Spacecraft Leaves Today For Soft Landing On Moon

By HOWARD BENEDICT
CAPE KENNEDY, Fla. (AP) — The Gemini 9 astronauts took the day off Sunday while space-craft Surveyor I was prepared for launching today toward a soft-landing on the moon—the alluring first frontier for man's exploration of space.

They plan today to watch the fiery departure of Surveyor I atop an Atlas-Centaur rocket, scheduled for 10:40 a.m. EDT. Stafford and Cernan are to take their own leave of the

ing partner, Eugene A. Cernan, spent a relaxing day with friends in Cocoa Beach, the space community south of Cape Kennedy.

Teen-Agers Trap Policemen On Car Roof-Four Arrested

TORONTO (CP) — Four persons were arrested early Sunday after more than 300 screaming teen-agers trapped two policemen on the roof of a car in Yorkville Village, Toronto's mid-town coffee-house district.

Police charged Eggleton with causing a disturbance and arrested Ginter, Wetzel, 19, of Toronto for assaulting and obstructing police.

Constable James Hughes and William Owens climbed on the ear and held the crowd at bay until 20 policemen came to their rescue.

The noise of the crowd attracted other teen-agers and police estimated more than 2,000 persons jammed the area before the demonstration was broken up.

The near-riot started around midnight after the two constables arrested two youths for fighting in the street. Police said they arrested Alan Eggleton, 17, of Toronto and attempted to take him to a nearby police car.

Eggleton had been fighting with another youth, police said, but he escaped when the crowd closed in on the two constables. Witnesses said shouts of "Kill

British Seamen Leaders Threaten Global Action

LONDON (Reuters) — Leaders of Britain's striking seamen Sunday threatened global action, declaring that foreign unions stand ready to backlist British cargo ships in world ports.

Foreign unions have offered us their help, and if it comes to a showdown, we could take up their offer," the spokesman said.

Warnings of this "last resort" step were issued as the strike entered its 14th day, still confined to British ships in home ports.

"This is a weapon which is here if we want to use it, but it will only be used as an absolutely last resort," he added. The government has declared a national state of emergency in Britain, whose economy is being slowly crippled by the strike, and set up a committee of inquiry into the dispute.

China Claims Boats Bombed

TOKYO (AP) — China charged Sunday that four U.S. planes bombed and strafed six Chinese fishing boats in the Gulf of Tonkin Saturday. A Peking broadcast said three fishermen were killed and 18 injured.

The broadcast quoted a defence ministry spokesman as saying "we resolutely protest against the piratical act of U.S. imperialism."

Woman Takes Death Plunge

MONTREAL (CP) — A 52-year-old woman plunged 650 feet to her death Saturday from the top storey of Montreal's Place Ville Marie building.

Peter Sager of Montreal told police he saw Mrs. Hesill Boulche climb over a low restraining wall and jump. He was in a restaurant at the top of the 45-storey building—the second tallest in Montreal and third in Canada—at the time.

Forty floors below a worker, Pedro Gameiro, was repairing part of a roof which protrudes from one of the structure's corners.

Buddhist Fiery Deaths Add Pressure On Ky

POLLS OPEN 9 A.M. - 6 P.M.

54,450 Voters Eligible As Islanders Go To Polls

By IAN DONALDSON
Canadian Press Staff Writer
Prince Edward Island voters today will choose between Canada's oldest premier and the country's youngest opposition leader.

About 54,450 will be eligible to vote in today's provincial election, the 26th in this province of 109,000, since Confederation. The straight two-party fight is headed by Walter R. Shaw, 78-year-old Progressive Conservative premier, and Alex B. Campbell, 33-year-old Liberal leader. Polls open at 9 a.m. and close at 6 p.m. ADT.

The campaign, which lasted about a month but failed to produce any major controversies, ended Saturday night with the two leaders speaking at rallies in Summerside.

Mr. Shaw, whose Conservatives were elected in 1959 and 1962, is seeking a third term to continue his "program of building a better island." Mr. Campbell, heading his first campaign since being a named Liberal leader last year, has stressed the need for "new, vigorous blood." Both sides will have 30 candidates in the running today. The new legislature will have 32 seats but the election in one of the 16 two-member ridings has been deferred until July 11 because of the death of Liberal candidate William A. Acorn.

