

THE DAILY EXAMINER.

MAY 17, 1893.

Notes and Comments.

Mrs. Anna Potter ran recently for mayor of Kansas City. Her sworn statement of expenses is as follows:

"Juvenile colored band, \$25; band wagon, \$5; another band wagon, \$5; band, \$24; tickets, \$18.50, four banners, \$2. Total, \$79.50."

Unfortunately for Mrs. Potter she only obtained 25 votes.

Mr. L. H. Davies recently informed the Boston Herald that the new grip policy was about as follows:

"We shall eliminate from the present tariff its protective principle, reducing it down to a purely revenue tariff, with free trade as the ultimate goal."

This should be pleasing to all sections of the party. Its indefiniteness is refreshing.

A Boston paper recently made a sneering remark to the effect that the Canadian public debt was so large as to make the country practically bankrupt.

Yet during the part of the fiscal year which has expired the United States' revenue has not met the expenditure, while Canada has a handsome surplus.

It will be necessary for the next United States' tariff revision to increase the aggregate taxation. It is expected that the Finance Minister of Canada will be able in his next budget to introduce measures for the reduction of taxation.

The London Daily Chronicle, referring to the extradition treaty which has been negotiated between the United States and Russia, and which the United States senate has ratified in secret session, says:

"We cannot understand the motives of the senate in conceding to Russia what was refused to Great Britain and France. Mr. Cleveland has made the American government the watch dog of Russian absolutism, as forty years ago it was the slave catcher for southern planters. It will be long ere this blot on Mr. Cleveland's escutcheon will be wiped out."

Notes for Cheese-makers for May in the title of a bulletin just issued by Prof. Robertson, Dominion Dairy Commissioner, a copy of which has been received by THE EXAMINER. The bulletin contains a splendid article on spring dairying, and concludes with the advice to every cheesemaker in the country to brand or stamp the word "Canadian" on every cheese and box.

A pattern shows the word "Canadian" in plain large letters, surrounded by a stencil border of maple leaves. The bulletin also contains a reprint of the act passed last session "To prevent the manufacture and sale of faked or imitation cheese, and to provide for the branding of dairy products."

President Cleveland has caused to be published a notice that he will see no more office-seekers. The Washington correspondent of the Moncton Times says:

Mr. Cleveland's decision is not of the slightest public importance, nor is it the first time that he has taken the same steps. He issued a similar notice in 1885. In this case, to use a little slang, it is believed to be a "put-up job" between the President and Senators and Representatives of his party to "freeze out" the large number of office-seekers who have come to Washington on their own hook, and were acting entirely independent of the aforesaid Senators and Representatives. It acted all right so far as the White House is concerned, but the crowd has swooped down upon the members of the Cabinet to such an extent that they are considering the advisability of refusing personal interviews of office-seekers.

It is sometimes said that Canadians are over-enthusiastic regarding the Old Flag, and that Englishmen themselves do not exhibit so much loyalty. The following description of an incident at a great political meeting held recently in Albert Hall, London, is therefore instructive as well as interesting:

"The rapture over the Union Jack was another glowing incident. The flag was brought down the hall and planted by the chairman's place in the centre of the platform. The whole meeting jumped to their feet, cheered and shouted joyously. When the speaking commenced the flag was taken away. But this was not tolerated. Although the Duke of Abercorn was on his feet, he could get no hearing. From all parts of the hall came indignant cries of 'The flag! the flag!' His Grace saw what was wrong, and at once had the flag brought back, and with his own hand helped to place it in position. A tumultuous burst of cheering welcomed the reappearance of the beloved flag."

Nearly 1,250,000 acres of land in Manitoba and the Territories were surveyed for settlement last year. This season this amount will be greatly exceeded, as land is wanted for settlement. A number of Dominion land surveyors are already in the field. Others are on their way and arrangements are well advanced for sending out the remainder. There will be four parties in the district between Prince Albert and Yorkton employed on sub-division surveys of township outlines; boundary marks, etc. Thomas Pawcett will have charge of this survey. Mr. J. S. Dennis, the chief inspector of surveys, has three parties under him doing similar work in the district surrounding Edmonton. There are two parties working in the foothill country near the Rocky mountain. One under Mr. C. F. Miles will work from the international boundary to Calgary. The other under Mr. F. W. Wilkins will operate between Calgary and Edmonton. Mr. R. Bourne has another party working with him in Manitoba. In addition to doing some sub-division work in the Lake Dauphin district the party will do some odd work here and there through the province. Mr. John Vicars has a party under him in British Columbia, and has been at work there for some time past. There are in addition to these surveyors, who are paid by the day, 14 contractors for sub-division of townships, whose work is calculated to average \$5,000 each. The townships under contract are all between Calgary and North Saskatchewan.

Nothing more affecting or pathetic than Mr. Murphy's singing of "A Handful of Earth." The tears flow from the eyes of the fair as well as from the sterner sex. It will be sung at the Lyceum to night.

