In opening their new "Budget Shop" today, the firm of R. T. Holman, Limited, made another step forward in their determination to cater more fully to the buying public in the Charlottetown area, and bring to them, under the same roof, a variety of every-day requirements not previously carried by their city branch.

The entire ground floor at the rear of the main entrance with a floor space of 80 x 120 feet, which has in the past been used as a furniture showroom, has been fitted up as a "Budget Shop", where a complete line of inexpensive style wear, sports wear, etc., is available. Attractively arranged counters carrying children's and men's wear including an inexpensive line of work clothes for the latter.

Other items carried in the new department are kitchen ware, a large assortment of toys and an assortment of candy. 25 big special items are placed on sale today for the big opening designed to impress the buying public with the knowledge that R. T. Holman Ltd. is endeavouring to meet their requirements in several new fields. Mr. Alan Holman, manager of the Charlottetown branch said yesterday: "We feel that the new department will be of real service to the Charlottetown shopping area in that it will supply inexpensive wearing material on a credit as well as a cash basis." The furniture department has been moved one floor up to that portion of the recently acquired building formerly used as a dance hall, which runs the entire depth of the block from the street front. It is adjacent to the carpet department and lends itself to a splendid display of modern furniture under favourable conditions as to both space and light.