PLEDGES SIMILAR

a month from \$75, a better deal for the island's farmers and fishermen, more paved roads, more assistance to education and tourism, overhauled labor legislation and no tax increases. Today's election will be historic in at least two ways. It marks the first time voters lists have been used and the first time all eligible voters will have two ballots. Previously, district returning officers relied on unofficial lists and their personal knowledge of the voters to keep tabs on people arriving at the polls. A new election act, provides for enumeration for the first time.

members of the P.E.I. legislature are defined as councillors and assemblymen. In previous elections only property owners, clergymen war veterans and their wives were allowed to vote for councillors. In today's election, all eligible voters will be entitled to vote for both councillors and assemblymen.

Russia Warns United States To Stop Hostile Moves On Cuba

MOSCOW (Reuters)—The Soviet Union warned the United States Sunday to stop "hostile action" against Cuba and said Havana could count on reliable friendship from Moscow.

The warning came in a statement from Tass, the official Soviet news agency, tantamount to a formal Kremlin declaration.

Cuba Promises Fight If Attacked By U.S.

HAVANA (AP) — Cuba declared Sunday it will not send troops into the U.S. naval base at Guantanamo Bay but it challenged the United States to a fight if it attacked Cuba.

"We are not such imbeciles as to send our men into territory occupied by the Yankee naval base at Guantanamo, but if we are attacked we shall unchain a costly struggle for imperialism," said an editorial in the Communist party newspaper Granma.

The editorial was in response to a U.S. protest to the Cuban government against what Washington called the infiltration of the base in eastern Cuba by Cuban soldiers last weekend. Premier Fidel Castro accused the United States of lying and U.S. State Secretary Dean Rusk of threatening war on Cuba.

Murder Charge Laid In N.S.

LIVERPOOL, N.S. (CP) James William Wile, 76, of nearby Milton was charged with capital murder Saturday in connection with a shooting incident earlier in the day at Milton.

low developments in that area closely and consider it necessary to issue a reminder of earlier pledges of support for heroic Cuba, which is fighting for its freedom and independence," Tass said.

"Those who harbor aggressive designs against the republic of Cuba should not forget that Cuba has true and reliable friends."

The statement was prompted by new tension around the American Guantanamo base in Cuba, starting with the reported shooting of a Cuban sentry by a U.S. marine May 21.

Tass accused the United States of hostile actions in the Guantanamo area and said reports of these actions were "received with wrath" by the Soviet people.

Sunday's declaration was the third Tass warning to "imperialists" in three days. Previous statements related to the Middle East and Southeast Asia

Accidents Kill 44

By THE CANADIAN PRESS
At least 44 persons died in accidents during the weekend, 33 of them in traffic.

Quebec had 17 accidental deaths — 10 road deaths, five drownings, a man killed by lightning and a man killed in a tractor accident.

TWO MILLION DUE ON BOOKS

LOS ANGELES (AP) — Ever felt embarrassed by a two-cent fine on an overdue library book? Then picture the plight of Los Angeles book borrowers—they owe \$2,000,000 all, told on 134,000 overdue books.

That's enough to buy 400,000 books, the library said. Librarians announced the grand delinquency Saturday after determining the total for the first time, thanks to recently installed electronic computers.

Oh, yes. The library says it intends to intensify collecting.

Tormentine Contract Let

OTTAWA (CP) — The works department today announced award of an \$87,500 contract to Verreault navigation Inc. of Les-meechins, Que. for dredging at Cape Tormentine, N.B.

The work will take the inner harbor depth to 23-feet for the Cape Tormentine — Borden, P.E.I. ferry.

Former RCMP Member Dies In Collision

PORT ELGIN, N.B. (CP) — James Philip Fraser, 66, of Halifax, a former marine division superintendent of the RCMP, was killed Saturday when a car he was driving collided with a truck one mile east of here.

Lloyd William Perry of Borden, P.E.I., driver of the truck, escaped injury.

Mr. Fraser was a native of North Sydney, N.S. The body was taken to Halifax Sunday with an RCMP escort.

An inquest has been ordered. Mr. Fraser had spent most of his life in the RCMP except for a period of service with the navy during the Second World War. He was awarded the Distinguished Service Cross.