Another lot double width dress goods at 25 cents per yard just received, the best value in the city.—Stanley Bros.

Theatrical.

The John S. Murphy Company gave an excellent presentation of the Kerry Gow at the Lyceum last evening. The audience was large, the building being packed to the door. The acting all through was excellent, and the scenes good. Mr. Murphy made a splendid "Dan O'Hara," and Miss Carolyn Elberts was excellent as "Nora Drew."

Mr. J. K. Hutchinson impersonated the character of "Raymond Drew" well. The part of "Valentine Hay" was capably taken on by Mr. Kilday; and "Mr. O'Drive," his right bower, was well acted by Mr. Sheehan. Mr. Scott and Mr. O'Day impersonated the characters of "Major Gruff" and "Patrick Drew" in fine style; and Mr. Richardson as "Captain Basil Sydney" looked the part and acted it well.

The stutting "Sergeant Bull" created considerable amusement; and the part of "Danis Doyle," Dan O'Hara's friend, was well taken by Mr. A. W. Palmer. Miss Josie Bacon as "Alice Doyle," acted her part splendidly, and Miss Ella Baker as "Boy Billie" was also good. The arrest of "Dan O'Hara" in the first act was a capital piece of acting, the scene between "Dan" and "Nora" being very fine. The forge scene in the third act was also good, a horseshoe being made and a horse shod in full view of the audience. In this scene "Boy Billie" introduced a song and dance which was very captivating. The racing scene in the last act, and the arrest of "Valentine Hay" and his companion in villainy "O'Drive," were also cleverly enacted. To-night "Shaun Rhue" will be put upon the boards, and to-morrow evening "The Kerry Gow" will be repeated for the benefit of those who could not obtain seats last evening.

A NIAGARA COUNTY FARMER INVESTS \$2,900, BUT LUCKILY RECOVERS IT.

David L. Roylton, Niagara county, New York, on Monday made complaint to the chief of police that he had been defrauded of \$2,900 by two men giving the names of D. L. Hadley and B. A. Wells, of Chicago. Roberts made their acquaintance last April, when Hadley called at his home and invited him to accompany him to Buffalo, where Hadley said he intended to establish an agency for a patented article indispensable to the household. He offered Roberts \$100 a month and expenses to act as agent at Buffalo, and Roberts abandoned the farm to accept the offer. The patent article turned out to be a flat iron, which Hadley assured him was having wonderful sales all over the country. Being taken with Roberts' ability, Hadley offered to sell him an interest in the business for \$5,000, but finally compromised on \$2,900, all the cash Roberts had. Roberts, Hadley and Wells met at the Stratford house, Buffalo, on Sunday and closed the bargain, Roberts turning over the cash. When he acquainted his friends with the facts they started an investigation, which resulted in the issue of warrants for the arrest of the two men, who were captured by the police on Monday as they were about to leave the town. The money was recovered.

Personal.

Mr. West Hyndman left the Island for Winnipeg this morning. We wish our young friend success.

Messrs. O. Jones, J. L. Harris and E. E. Ayer crossed over to the mainland today. They will probably bring back with them some of P. E. Island's celebrated horse-flesh.—Moncton Times.

A writer in the Halifax Mail says: Thursday afternoon Captain Wright, of the Guineas, who is spending a few weeks in town, gave his lady friends a charming drive to Waverly. The day was simply lovely and the visit to the mines most interesting. Some of the ladies went down the shaft and saw for the first time in their lives a gold mine. A dinner given in Mrs. Beech's well-known style and a drive home in the evening completed everyone's enjoyment.

Mr. Fred G. Harvie, son of Henry A. Harvie, Esq., of this city, will leave for Halifax on Friday morning to take a position in the wholesale drug house of Brown & Webb. For five years past Mr. Harvie has been manager of Dyer's drug store, in Alberton, and previous to that time he was in the employ of the Apothecaries' Hall Company. He is a thorough master of his business, and Messrs. Brown & Webb are to be congratulated upon being so fortunate as to secure his services.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while outcrying. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. ljr

1893 SWIFT!

THE 23 "SWIFT" is the best wheel made in ENGLAND, and that it is second to none in AMERICA, any unpunctured wheelman will give a fair test of this Swift's powers.

Here are a few plain reasons why the SWIFT, made by the Coventry Machinists' Company, is the best in the world, is the acme of all that is great and good in a strictly high-grade wheel.

BECAUSE it is simple, and the adjustment and bearing accurate.

BECAUSE it is light and strong—correct proportions not weight give strength.

BECAUSE its rubber tread chain reduces friction to a minimum.

BECAUSE it is not possible to make a better wheel.

Many more equally strong reasons can be given why the "SWIFT" is THE wheel. I will have a sample wheel here in a few days. Had your orders until you have seen it. Now is the time to buy the "SWIFT."

Terms Cash; or to those who prefer, on easy instalments.
