Band at the Roller Rink to-night. DON'T FORGET the Roller Rink to-night. THE Uluda sails for Halifax and Boston at 6 o'clock. FOUR cases of drunkenness at the Stipendiary Magistrate's Court this afternoon. FRUIT.—20 boxes Pears, just received ex Uluda from Boston.—A. McNeill, Auctioneer. DON'T FORGET the tea party at Kelly's Cross to-morrow. Trains will carry passengers at half fare, and carriages will be at North Wiltshire Station to convey them to the grounds. CHARLOTTETOWN BUSINESS COLLEGE.—The classes at the above institution will be resumed on Wednesday next, 19th inst. Intending students will do well to apply at once. Reduced rates till Sept. 15th. I. O. O. F.—The Representative to the R. W. Grand Lodge will give an account of the business of the session just concluded at Amherst, N. S., before St. Lawrence Lodge this evening. Visiting members of the Order are always welcome. THE St. John cricketers were handsomely defeated the other day by the Garrison Club of Halifax. On Friday the St. John Club defeated the Officer's Club of H. M. S. Canada, in two innings, by 124 to 105 runs. THE Roman Catholic clergymen in Ottawa and vicinity are taking practical steps to relieve the distressed half-breeds in the Northwest. Special collections for their benefit were taken up in the Basilica and in the Hull Roman Catholic Church yesterday. NEW SCALES are being placed on Queen Square, north of the Market House. It is a pity that some less prominent place could not be selected for the purpose. Not only do they present an unsightly appearance, but in many instances life is jeopardized by the presence of infested cattle there. BROKEN SIDEWALK.—Near the corner of Water and Hillsboro Streets there is a very dangerous sidewalk covering a sewer, three or four feet deep. A citizen a few days ago had his left leg near the knee joint badly injured by falling into this trap. Ladner's Patent was at one time applied on this broken covering, but it, too, is now broken. MR. HENRY WADE, secretary of the Dominion and Provincial Exhibition to open in London, Ont., on September 7th, and Mr. Ira Morgan, of Ottawa, are here in the interests of the fair, an advertisement of which appears elsewhere. They are staying at the Evere. Mr. Wade is editor of the Canada Shortland Herald, published in Toronto. Exhibits from this province will be sent free by rail. THE reason why "Myrtle Navy" tobacco has taken so strong a hold upon the smoking community is because it is the genuine article. No man has a desire to smoke anything else than tobacco. Even opium is not smoked for the pleasure of smoking it but for its soporific effects. The desire for tobacco is, of course, not satisfied by getting the pure article, and when to this is added the finest quality the satisfaction is complete. These two things are combined in the "Myrtle Navy."

THE PIKE'S PEAK RAILWAY.

The Pike's Peak Railway, which is expected to be in operation this year, will be the most noticeable piece of track in the world. It will mount 2,000 feet higher than the Lima & Oroya Railway, in Peru. It is now in operation to a point over 12,000 feet above the sea level. The entire thirty miles of its length will be a succession of complicated curves and grades, with no piece of straight track longer than 300 feet. The maximum grade will be 316 feet to the mile, and the average grade 278 feet. The line will abound in curves from 500 to 1,000 feet long, in which the radius changes every chain.—American Railway Journal.

THE Bridgeport (Conn.) Hand Sewing Machine Co., is a new corporation now engaged in bringing out a novel and cheap sewing machine. It consists of a pair of handles, pivoted like scissors, but carrying a needle shuttle and feed motion, forming a complete shuttle machine. By working the handles with the fingers the cloth is sewed with the lock stitch in a very effective manner. These sewing machines are to be supplied by the million at popular prices, say five dollars.

HEAVY MEN.—A paragraph has been going the rounds of the newspapers of a town in Nova Scotia that could boast of twelve heavy men, whose united weights aggregate 2,400 pounds. Now the Moncton Transcript gives the names and avoirdupois of twelve "heavy weight" Monctonians who total 3,005 pounds, and it challenges any other town in the Maritime Provinces to beat the record.

Attacked by a Lunatic.

PHYSICIAN DANGEROUSLY WOUNDED IN AN INSANE ASYLUM

Dr. Metcalfe and Dr. Clarke, of Rockwood insane asylum, Kingston, Ontario, were making their daily rounds at noon on the 14th, and had just entered the chronic ward when a patient named Maloney suddenly jumped at Dr. Metcalfe and gave him what appeared to be a severe blow in the abdomen. The doctor exclaimed, "Oh! I am killed!" and fell to the floor. Dr. Clarke was then attacked, and he succeeded in pinning Maloney. Dr. Metcalfe's sufferings caused Dr. Clarke to release Maloney, and at imminent danger of another attack, he went to his comrade's aid. Blood was gushing from the abdomen. Dr. Clarke picked up the wounded man on a half run, and carried him several hundred yards to his office. Just as he entered the main building Dr. Clarke fell in a faint, and dropped his burden on the floor. He rallied quickly and Dr. Metcalfe was removed to his room. Physicians were summoned. The wounds were serious, one in the back of the thigh and a second three inches wide across the abdomen. The bowels were protruding; they were not cut but seriously injured, hence the loss of much blood. The wounds were dressed. The doctor cannot be moved to his home, but is now in his office, where a cot has been placed. He is conscious, calm and fully cognizant of the gravity of the wound. Physicians say he may recover, but it is doubtful.

THE Excursion to Cape Traverse on Wednesday next, the 19th inst., by the Masonic Fraternity, and Basket Picnic, as announced in our columns, offers inducements to ladies and gentlemen who wish to join the picnic to enjoy a pleasant trip to this celebrated locality at a lower rate than that usually given. As tickets are issued specially for this trip and procured only from the committee, it would be advisable to purchase previous to that morning, as the train starts at 9 a. m. local time, and there will not be time to secure them before leaving. As a large number will avail themselves of this opportunity of passing over the new branch, there should be no delay in getting tickets.

The smallpox is spreading at an alarming rate in Montreal. The chairman of the health committee has called a special meeting for the purpose of appointing four public vaccinators for three months. There have been 17 deaths from smallpox during the last two days, and there are 38 patients in the civic hospital, 22 of which are progressing favorably and six are considered bad cases. Nearly all, if not all, of the cases are in the east end of the city. Among the new cases reported are those of Rev. Father Lingevin and Lanzon, of the Oblate Fathers, who it is thought contracted the disease while attending patients afflicted with it.

NEW CATHOLIC CATHEDRAL.—In his address to his congregation, at High Mass at St. Dunstan's Cathedral yesterday, His Lordship Bishop McIntyre dwelt particularly upon the great necessity that existed for a more commodious place of worship in Charlottetown. A prominent member of the congregation had, he said, recently donated a large sum of money for the erection of a new Church in the city, and it now only remained for the congregation to raise an amount equal to the donation in order to have the affair pushed to a successful termination. In concluding his address, His Lordship expressed the hope that ere many years rolled by he would see a Cathedral erected which would do credit to the Catholics of Charlottetown, and be pointed out with pride by future generations as an example of the enterprise and devotion of their forefathers.