Mr. Fraser lived in Halifax for 30 years before his retirement in 1955.

Ottawa Fiddler Captures Title

PEMBROKE (CP) — Wilfred Gilles of Ottawa Saturday won the open international fiddling championship and the Canadian open fiddling championship at the fourth annual folk festival in this Ottawa Valley town.

In second and third places were John Mooring of Springfield, N.S., and John LeCale of Sturgeon Falls, Ont.

Malcolm Irwin, veteran Charlottetown yachtsman, is seen in the cockpit of his new boat "Roamer". Honorary commodore and one of the founders of the Charlottetown Yacht Club, Mr. Irwin built this craft to replace his former boat which burned last fall. Actual construction, undertaken at Mr. Irwin's home, began in November. The boat has a blue hull with mahogany trim. Constructed with labor-saving conveniences, the boat will be used for cruising around the island during the summer. The owner had his craft on her maiden voyage yesterday.

Monks Promise More Suicides

SAIGON (AP) — A woman burned herself to death Sunday night—the second of the day—as Buddhists mounted a campaign aimed directly at President Johnson and the U.S. stance in their drive to oust Premier Nguyen Cao Ky's military regime. Buddhist youths penned letters in Blood to Johnson.

The second fiery suicide occurred on the muddy grounds of Saigon's Central Pagoda about 17 hours after a Buddhist nun set fire to herself in Hue to protest U.S. support of Ky.

Buddhist monks predicted more fire deaths today and Tuesday unless Washington comes to their aid in removing Ky from power.

Monks at Saigon's pagoda identified the second victim as a nun, between 20 and 30 years of age. A man in the crowd at the pagoda said he had been told, however, that she was a distraught Buddhist woman of about 60, mother of three children, who had become upset by day-long demonstrations.

REDUCED PRESIDENT
Self-immolation by fire of seven Buddhists was chief factor in the downfall of the regime of president Ngo Dinh Diem in 1963. The fire death in Hue Sunday morning produced an immediate reaction.

Crowds swarmed into the streets around Saigon's Central Pagoda and demonstrated

against U.S. policy in the Buddhists' war against Ky. The demonstrations came to a climax (Continued on page 5, col. 6)

Canadian Professor Killed By Elephants

NAIROBI (CP - Reuters) — A Canadian university professor, Dr. Evan Kerry Gill of Ottawa, was trampled to death on the slopes of Mount Kenya Friday night, police reported here Sunday.

He had been on vacation in Kenya from a lecturing post in Zambia.

Gill and his wife, the former Carol Ryan of Bass River, N.S., accidentally wandered into a herd of elephants while descending the mountain at dusk, police said.

Mrs. Gill was unhurt but suffered from shock. They were married last year.

A park warden said it was thought the elephants stampeded when the Gills walked among them.

Gill taught chemistry at Lusaka University in the Zambian capital.

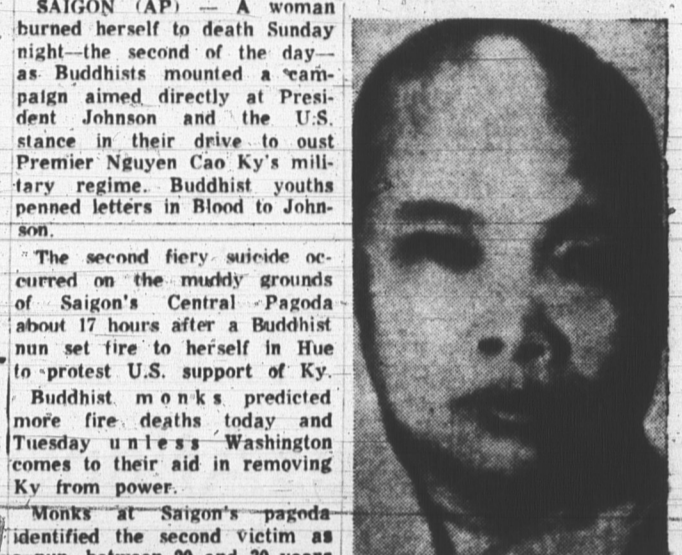

In a recent letter to members of his family in Canada, he had said that he and his wife intended to spend a short, mid-term holiday on a walking trip in Kenya.

