AWARDED DAMAGES

OAKLAND, Calif., — Anne Elizabeth Gottsdanker, 8, shown here yesterday with her mother, Mrs. Robert Gottsdanker of Santa Barbara, Calif., was awarded $125,000 damages by a jury here last night in a suit against the Cutter Laboratories of Berkeley, Calif., on grounds that the child was crippled by polio after receiving allegedly defective vaccine manufactured by the Cutter firm. Dr. Robert K. Cutter, firm president, announced that he would appeal the verdict.

DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS

Toronto: Market mixed to lower in moderately active trading.

New York: Market lower; late decline.

Montreal: Market irregularly higher in selective trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar Thursday closed at a discount of 1⅞ per cent in terms of Canadian, unchanged. Pound sterling $2.76½, up ⅛.

TORONTO

TORONTO (CP) — The stock market lost most of its early edge and closed mixed to lower in moderate trading Thursday.

Although the final volume of 3,496,000 shares was the heaviest in seven sessions, half a dozen low - priced mining stocks accounted for one-quarter of the total while the rest of the board had an average amount of trading.

Base metals held some of their gains but the index lost half of its early advance to close with a one-half point gain. Western oils were down more than one-quarter of a point and golds had a similar index loss.

Low-priced mines were active and in the first half of the session most of these added a few cents. The gains, however, were mostly wiped out by the end of the day. Senior base metals, with the exception of Noranda's 1¼-point jump to 38¼, were generalyl ahead in a fractional range.

Most western oils moved in a narrow range amid light trading. Pacific Pete, however, lost ½ at 18⅞ and a few issues dipped 10 to 15 cents.

Index changes: Industrials off .62 to 409.48; golds off .33 to 76.22; base metals up .41 to 149.04; western oils off .37 to 33.28.

MONTREAL

MONTREAL (CP)—Prices on the Montreal and Canadian Stock Exchanges Thursday moved higher in selective trading. Turnover was moderate. The upward trend penetrated all groups except the banks.

In base metals, Hudson Bay advanced a point to 44. Trans-Mountain Pipeline was weak among pipeline and refining oil stocks, dropping 1⅝ to 53¾. Canada Steamships declined 2 to 38.

Price Brothers climbed 1¼ to 38¼ in newsprints. Building products was up ½ to a new high of 38½ in constructions.

Speculative mines held the spotlight in the mines and oils section. Bouscadillac was active at 15 cents down 1½ cents. Grandroy lost 4½ cents at 43. Most other mines were up. Steep Rock closed with a gain of 25 cents at 9.25.

Industrial volume was 49,400 shares; mines and oils 451,600. Of the 225 issues traded, 77 advanced, 50 declined and 98 were unchanged. Five new highs for the year were registered and three new lows.

The exchanges' closing averages show banks off .07 at 45.36, utilities up .1 at a new high of 134.6, industrials up .1 at 232.5, combined up .2 at 199.9, papers up 6.60 at a new high of 1,070.03 and golds up .22 at 67.25.

NEW YORK

NEW YORK (AP)—An early stock market rally fizzled Thursday and prices closed lower in light trading.

Steels started on a fairly strong note. Chrysler and Royal Dutch also were higher and in demand early in the session. The rails added a bit to their substantial gains of Wednesday. but there was no carry - through to this cheery beginning.

Bethlehem Steel announced after the close that it had record 1957 earnings, as U.S. steel had done Tuesday.

By the close, most key stocks were off fractionally. The diminished volume removed emphasis from the decline.

The Associated Press average of 60 stocks dipped 60 cents to $162.40 with industrials down 80 cents, rails down $1.00 and utilities unchanged.

Hudson Bay Mining an Distillers-Seagrams were active and improved in the Canadian section of the New York Exchange, Hudson Bay gaining ½ and Distillers ⅜. Aluminium Ltd. and Canadian Pacific rose ⅛. International Nickel took a ¾ drop, McIntyre Porcupine was off ⅜ and Granhy Mining was down ⅛. Dome Mines was unchanged.

Shawinigan gained ⅜ on the American exchange. Most other Canadian issues were stable or fractionally off. The losers were Canadian Marconi, Molybdenite, Preston East Dome, Richwell and Scurry-Rainbow oils. Brazilian Traction, Eureka, Fargo Oil, Jupiter Oils and Sapphire Petroleums were all unchanged.

Look For Slight Drop In Capital Investment This Year

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP)—Initial studies of one of Canada's most sensitive economic indicators suggest the pace of the economy in 1958 will slacken off from its spectacular spurts of the last two years.

Federal authorities long have looked on the estimate of the year's capital investment program—spending on new construc-the best barometer of how the tion and machinery—as providing the best barometer of how the year will go for business.

