House Common

## Seed Wheat, Timothy, Clover, &c.

WE HAVE ON HAND and to arrive a large quantity of all kinds of FARM SEEDS.

**WHEAT**—White Russian, White Fife, Red Fife, and Manitoba Hard Red Fife.

**TIMOTHY**—Canadian, Island and Western. Vetches, Peas, Corn, Buckwheat, Barley and White Egyptian Oats.

**ALSO, Man's Seeders for Cossett's Rake, One Horse Seeder, Combined Seeder and Harrow, Steel Plows, Harrows, etc.**

We are direct importers of Seeds and pay cash. We are in a position to sell as cheap as any house in the trade. We have been in the business a long time and know just what kind of Seeds the Farms want. We were brought up on a Farm and still are Farmers. We are not like some who are advertising Seeds. They could not tell one kind of Seed from another, or know good from bad, either in the Field or Store. Farmers, when you want Seeds come direct to our Seed Store for a good article and good value.

**A. HORNE & CO.,**

It will be sent free, under seal, while the edition lasts. Address the publishers, **ERIE MEDICAL CO., Buffalo, N.Y.**

## Oklahoma's Dead.

FURTHER NEWS OF THE TERRIBLE DESTRUCTION BY CYCLOPE.

The total number of persons who met death in the recent disastrous storm at Oklahoma, now reaches 90, and the injured number about 250, about 10 per cent of them being fatally injured. One of the greatest scenes of desolation in the devastated district is the home of John Mullenix in Payne County. The large house, barns and other buildings are completely gone and the farm is stripped of every vestige of fences, crops and orchards. Mr. Mullenix is fatally injured. Mrs. Mullenix had just given birth to a child, and she was carried away, and lay all night on the rain-soaked ground. She is alive but will die. Her mother, Mrs. Oliver, and her brother, David Oliver, were both killed, as was her ten-year-old son. The babe that has just arrived in the world, however, survived its rough reception and bids fair to live. Over \$10,000 has already been subscribed as a relief fund to aid the survivors and to bury the dead.

## She Loved a Woman.

STRANGE INFATUATION OF A MARRIED WOMAN FOR A HOTEL CLERK'S WIFE

An Indianapolis, Ind., couple of the 1st of May says: Mr. O. E. Miller, of Converse, appealed to the police on Tuesday night to assist him in finding his daughter. He tells a remarkable story. Last December the daughter, who is 17 years old, was married to J. T. Lewis. The young couple boarded at the Union Hotel, Greenfield. The bride soon became infatuated with the wife of the hotel clerk. In proportion as her attachment for the wife of the hotel clerk increased, her love for her husband waned. Recently Lewis returned to Converse and laid the case before his father-in-law. The latter went to Greenfield and prevailed upon his daughter to return with him to Converse. They arrived in this city on Tuesday night and went to the Spencer House. While Miller went to the desk to register, Lewis left the hotel. The police have thus far been unsuccessful in their search for her. The supposition is that she had either determined to return to the wife of the hotel clerk at Greenfield or else had an appointment to meet her in this city.

## Bismarck and the Jews.

HE DECLARES HIS UNFRIENDLY FEELING FOR THE HEBREW.

Herr Harden, a journalist of Berlin, has had an interview at Friedrichsruhe with Prince Bismarck on the subject of anti-semitism which is at present playing an important part in the political affairs of the empire. Prince Bismarck has expressed himself freely and left little doubt as to his position on the question. The interview was quite lengthy. In substance Prince Bismarck said: "I was never a friend of the Jews, owing to my education. I was, in 1847, the adversary of Jewish emancipation, which I subsequently favored in 1869 because the late Baron Bleichroeder appreciated my national projects. The re-appearance of anti-semitism after an epoch of speculation is natural, because the deceived people confound capitalism with Judaism.

