

Premier Alex B. Campbell Speaks At Annual Meeting

Premier Alex Campbell, 34, said Monday an atmosphere of optimism pervades the province which will do much to close the economic gap between the island and other provinces.

A great deal of concern existed which would be translated into action on improvements needed in education, social services, the basic industries of fishing and agriculture and the search for new industry.

The premier told the annual meeting of the Atlantic Association of Broadcasters he was confident that, despite disappointing provisions for his province in formulas recently proposed at federal-provincial talks in Ottawa, he had high hopes for studies of provincial economic and industrial incentive programs now under way.

He described the approach as the threshold to Operation P.E.I. Agriculture and fisheries now cannot provide the level of economy enjoyed by all the other provinces.

LOOKS FOR INDUSTRY The Liberal premier, in office less than two months, said

Mr. Campbell also spoke of a gap that was becoming increasingly apparent in the age group between 15 and 55, the most productive segment of the province's work force.

He estimated that it cost the province \$20,000 to educate a student. The numbers who completed their education and left for other provinces "worked out to a \$3,000,000 gift annually" from his province to others.

He told broadcasters that methods of increasing revenues could not as easily apply in P.E.I. as in other provinces. A one per cent increase in sales tax in his province would provide his government with considerably less return than it would the government of Saskatchewan if a similar tax was applied there.

Centennial Project Announced

MONTAGUE — The centennial project for the Montague area will be an artificial ice plant in the community skating rink. It was officially announced yesterday by Keir Clark, minister of municipal affairs that this project has been officially approved by the Centennial Grants Committee.

The balance of the cost will be paid by the Montague district, but it is hoped a further sharing at the government level will be forthcoming through the province's municipal Winter Works program. The above grant and winter works assistance is expected to cover approximately half the \$36,000 which the plant is expected to cost.

The building was completed earlier this year and it is expected all will be ready for the forthcoming winter season.

PRELIMINARY HEARING

Bail Is Set At \$5,000 In Portage Theft Case

SUMMERSIDE — George Michael Charles Kinch Jr., Summerside, was committed for trial after a preliminary hearing of the charge of break, entry and theft against him in county court here yesterday before Magistrate W. Chester S. MacDonald.

Bail was set at \$5,000 in two sureties of \$2,500 each. Six crown witnesses were heard yesterday. Edward Sharbell, owner of Sharbell's Store in Portage, testified he had discovered his store broken into and the store safe missing when he came to work about 7:30 the morning of August 6, a Monday. The safe had contained \$1,400 to \$1,500 in cheques, about \$3,500 in cash, several government bonds, three watches, a revolver, a purse containing \$250, and the store's ledger books when he had taken inventory on Saturday evening.

taken in later Saturday and Sunday afternoon, when the store was also open. Nothing had been taken when he placed this money in the safe Sunday evening.

Constable D. H. Bartlett and Cpl. Winston McTavish, both of the Summerside detachment of the RCMP, which conducted the investigation, testified to finding the broken safe on August 8, with ledger books bearing Sharbell's name and bonds and papers strewn around it, which they took to the Summerside detachment headquarters. Also testifying were Summerside town police Constable Gordon Gray, Sgt. W. J. R. MacDonald, NCO in charge of the Summerside RCMP detachment and D. J. Nelson, chemistry laboratory, RCMP crime detection laboratory in Sackville, New Brunswick.

Vernon Dale Costain and Nelson William Costain, both of Miminegash, were each fined \$50 and costs or 30 days for common assault. They had previously been charged with assault causing bodily harm to Leigh Ramsay of Campbellton.

Mayor Informs Council Top Official Is Expected

SUMMERSIDE BUREAU OF THE GUARDIAN By LAUCHE CHISHOLM The centennial year — 1967 — promises to be a banner year for the town of Summerside, replies to letters sent out by the mayor and council recently indicated.

Mayor George Key told the regular monthly meeting of town council here yesterday that John Fisher, centennial head, may be among guests at the 1967 Lobster Carnival in Summerside. Mayor Key said that a reply from Mr. Fisher's office indicated that he would leave the dates open for the carnival. If present plans are carried out, R.C.N. ships will be in harbor here during the festival. The P.E.I. Centennial Committee had made two requests — according to information received by the Mayor and council, and Mayor Key added that neither of the dates selected were those of the carnival. The Mayor will write Hon. Paul Hellyer with the request.

MR. HOGAN wire and direct telephone conversation.

