

# Five Lines Free *returns for another semester*

For all of you out there that used to submit to us for the free classifieds, well they are back. You can send in whatever you want to say to anyone. We will be devoting as much space as we need to make room for all the submissions.

There are many uses of FLF, and you can make full use of them by sending in your classified today. You can sell books, find a roommate, sell your car, yourself, or just send personal messages to other friends on campus.

But there are rules to have your submissions printed. All classified must have a name and phone number where you can be contacted if needed be. These names and numbers will **not** be printed. They are for The Gem's legal purposes only, and anything that does not bear a name and phone number will not be printed. Also, you cannot use full names in any classified, this will direct attention to a specific person, anything submitted with anyone's full name will not be printed, nicknames are OK, as are first names and initials.

We hope that this "new/old" section can once again be a success, and we can only do that with your help, so send in your stuff today!