In 1880 the anti-capitalists movement could have been moderated only by the safety valve of anti-Jewism. The Howard era will result in politics with no important or lasting consequences. Prince Bismarck added that the adoption of legal means against the Jews would be useless, and expressed the opinion that the cross breeding of the Hebrew and Gentile races would gradually bring about a settlement of the vexatious question. The tone of the interview was moderate throughout.

## Convict Sues an Ex-Governor.

THE STRANGE CASE GROWING OUT OF A MINNESOTA LAW.

A St. Paul, Minn., despatch says: A sensational suit was begun against William R. Merriam, ex-Governor of Minnesota, today by James C. Nethaway, of Stillwater, on behalf of Thomas O'Connor, a life convict in the state penitentiary. The damages asked are \$25,000. The story leading up to the suit is one of the most pathetic in the state's history. Eighteen years ago Thomas O'Connor and Thomas Kane, two convival companions, had a rough-and-tumble fight near Montgomery, LaSueur county, and Kane was stabbed to death. O'Connor was tried and sentenced to spend the remainder of his days behind the prison walls.

Two years ago friends of the Younger brothers, the Missouri outlaws, secured the passage through the legislature of a law permitting the governor to release life prisoners on their promise to leave the state of Minnesota forever. Under this law the governor who was then William R. Merriam, refused to set free the Younger brothers, but he ordered the release of O'Connor. The latter left the state at once, but his wife, who still lived near Montgomery, fell very ill. On her deathbed she expressed a desire to see her husband. He came, and while she lingered between life and death someone told the officers of LaSueur county, who seized O'Connor and informed the Governor of his capture.

Gov. Merriam ordered O'Connor incarcerated and he was sent back to prison. His case was carried to the supreme court of the state, and yesterday a decision was rendered to the effect that O'Connor must be released on the ground that Gov. Merriam had no right to act until the case had been examined by the court in which the prisoner had been tried or by a higher court. An order was this evening received by Warden Wolfe at Stillwater, and O'Connor will depart a free man to-morrow. The \$25,000 suit against Merriam is for false imprisonment.

## Poisoned by Sponge Cake.

SAUTER MIGHT HAVE BEEN WARNED BY THE DEATH OF HIS CHICKENS.

A family named Sauter, residing at West Liberty, a few miles out of Pittsburg, Pa., were poisoned a few days ago by eating sponge cake. One boy is dead, another child cannot recover, and the remaining members of the family, seven in number, are in a critical condition.

Sauter keeps a dairy and raises pigs and poultry for market. On Thursday last he gathered a large load of sponges and refuse from stores and houses with which to feed his stock. Among the stuff were found several stale sponge cakes.

Parts of the cake were given to his family to eat and the rest were fed to the chickens. Soon after all of his chickens were dead. This, however, did not warn him that the cakes contained poison, and his five children ate the remainder. The children were seized with convulsions. A doctor was summoned, but a five-year-old boy was dead before he arrived.

## An Era of Grave Opening.

ALL BECAUSE A SKELETON IN A DOCTOR'S OFFICE HAD BROKEN RIBS.

A medical student and his skeleton have aroused the people of English, Ind. Henry Adams was graduated last month from a Louisville medical school and carried back home with him a negro's corpse which he had bought. A few weeks ago the skeleton was prepared and hung in the young doctor's office.

Some inquisitive villager discovered that three ribs of the skeleton were broken, and it was soon whispered around that the skeleton was that of the late Town Marshal, James L. Jones, who had died several months before. An investigation was demanded, though Doctor Adams protested his innocence of having anything but the kindest feeling towards the remains of the late Town Marshal. His brothers came to his support and denied the charges of the citizens; but it was finally agreed to disinter the body of Mr. Jones and satisfy the public demand. This was done, the result being a complete exoneration of the student from all charges.

## News Notes.

M. Keen, a hired man of 31, has married Mrs. Goodrich, 41 years of age, of Glatonburg, Conn., said to be worth \$100,000.

George Jeremiah, of Columbus, Ohio, has applied for a patent for a killing machine, which, he claims, will be as painless in operation as is compatible with sure work. The machine simply severs the head from the body in the quickest possible time.

