

Contrasting Memories Noted As War Anniversary Marked

From AP-Reuters
 BERLIN (CP)—Sharply contrasting ceremonies east and west of the Communist wall in Berlin have commemorated the 20th anniversary of the start of the Second World War.

In West Berlin the three Allied commanders joined Mayor Willy Brandt in wreath-laying ceremonies honoring the dead of history's bloodiest and most devastating war.

East Germany's Communist ruler, Walter Ulbricht, chose the day to blast West Germany as a country packed with imperialists and militarists ready to wreck the world again.

Ulbricht spoke to the Volkskammer, East Germany's Communist-dominated parliament. The Volkskammer building is at Luisenstrasse in East Berlin, barely a mile away once stood Berlin's Knoll Opera House, where Adolf Hitler told an emergency session of the Ger-

CPR Official Explains Bids For Business

LAKE LOUISE, Alta. (CP)—Technology and new marketing approaches are being used to provide greater use of railway services and hold down freight costs, N. F. Cowie, Montreal general manager for Canadian Pacific Railway, said here.

Mr. Cowie told the opening session of the 16th Dominion Provincial Coal conference that last year the average CPR

freight revenue for each ton-mile was less than 13 cents.

"On coal movements from Michel to Fort Moody, B.C.," he said, "the revenue per ton-mile is less than the price of a book of matches."

To keep costs low, Mr. Cowie said, railways have introduced special equipment and new services including:

1. A piggyback service for industries located away from rail lines.
2. Coordinated road-rail air-ship service for small shipments.
3. An integral train service for carload shipments.

For integral train service, he said, the railways have to have long-term traffic guarantees of some sort because, as with any special purpose equipment, "the initial cost is usually high and utility in other service is typically low."

Police Officer Cleared In N.Y. Negro Shooting

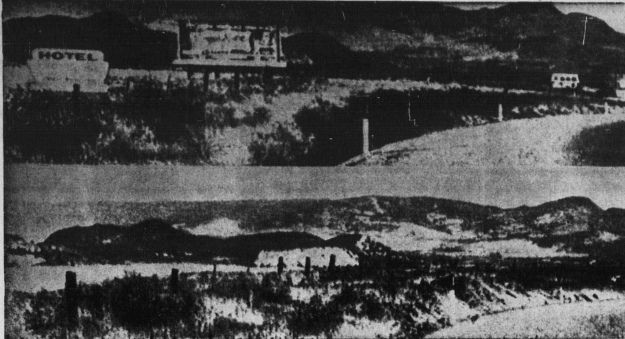

NEW YORK (AP)—A New York grand jury has cleared a police lieutenant of any criminal liability in the fatal shooting of a Negro boy which touched off a series of Harlem riots.

The grand jury had investigated a lengthy slaying of James Powell, 15, by Lieut. Thomas Gilligan on a street near a school building in July 1963.

The shooting had brought widespread demands from civil rights groups for suspension of Gilligan from the police department, his prosecution on criminal charges and a civilian board to review police action in such cases.

James Farmer, national director of the Congress of Racial Equality, immediately issued a statement saying in part:

from retirement on the Island days. Some in the audience wept as they sang along with the hymns of the British Sunday night in Grace Fields. Grace emerged

India Makes Appeal For Grain Shipments

By PETER JACKSON
 NEW DELHI (Reuters)—India has made an urgent appeal for grain to ease a food shortage following the hold-up of foreign imports and flood damage to crops.

A spokesman said the United States and Britain had been asked to divert four ships carrying 40,000 tons of wheat from Australia to England.

In London, a Commonwealth official spokesman said the grain would probably be diverted as requested. Contacts were made with grain buyers in London concerning their agreement to the diversion, official sources said.

India also asked for diversion of any ships that might be carrying grain to Pakistan. The U.S. and Britain were to pass on the requests to Australia and Pakistan.

The Indian plea is seen as an indication of the seriousness of the food situation.
