

Agricultural.

THE ROAD TO POOR FARMING.

- 1. Invest all your money in land and run in debt for more.
2. Hire money to stock your farm.
3. Have no faith in your business and be ever ready to sell out.
4. Buy mean cows, spavined horses, poor oxen and cheap tools.
5. Feed poor hay and moldy corn stocks exclusively, in order to keep your stock tame, fiery cattle are terrible hard on old rickety wagons and ploughs.
6. Use the oil of hickory freely whenever your oxen need strength; it is cheaper than hay or meal, and keeps the hair lively, and pounds out all the grubs.
7. Select such calves for stock as the butchers shun—beauties of runts, thin in hames, and potbellied; but be sure and keep their blood thin by scanty herbage, animals are the safest to breed from that have not the strength to herd.
8. Caution about manufacturing manure; it makes the field look black and mournful about planting time; besides it is a deal of work to haul it.
9. Never waste time by setting out fruit and shade trees; fruit and leaves rotting around a place are unhealthy.

SOILING CATTLE.—I got my idea of soiling cattle from prominent members of the club. From ten years' experience, I can most emphatically say that soiling will pay, with or without peat or muck, and especially where manure is scarce. As this process will double the manure, and only one-sixth of the land is required, it is easier to manure one acre than six. From a strong clay soil, in poor condition, one cutting of clover, from forty rods, kept twelve cows fifteen days. Such a crop can be grown on almost any farm near the barn, with the preparation of a year or so. Can we not afford to put an acre in fine condition, that we may get the use of five grats? Soiling also will enable the feeder to command his stock better than in the pasture; it will enable him to double his manure. I kept a strict account of the labour bestowed on thirty-five cows and steers one entire season, and found it only sixty-five dollars. The expense is paid four times over in the extra product, saying nothing about keeping up fences. No man can afford to pasture land worth more than twenty-five dollars an acre. Because few have adopted it, it is no reason; if it were, it is a reason for poor tillage, poor sheep, poor cattle and horses. Because few have a good grindstone is no reason why I should not have a good one.

CLAYEY SOILS.—Coarse stable manures work well in clayey soils, because they not only furnish the food of plants as they decay, but improve the physical texture of such soils, acting mechanically to lighten them up. You spread on a heavy dressing of coarse, straw, barn-yard manure, and plough it in to the depth of seven or eight inches the first year. The next year you could repeat the process ploughing now eight or nine inches. You bring to the surface only a small portion of the sub-soil by each operation, and though you may have to use some manure near the surface also, by following up his course two or three years in succession, going a little deeper, you enrich the soil, deepen, and improve it. Plough deep, put down coarse manure, and gradually work the sub-soil up, enriching it from year to year by higher cultivation, put in clover and root crops, and you make about the best and most productive soil that lies out-of-doors.—Massachusetts Ploughman.

LAWYERS WORKING UP A PRACTICE.—Some of our unemployed attorneys may find encouragement in the following from a new foreign volume:—"Many years ago there was a kind of club of unfortunate London attorneys who were not able to continue their certificate to practice, but they selected one of their number to take out his certificate; they used to hold meetings for the purpose of going over the reports of the different police offices every day, to see whether they could pick up an action of libel against a newspaper for some mistake or something of the kind, that occurred in a police office, and many of these actions were brought merely for the sake of costs; and as soon as a certain amount of costs had been incurred an offer was made to put an end to the action by paying £30, or whatever it might be; that was the object, and not defending the character of the party. In fact, it was a mode of extorting money."

THE LAUGH OF A WOMAN.—A woman has no natural gift more bewitching than a sweet laugh. It is like the sound of flutes on the water. It leaps from her in a clear sparkling rill; and the heart that hears it feels as if bathed in a cool exhilarating spring. Have you ever pursued an unseen fugitive through trees, led on by a fairy laugh—now here, now there, now lost, now found? We have; and we are pursuing that voice to this day. Sometimes it will come to us in the midst of care and sorrow, or irksome business and we turn away and listen and hear it ringing through the room like a silver bell, with power to scare away the evil spirits of the mind. How much we owe that sweet laugh? It turns the prose to poetry; it flings flowers of sunshine over the darkness of the wood in which we are travelling; it touches with light even our sleep, which is no more the image of death, but is consumed with dreams that are the shadows of immortality.

SHARP.—A man in Connecticut obtained a winter's supply of excellent potatoes in the following cute manner. He gave out word he was desirous of obtaining a specimen of the best sort of potatoes, and would pay three dollars for a peck of such, himself to be judge. Potatoes poured into his cellar from all the country round, and when the avalanche had subsided, the man handed over his three dollars for the best peck, and the next spring sold potatoes enough to more than cover the original outlay, besides having had a first quality article for home use all the winter.