The first 1958 survey, expected to be published next month, may show a slight drop, some observers say, from the rapid development of 1956 and 1957 when capital investment rose by some $1,500,000,000 annually.

They say that although capital investment still may be near the 1957 record of some $8,600,000,000, it appears it won't provide the same employment impetus as in the last two years.

In line with this situation, the government already has indicated it may move into deficit financing—after several years of federal budgetary surpluses—ot reduce taxes and increase spending on public works in the 1958-59 fiscal year starting April 1.

Spending estimates likely will be brought down early in the next session of Parliament in February—if no election is called—and they may show plans to spend $5,500,000,000 or more in the year, an all-time high, and an increase of perhaps more than $100,000,000 over last year.

Finance Minister Donald Fleming would be in favor of a balanced budget but he already has indicated a willingness to go into deficit financing—spending more than revenues—if this would ease unemployment.

The first capital investment survey for 1958, observers say, may show these variations from previous years A drop in spending on construction and new machinery by the business community offset to some extent by an increase in spending on so-called social capital, on government and local services and facilities, such as sewers and roads, and on housing.

Former Mental Patient Runs Amok In N.Y.

NEW YORK (AP) — A former mental patient raged through a tenement in a frenzy Friday night alternately wielding a knife, a hatchet and a gun. Police said he slew his daughter and a neighbor and took the axe to his wife.

The man, Paolo Canzoneri, a retired laborer in his 60s, still clutched a revolver in one hand and a hatchet in the other when police swarmed in and overpowered him. He had returned from his native Italy only a few hours earlier.

It was not immediately plain what provoked the man.

An estimated 100 neighbors milled about the street in horror as the savage onslaught moved from a fourth-floor apartment to the basement and out onto the street.

As police reconstructed it, Canzoneri first attacked his wife, Lucy, 63, with the hatchet, gashing her scalp. The daughter, Mrs. Caroline Calabria, 33, came to her mother's assistance and the father allegedly grabbed a kitchen knife and plunged it into the younger woman's breast.

The two wounded women fled down the stairs and into the street. Mrs. Calabria dropped dead of her knife wounds on the front stoop.

OPENS DOOR, IS SHOT

Police said Canzoneri pounded on the door of 23-year-old Louis Rodriguez, whose basement building superintendent's. Rodriapartment he mistook for the guez was shot dead through the heart as he opened the door.

Canzoneri's son, Russell, not in the building at the time, said afterward his father had been released from a mental hospital in his custody last April.

The father's mental condition was so bad he was sent to Italy in the hope that his native surroundings might prove beneficial. But the son said he continued to grow worse and relatives wrote in alarm.

Russell Canzoneri flew to Italy and brought his father back.

A. PICKARD
MACHINERY LIMITED
ROME PLOWS — CHARLOTTETOWN — CATERPILLAR TRACTORS

JUDGING BY THE INTEREST ALREADY SHOWN

in our advertisements, the present day P.E.I. farmer is as enterprising as his predecessors were when they settled this "million acre farm."

To make a farm of this size a success we have to pull together; that is, the farmer, his helpers and last, but by no means least, his suppliers. At A. Pickard Machinery Limited, as well as 'Caterpillar", Rome Plow and other suppliers, this pulling together idea has worked very successfully over the last half century as can be easily seen by our growth in the equipment field.

These meetings are a continuative step in our efforts to work together with the farmers in our province.

All the people taking part in these meetings feel that the time has come for the people of P. E. I. to climb on the "boom train" that is moving through Canada today . . . and so these meetings, to show Island farmers . . . the backbone of our economy . . . how this can be done!

Meetings as follows:—

Ch'town, Feb. 10th, Birch Hall, Federal Experimental Farm, 7:30 p.m.
Alberton, Feb. 11th at 7:30 p.m.
Summerside, Feb. 12th, High School meeting room, 7:30 p.m.
Kensington, Feb. 13th, High School Auditorium, 7:30 p.m.
Kinkora, Feb. 17th, High School, 7:30 p.m.
New Glasgow, Feb. 18th, 7:30 p.m.
Montague, Feb. 19th, School Auditorium, 7:30 p.m
Souris, Feb. 20th, United Church, 7:30 p.m.

PROGRAMME OF MEETINGS

7:30—Introduction
7:35—General aim of programme, Bill Kingery, district manager Caterpillar.
7:40—Principles and need for conservation, Bill Stirniman, Caterpillar Agricultural Representative.
8:00—Films of conservation practice in U.S.A
8:30—Results possible with conservation practices, Joe Tucker of Rome Plow
9:00—Films of conservation results around the world, Joe Tucker
9:10—Coffee break
9:30—Question Time—Come prepared to write question

Members of Chartered Banks and representatives of packing houses will be present to explain the benefits that can be expected from a development of this proven programme.
