Strange, but True

The child that cannot
digest milk can digest
Cod-liver Oil as it is pre-
pared in Scott's Emul-
sion. Careful scientific
tests have proven it to be
more easily digested than
milk, butter, or any other
fat. That is the reason
why puny, sickly child-
ren, and thin, emaciated
and anemic persons grow
freshly so rapidly on Scott's
Emulsion of Cod-liver
Oil and Hypophosphites
when their ordinary food
does not nourish them.

TIME FOR GREAT THOUGHTS.

Thomas Moore often wrote a short
poem almost impromptu. He con-
sisted over two years in reading and
preparing material for "Lalla Rookh,"
and two years more in writing that im-
mortal poem.

Gibbon devoted over 20 years of his
life to the labor of reading for and
writing the "Decline and Fall." It is
one of the most stupendous literary
feats ever accomplished by the labor of
one man.

Johnson commonly required three or
four months for the composition of a
drama. He generally revised it after
the rehearsals had begun, adding here
and taking away there as his judgment
and fancy dictated.

Emerson is reported often to have
spent six months to a year in the
composition of one or two short essays.
His object was the condensation of the
greatest possible thought into the
fewest number of words.

Shakespeare prepared a drama for the
stage in a week or ten days, though
four or five times this period was
given to the work of revision and
revision. The result of the play had
been given to the actors.

Irving wrote the first 120 pages of
"Trueman Hall" in ten days; the
"Alhambra" was mostly written during
the three months he spent in that
place; his "Life of George Washington"
required nearly five years.

Scott is said to have written "Waverley"
in less than six weeks. He
wrote very rapidly, seldom revised,
and, as a consequence, his novels are
full of blunders, inaccuracies and an-
achronisms.

George Eliot is said to have written in
"Middlemarch" in four months. Some
doubt is thrown upon this statement
by the fact that she commonly worked
slowly, writing with great care and
deliberation, and that she wrote several
after her work was done.

Cruden labored nineteen years on his
concordance to the Bible and immor-
tally after its publication was sent to
a lunatic asylum. He never en-
tirely recovered from the mental dis-
ease induced by this gigantic under-
taking.

Burns committed his poems to mem-
ory as he composed them, and when
he sat down to write he had before
him no labor of composition but only
the task of writing down what he had
already finished.

Dickens says in the introduction to
"David Copperfield," that he spent two
years in the composition of that novel.
He did not usually require so long a
time, many of his novels being finished
in less than a year and most of his
shorter stories in a few days.

Froude passed seven years in col-
lecting materials and in writing his
history of England. He was very care-
ful in the selection of data and spent
whole days in the effort to verify a
single fact or citation.

Bancroft devoted nearly 30 years to
his history of the United States, which
is not a history of the United States
at all, since it ends where the history
of the country properly begins. Had
the work been continued on the same scale
down to the present, 75 or 80 volumes
would have been required.

**Victims of Rheumatism
find a cure in Paine's
Celery Compound.**

**Nothing Like it for Banishing the
Awful Disease.**

**Old and Chronic Sufferers are
Made Pale and Strong.**

Mr. William McWilliams, of Bradford,
Ont., writes as follows about his case:
"Unwilling to forward this testimonial
as to the value of Paine's Celery Com-
pound. I am well up in years and was
sorely afflicted with rheumatism. I pur-
chased and used six bottles of your medi-
cine, and am now perfectly well. I have
no rheumatism left."

The above is just an ordinary sample of
the proof that cured people furnish every
where.

Let us utter a few words of warning to
all who feel the pangs of a disease that
makes life a misery and burden.

The most dangerous season of the year
is now with us; there is no necessity to
enlarge upon this fact. Chilling winds,
damp weather and heavy impure at-
mosphere aggravate every condition of rheu-
matism, and brings many a sufferer to the
grave.

Take courage, all victims of rheu-
matism. If you have failed with doctors and
the ordinary medicines of the day, re-
member you have not yet given Paine's
Celery Compound a trial. This marvellous
medicine has made new men and
women of thousands who were pro-
nounced incurable by physicians. It can
do all I will do the same good work for you
if you fairly and honestly use it for a time.
Mr. McWilliams' case was one that baffled
all other medicines but Paine's Celery
Compound, which proved victorious at
every point, giving him a new and better
life. Go thou and follow his example.

In 1893, 3,806 women voted in Connecti-
cut for school committees; in 1894, 3,241
votes, and in 1895, 1,906 votes. There are
175,000 women of voting age in Connecti-
cut.

All About Phosphorus.

Phosphorus is one of the most life
giving principles, and it is found abun-
dantly in the Norwegian God Liver. Com-
bined with hypophosphites of lime and
soda, it forms the most wonderful blood
creator known to science. Miller's Emul-
sion of God Liver Oil produced from
Norwegian fish is the finest preparation of
this oil in the world. Its flesh and blood
producing qualities enables the sufferer to
gain the mastery over consumption and
consumption a new life under higher physi-
cal conditions. Miller's Emulsion is the
great nerve strengthener and blood maker,
and cures Coughs, Colds, Bronchitis,
Scurvy and all Lung affections. In Big
Bottle, 50c. and \$1. at all Drug Stores.

ORGANIZATION OF FARMERS.
A FEATURE OF THE DAY.

James Rogers Speaks Earnestly.

The development of Farmers' Institutes and
other means of education on successful prac-
tical farming has proven beyond a doubt that
the present day farmer requires to be a student
of his work. The most successful ones are not,
as a rule, those who do the greatest amount of
manual labor, but they are found ranking first
as prize-winners on all agricultural products.

James Rogers, a resident of Tilsburg, Oxford
Co., Ont., for 45 years, has taken numerous first
prizes during the year. A successful, reliable
man, his statement will be of interest to many:
"I have suffered for seven or eight years with
Itching Piles; the torture and agony I cannot
here find words to describe. Night after night
was kept awake with the painful itching. I
ried all the physicians and every known
remedy all to no account, not even relief. I
firmly believe one box sufficient to cure
any case of Itching Piles no matter of how
long duration. I would not be without it for
ten times its cost. In volunteering this testi-
mony and my consent for the manufacturers of
Chase's Ointment to use it as they wish, it is
that like sufferers may know they can be cured."

Price 50 cents, sold by all druggists. Edman-
son, Bates & Co., Toronto.

Land of Confucius

Vancouver (Special) Oct. 14.—A pas-
senger by the last vessel from China stated
the other day that among other Canadian
products which are fast coming into favor
in the Chinese treaty ports, is the Canadian
specific remedy for kidney diseases of all
kinds known as Dodd's Kidney Pills. The
medicine was first introduced by Canadians
and the increase in its use both by Euro-
peans and natives is attributed first to the
accounts of its success in the Canadian
and American newspapers, many of which
are received in Shanghai and other ports,
and later to its established efficacy in cur-
ing all kinds of kidney diseases, which are
very prevalent in the country.

The South American republics have
decided not to recognize the Cuban rebels
as insurgents pending the actions of the
United States and Great Britain.

CASTORIA
for Infants and Children.

MOTHERS, Do You Know that Paregoric,
Batesman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and
most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupifying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics
without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child
unless you or your physician know what it is composed of?

Do You Know that Castoria is a purely vegetable preparation, and that a list of
its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel PITCHER.
That it has been in use for nearly thirty years, and that more Castoria is now sold than
of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of
other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word
"Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was
because Castoria had been proven to be absolutely harmless?

Do You Know that 25 average doses of Castoria are furnished for 35
cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may
be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.