LANDS FOR SALE.

A Valuable Freehold Farm FOR SALE.

THE Subscriber offers for sale 150 acres of improved LAND, together with an excellent DWELLING HOUSE, BARN, and GRANARY, with a splendid brood running across the centre of the farm. CHILDREN TEETHING

MRS. WINSLOW, An experienced Nurse and Female Physician, presents to the attention of mothers, her SOOTHING SYRUP, FOR CHILDREN TEETHING, which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is SURE TO REGULATE THE BOWELS. Depend upon it, mothers, it will give rest to yourselves, and Relief and Health to your Infants. We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this manner "what we do know," after thirty years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered. This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never failing success in thousands of cases. It not only relieves the child from pain but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhea in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None Genuine unless the face-smile of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal office, No. 48 Dey Street, N. Y. Price, only 25 Cents per Bottle.

A Cough Cold or Sore Throat,

REQUIRES IMMEDIATE ATTENTION, AND SHOULD BE CHECKED OFF, IF ALLOWED TO CONTINUE. Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung disease IS OFTEN THE RESULT. BROWN'S BRONCHIAL TROCHES, HAVING A DIRECT INFLUENCE TO THE PARTS, GIVE IMMEDIATE RELIEF. For Bronchitis, Asthma, Catarrh, Consumptive and Throat Diseases, Troches are used with always good success. SINGERS AND PUBLIC SPEAKERS will find Troches useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after an unusual exertion of the vocal organs. The Troches are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having proved their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the Troches are universally pronounced better than other articles. OBTAIN ONLY "BROWN'S BRONCHIAL TROCHES," and do not take any of the Worthless imitations that may be offered. SOLD EVERYWHERE.

New Triumphs of Roger's Medicines.

Run your eye over them and tell your afflicted neighbour about it. West Branch, East River, Pictou, Sep. 11, '64 MESSRS. ROGERS & Co. — Gentlemen—For the sake of those who are suffering with Scrofula or King's Evil, I wish you to publish the following facts: About eight years ago, a swelling appeared under my chin; in a short time it ulcerated, and became a running sore, and extended across my neck from ear to ear. The bone became affected and several pieces came out from time to time. The smell from the parts affected became very offensive, so much so that I had to retire by myself and dress them. I tried the best doctors in the country, and many in the United States, but all to no purpose. I also tried various patent medicines, including Kennedy's Discovery, which I used for two years, but it did me no good. Under your treatment my general health which was very much impaired, is completely restored, and the Scrofula on my neck is entirely healed up. I am a sound man now, thanks to Providence for his goodness. Let no one who reads this doubt its truth. Hundreds know my case. THOMAS CHISHOLM

H. H. Read, M. D., Esq., of Windsor N. S., writes as follows.

I have used your Medicine in one or two cases of Scrofulous Sores, and think it excellent; and it is the best thing I know of for removing the stiffening which remains after inflammation of the joints. C. H. Harrington, Esq., of Sidney, C. B., writes as follows under date of August 22, 1865: "The mail agent here used the Ointment for his horses, and says he never had anything which cured any hurt or sore so quickly. STORMONT, N. S., 10th August, 1865 MESSRS. ROBERT & Co. — Gentlemen—There was a worton on one of my cow's eyes, and grown to such an extent that I thought it would shut her eye up, when after four rubbings with your Ointment, it took it off as clean as if cut off with a knife. It was as big as an ounce ball. I will write again shortly. Yours truly, THOMAS S. MILWARD

AMHERST, October 1st, 1865

Gentlemen—I have been a great deal troubled with those mercurial and most distressing things called Felons, or Whitlows. Last year, I was laid up three months with one, and I could not tell what I suffered. A few weeks ago another began with all its usual vigor and earnestness. I suffered for several days. My hand swelled very much, and I looked forward with three months more of misery and suffering; but happily I tried your Ointment. In two days I went to work. It seemed to kill it at once. In three or four days, a hard black lump came out at the end of my thumb, about the size of a small pea. Wonderful medicine! Ye suffering try it. WILLIAM ELLIOT.

DOUGLASS'S FACTORY AND FURNITURE ROOMS!

is situated on the corner of Kent Street & King Square. HAVING put a very superior Steam Engine, with the necessary machinery for saving labour, into my Factory, and having a large stock of the various kinds of wood, I feel confident to be able to sell at wholesale, to the Trade, cheaper than can be bought in any other market, at first cost. TURNING and SAWING in all the various branches, done at this establishment. GEORGE DOUGLASS, Charlottetown, Feb. 7, 1867.

A. C. MORRISON, Late of New Brunswick,