ISLAND HEAD The meeting was informed that J. Charles Hogan, centennial committee head for the island, would be present for a centennial meeting Monday at 8 p.m.

Also scheduled to be in attendance for two days of the carnival next summer is the famed R.C.M.P. "Musical Ride" and band. Mayor Key thanked Premier Campbell and Minister T. E. Hickey for their co-operation in this project.

A town centennial project for 1967, a swimming pool, still needed approval from the federal government centennial committee. It has met the approval of the provincial body. Also the project is seeking approval as a winter works project.

The financial report stated that the administration fee of \$3000 per year as contained in the RCAF school tuition agreement has not been received by the town for the past three years since inception, although repetitive requests have been made through the local RCAF accounts division to Ottawa by

Major George Key stated that the Department of National Defence was defaulting on the payment, but that the major portion was being paid. The local RCAF are helpful, he said, but \$300 has never been paid the last three years. Of the agreement, clause No. 1 has not been honored, he stated.

He said that the only reason he knew that the money allotted wasn't being paid was that there was too much "red tape". A letter will be forwarded to Defence Minister Hellyer. "We don't want the Greenwood situation here," the Mayor commented.

POLICE REPORT A police report was read from Chief S. D. A. Wannamaker, who listed 12 cases under the criminal code, with seven convictions, four pending, and one dismissed.

There were eight under the Highway Traffic Act during the month of August, all resulting in convictions, and under town by-laws, 22 convictions for speeding, 20 for drunk, and six others covered by other by-laws.

There was only one case during the month under the Liquor Control Act.

In his juvenile activity, the chief reported several thefts from milk bottles, and theft of bicycles. A total of 11 bikes were reported stolen, with nine recovered.

There were 12 accidents during August, with seven over \$100 in damages, and five under \$100 damages.

The chief reported that two youths responsible for damage to Queen Elizabeth Park have paid for the damage and this will have a bearing on any other penalty imposed.

COLLECTIONS In collections, the chief reported \$2926 taken in during the month (\$1207 from fines and costs, and \$1203 from parking meters).

Councillor Alex MacDonald complimented the parents of children who took their children in when they were discovered in possession of stolen property.

Councillor Mollison said that he followed with interest the case of assault causing bodily harm in which the appeal was dismissed in Supreme court. The man was sentenced to three months, but according to Councillor Mollison, served only part of that term. He said that he felt politicians should stay out of it, and that for such a crime, the parole board of the Detachment of Justice was doing an injustice.

Alberton Man To Halifax In Helicopter

HALIFAX (CP) — Benjamin Gaudet, 65, of Alberton, P.E.I., was brought here by RCAF helicopter late Monday to undergo surgery for an undetermined illness. No other details were available.

ially in winter. At present, the lanes are to be painted and the entire area at that point is to be paved.

Some discussion centered around a new TV Channel. The mayor said that information had been forthcoming from the Halifax station who are applying for a satellite, but no information had been available from the Moncton station. The mayor said he understood that the proposals will have to be made public in the next few weeks and his suggestion was to wait until then before making any decision. He also stated that the only opposition to the stations appeared to be from each other.

The town council approved a resolution put forward by Councillor Frances O. Perry, a seconded by Councillor J. E. Morrison. The resolution stated that the employees of the town of Summerside subscribe to a pension plan. Tenders had been called and awarded to Investment Trust Company, one of eight companies who submitted tenders on request.

The plan is entirely voluntary. Councillor (Mrs.) Morrison told the meeting.

Tender was also awarded for the purchase of 1250 feet of hose for the fire dept. The tender was awarded to Hall Manufacturing Company Ltd. for \$1815. Other tenders were submitted by King Seagrave, R. T. Holman Ltd., M. F. Schurman Co. Ltd.

Councillor Schurman moved that the council go on record as asking that the sections in the new traffic setup at Reed's Corner be marked off with grass and curbs, so that the lanes will be easily seen, especially in winter.

Teachers Appoint Officers

Officers appointed at the first meeting of Elliot River South Teachers' Study Group in St. Catherine's School, recently were: President, Mrs. Violet MacEachern, Vice President, Cindy MacKenzie, and Secretary, Arlene MacDougall.

Meeting places were decided on for each month of the year and Mrs. MacDougall, Nine Mile Creek school, invited the teachers for the next meeting on Oct. 25, 1966.

Mrs. MacEachern outlined some of the lessons in "New Math" as taught by Willis Hall at Prince of Wales College this summer. The modern methods of teaching the basic operations in arithmetic were discussed. A brief period was set aside for
