Sexual Assault is a problem of increasing proportion and unfortunately there exists in Prince Edward Island a common perception that because of our size, this is something we do not have to worry about. This attitude is not particularly realistic. The number of incidents involving sexual abuse on the U.P.E.I. campus warrants the introduction of a program designed to inform and protect students. The cards being distributed by the Student Union contain critical information on what to do if you are raped. As well, throughout the year we hope to offer mini-courses on self-defense and develop a buddy system on campus during peak study periods. This organization is very young and needs people who are willing to dedicate time and energy to this crucial issue. Anyone who would like additional information or wants to volunteer their support, please leave your name and phone number at the Student Union with Jack Keefe, Kim Gass or myself.