Gill attended Royal Military College, Kingston, Ont., but transferred to McGill University in Montreal, where he graduated with a bachelor of science degree.

He received a doctorate in chemistry from the University of Ottawa in 1959.

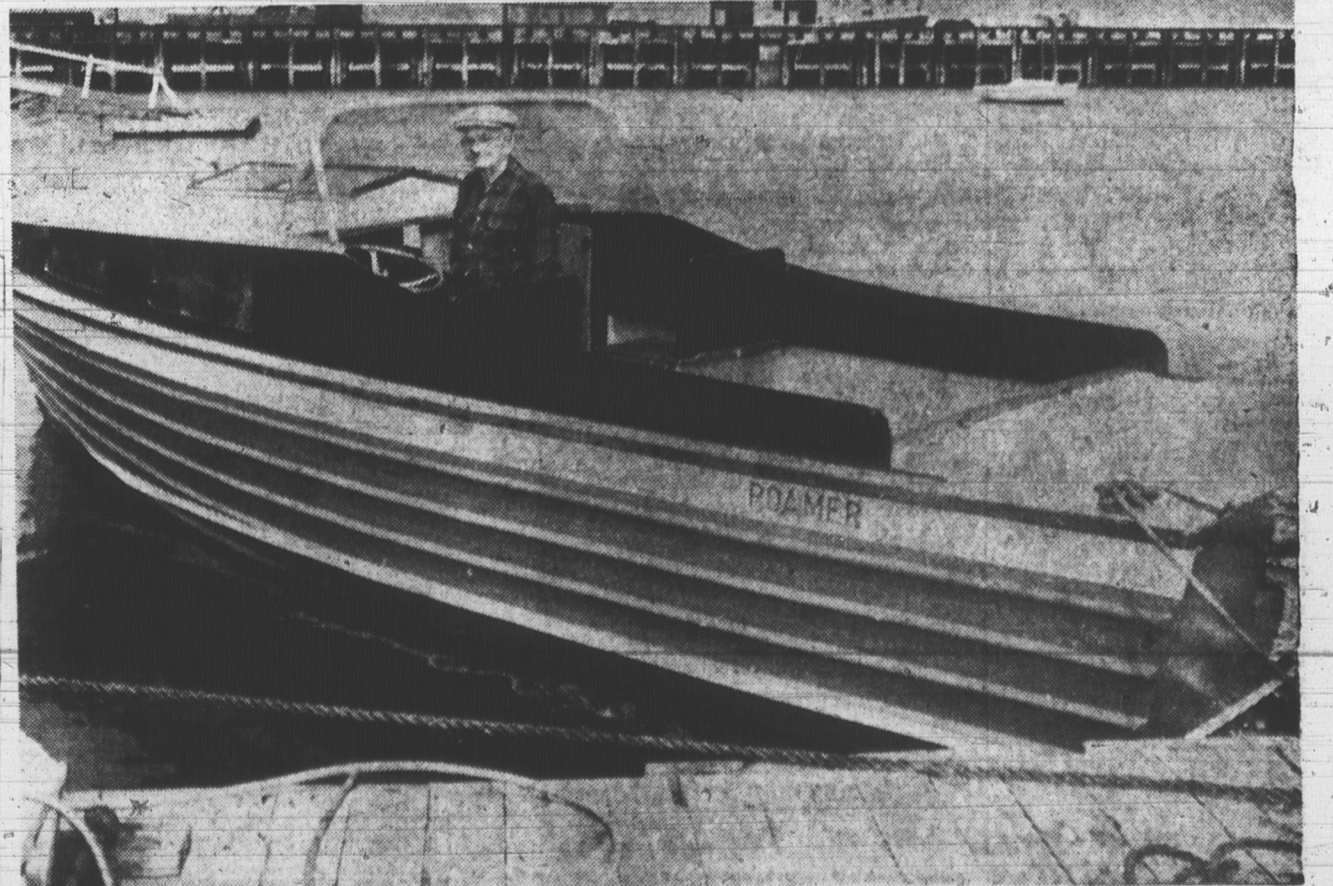

In 1964, Gill was appointed to the staff of the national research council.

Last October, he was loaned to Canada's external air program for a two-year term to help build up the chemistry department of Lusaka University, Zambia's only institution of higher learning.