The mill owners at Danvers recently notified the operatives that a reduction would be made in the wages. The mill hands refused to accept the terms of the masters, and ten thousand operatives went on a strike. Several mills have been compelled to close.

Reports from all about Quebec state that the sap is flowing more freely now than it has done for years, and that the output of maple sugar this season will be the greatest within the last decade. It is calculated that the Beauce district alone will turn out 3,000,000 lbs., or 1,000,000 more than its last year's crop. Dealers are buying it on the spot at six cents per lb.

The Montreal Gazette says: The St. Gabriel incinerator site, covering 173,000 feet, three hours before the city purchased was sold for 12 cents a foot. The city is to pay 18 cents a foot for it. This is the statement made by Ald Stevenson in the council yesterday. The Colonel has evidently struck the nail of a more than ordinarily black Ethiopian.

The Maitland gold mine, recently discovered on Lot No. 2, Tudor Township, Ont., in which Montreal capitalists are interested has proved to be the largest vein of quartz ever discovered in America, being over 540 feet wide, running half a mile north and south, and carrying free gold specimens which have yielded from \$8 to \$20 per ton, an exceedingly big percentage.

## A Brockville Druggist's Case

BROCKVILLE, April 24th.—The popular impression is that doctors and druggists seldom take their own medicine. This is no doubt true, but when a doctor falls ill he generally calls in one of his own profession, in whose skill he has every confidence, or when a druggist is in a similar situation, he often puts his faith in the preparations of some other chemist which he knows give good results. Both the doctors and druggists in such cases show their good sense.

A case in point happened in this town a short time ago. Mr. F. M. Turner, the well known and popular druggist, who is now traveling for Parke, Davies & Co., has for a long time been a sufferer from congestion and inflammation of the kidneys. He tried a great many remedies, but with out results. His patrons, however, spoke so highly of Dodd's Kidney Pills that he was induced to try them. He now states that he is completely cured, and to you correspondent he said that as a rule he had very little faith in patent medicines, but that for the cure of kidney troubles, rheumatism, backache, etc., he does not know of any remedy that is giving such good results as Dodd's Kidney Pills.

Rosalie—Is your fiancee generous? Grace—Well, I should say so. He's just mortgaged his house to buy me a ring.

JOHN KILLOCH, Montville, Me.

## THEY SAID I MUST DIE : : : BUT : : : I AM WELL AND HAPPY.

MR. KILLOCH SAYS:—

"I am 55 years old, and for the last 15 years, have had the worst Blood Disease known to man. To add to my misery, my Bowels became constipated, appetite ceased, and I was so reduced in flesh and strength, I could only walk by the aid of crutches. An Eating Sore started on my side, and in spite of physicians and medicines, increased, until it measured 27 by 35 inches, having sections of my ribs bare. Dr. Killoch, advised SKODA'S REMEDIES. One course, 6 bottles of the DISCOVERY, with the LITTLE TABLETS, using the OINTMENT and SOAP externally, perfectly healed the sore. I have gained 25 lbs. in flesh, and am a WELL MAN."

I certify to truth of above statement. I knew Killoch's condition before treatment, saw him during treatment, and have seen him since cured.

VOLNEY B. THOMPSON, Montville, Me. (Chm. Selectmen.

SKODA DISCOVERY CO., WOLFVILLE, N. S.

For sale by all Druggists. Trade supplied by W. R. Watson, Charlottetown, P. E. I.

## Card of Thanks.

To the Directors of the Charlottetown Mutual Fire Insurance Company.

GENTLEMEN.—We have much pleasure in acknowledging the receipt in full of our claim for damages caused by the fire in our Machine Shop and Moulding Shop on the morning of April 30th. The promptness with which you have settled our claim on the third day after the fire should recommend the Mutual to the patronage of our citizens.

A. WHITE & SON.

Ch'town, May 2, 1893—3i
