NEW 1955 MERCURY

bigger all over - in size, in power, in value

Now in 3 series, 10 models;
the daringly low Montclair,
the beautiful Monterey,
the budget-minded Custom.

New 188- and 198-horsepower
Super-Torque Overhead-Valve
V-8 Engines—the last word in
high compression power.

For 1955, Mercury makes the boldest move ahead in the automotive industry - introduces an entirely new, out-of-the-future car that looks and goes like 1960. This year is an all-new-car year for Mercury - new bodies, new styling, new chassis, new engines, new models, new performance! For example, Mercury's bigger - in length, width, and wheelbase. It's lower - only 58 1/2 inches high in some models. It's more powerful. 188 horsepower in the Custom and Monterey lines; 198 horsepower in the entirely new, ultra-smart Montclair Series.

Here's super-compression, dual-exhaust performance you've never experienced before. For Mercury gives you instant acceleration in every speed range - from a standing start to highway speed limits. You enjoy

split-second response in traffic - make mountains out of mountains - with effortless SUPER-TORQUE power.

The news is almost endless, for in 1955 you get the most Mercury ever packed into one car. A new Full-Scope windshield. Improved ball-joint front suspension to assure a more comfortable, smoother-than-ever ride. New, optional Mero-O-Matic Drive with faster get-away acceleration at your command. And much, much more... a wider range of series and models - the new, ultra-smart Montclair series, the popular Monterey series, and the economy-minded Custom series.

Stop by at your Mercury dealer's. See the big, beautiful '55 Mercury for yourself, and get off the news firsthand!
