Souvenir Photographs

Advance orders for photographs of our P. E. Island Transvaal contingent have at last been all filled. Now is the time for those who did not leave orders to obtain these interesting souvenirs.

Everyone should have one. The boys will soon be at the front. They'll probably see considerable fighting, and when they come won't they be heroes. All the stories they will have to tell.

The photos are in two sizes. Both are clear and sharp. One is mounted on a card 14 x 17 inches and makes a splendid picture for framing. The price is \$1.00

The other is mounted on a card about 7 x 9 inches—just the thing for the mantelpiece. The price is 35 cents. It will be mailed, post paid to any address.

The day before he left Charlottetown Rev. T. F. Fullerton, the noble chaplain who left home and all its environments to look after the spiritual welfare of the boys sat for a photograph. An excellent likeness was the result. This photograph may be had in three different sizes. Price 30, 40 and 45 cents. Either will be mailed to any address postpaid.

All of the photographs were taken and are being finished by Westlake Bros, Charlottetown. In Charlottetown the Photos may be had at THE EXAMINER office, or at Johnson & Johnson's down town drugstore.

In Summerside, orders for the large group photo may be left at D. K. Currie's Bookstore.

All mail orders should be addressed to Robert L. Cotton, P. O. Box 84, Charlottetown.

THE DAILY EXAMINER

NOVEMBER 28, 1899

WHAT KIND OF PROHIBITION?

The fact that Kinderzarten Hall was only about half full last evening, although Mr. Duncan Marshall is an eloquent and popular speaker, argues little public interest, at present, in the question of Prohibition. But this is not wonderful in view of the way in which the people were fooled about the plebiscite. Mr. Marshall was not as happy last evening as he was some months ago when, before an overflowing audience in Y. M. C. A. Hall, he exhorted the electors to "vote down" the Provincial traitors to prohibition who had passed a license law and to "vote down" the Federal deceivers who had refused to fulfill the expectations as to the plebiscite held out by them previous to the last general election. Last evening it was his duty to show why the electors present should sign the following—

PLEDGE.

We, the undersigned, promise that at the next general election for the Dominion Parliament, we will vote only for such candidates as will agree to do all in their power, if elected, to obtain the immediate enactment of such legislation as will secure the total prohibition of the liquor traffic in at least those provinces and territories that give majorities for prohibition in the plebiscite.

This pledge to be null and void unless 25,000 signatures to it are secured.

In the performance of this duty Mr. Marshall spoke clearly and forcibly, setting forth many facts and meeting a number of objections. But he was not "inimious" in respect to the important point. He avoided an explanation of what was meant by "Provincial Prohibition;" and when questioned he was neither very clear nor very frank. "Prohibition" sounds well; and if complete in respect to manufacture and importation as well as sale, it is, at all events, worthy of trial. But if it means liberty to import liquors from Quebec, St. Pierre, Great Britain, France, or the United States, or elsewhere, it would, as has been proved in the operation of the Canada Temperance Act—be merely a delusion and a snare. Everyone knows, now, that if the "manufacture" and "importation" are not prohibited, the "sale" will continue. This being the fact, common honesty should dictate to the Dominion Alliance and their agents, the propriety and importance of explaining to those whom they ask to sign the "pledge" here quoted, that the prohibition involved in it will not insure the prohibition of the "importation" of liquors and will only effect a sort of enlargement of the Scott Act under which liquors of all kinds may be legally brought into the country, placed in bonded warehouses, and taken out of bond as consumed by the customers by such men as Scrimgeour. We are opposed to any and all such humbug. More than that, we object to the use of the word "prohibition" in such a sense as calculated to bring genuine prohibition into disrepute. Real prohibition—prohibition of "manufacture" and "importation" as well as of "sale," may be made effective to the reduction of drunkenness, and ought to be tried. This being so, no true friend of temperance, who has no ulterior object in view, will use the word to represent a condition under which the importation of

liquors for beverage purposes will not be prohibited.

There is another point to be considered. The Plebiscite vote was taken for national and complete prohibition; and it would manifestly be unfair, upon the strength of that vote, to pass a law bringing Nova Scotia, New Brunswick and Ontario under the operation of a partial and spurious prohibition. Many electors who voted for the first would not vote for the last.

Mr. Marshall's cry when he was here last summer was the right one. "Vote them down." Vote down the Liberals because they have humbugged the people with their Plebiscite. Vote down the Conservatives when it shall appear that they have failed to recognize the righteousness and the strength of the prohibition cause. Show the politicians of both sides that prohibitionists are a power in the land to raise up and put down governments, and that they mean business. Prohibition—full and complete National Prohibition—will then soon, be an accomplished fact.

RESULTS OF INCOMPETENCY.

APART from the unfortunate case of Mr. Walter Lowe, upon which more light is needed, there are two or three points to be noted in connection with the Asylum-Annex contract.

First of all, the new contract price is \$27,000, or about \$6,000 more than was to have been paid under the original contract. Then, it is admitted that the Government will lose \$1,500 advanced to Mr. Lowe; while Mr. Lowe will lose the difference between the amount accruing from the forced sale of the materials and their actual cost. So that the bare financial loss resulting from the Government's incompetency to deal promptly with the conditions resulting from the architect's blunder are not inconsiderable. If they had gone on, according to the provisions of the contract, it is probable that Mr. Lowe would have performed the "extra" work required for less than the \$1,500 he has obtained.

But the financial loss, great as it is, is a small matter in comparison with the discomfort and suffering that has been inflicted upon the wretched lunatics stowed away in the garret, sleeping ten in a room, at times shivering with cold. Since the Lowe contract was broken by the Government, two long winters have been passed under these conditions; and two other winters are yet to be passed,—for the Parkman, Crabbe & Jenkins contract is not to be completed until 1901!

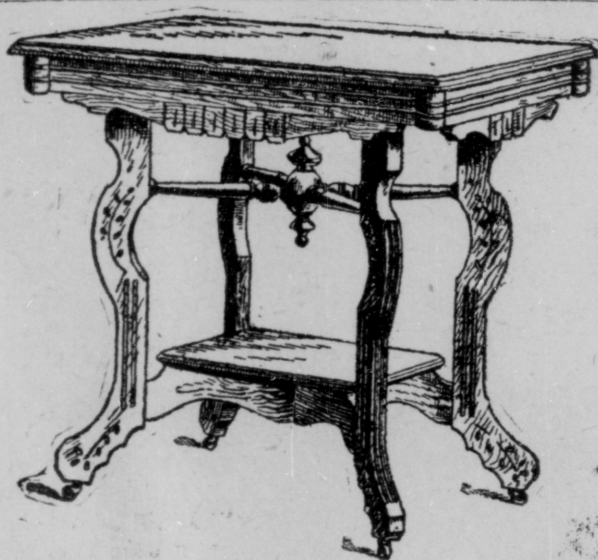

Such are, briefly stated, some of the results of government by the men now in office. Electors, vote them out.

Important Auction Sale

I am instructed to sell by Public Auction, at the Court House, in Charlottetown, on Wednesday, December 20th, 1899, at 12 o'clock, noon, that large four story brick building on Grafton Street, now occupied by F. Perkins & Co., as a dry goods store.

This building was erected in 1896, and is one of the largest and most attractive store buildings in the city; it is centrally located, being immediately opposite the Post Office; and on the street which most persons from the northern and eastern sections of the country now use when driving into market, and which those from the southern districts will use, after the bridge over the Hillsborough River is built.

This is one of the rare chances to secure property in the very centre of the business part of the city.

Terms: Ten per cent at sale; balance on delivery of deed within ten days.
