resumed As 3-Day Respite Ends

KAMLOOPS, B. C. (CP)—A whistle-stop train ride through some of British Columbia's most historically colorful country highlighted the Royal Tour Tuesday as Queen Elizabeth and Prince Philip ended a three-day holiday. The Royal Couple rejoined the train here to face four of the most hectic days of their 44-day Canadian tour after flying from their resting place at isolated Pennask Lake, 50 miles away. Sun-tanned and refreshed, they arrived ahead of schedule and had to wait five minutes for the train. The Queen wore a gold and white basket-weave printed suit with white accessories and a hat veiled in buttercup yellow—a complete change from the navy slacks and red sweater she wore most of the time at Pennask Lake. POLICE GIVEN SCARE Police were glad to see the Royal Couple back on their journey after a scare they gave them Monday. RCMP nearly sent a search party when the Queen and Prince Philip did not return after a 4 1/2-hour fishing trip by themselves in a motorboat. However, Prince Philip brought the boat safely to the dock before a search party could be sent out. A former chauffeur to the Queen's father, King George VI, was presented to her. Sam Wood, 62, chauffeur to the King from 1917 to 1930, recalled how the young Princess Elizabeth liked to sit in the front seat of

HOW YOUR LIVER BILE BREAKS DOWN FAT

Laboratory tests have now proved that liver bile emulsifies fat... actually breaks it down. It is an established medical fact that when liver bile is added to fatty solids, the fat is broken down and forms a smooth, easy-flowing mix. In your body, precious liver bile helps break down fat the same way. Many foods reach the digestive tract as undigested fatty solids. Your golden liver bile helps break down this fat... unblocks it... for easier and more complete digestion. Carter's Little Liver Pills exclusive formula of natural, vegetable ingredients relieves irregularity gently and effectively. At the same time, it actually improves the flow of liver bile needed to break down fat in your body. So when you feel sluggish, headachy, nervous and need a laxative, get Carter's Little Liver Pills. Remember, Carter's not only relieves irregularity, but actually improves the flow of liver bile needed to break down fat.
