Opening lead—ace of clubs.
In the opening session of the 164-board match for the world championship between Italy and the United States, the Italian team gained 14 international match points in the 16 hands that were played.
The largest swing occurred when this deal, No. 10, was played. I held the West cards. The bidding went as shown. Two rounds of clubs were cashed and Crawford later scored a trump trick. D'Alieo made ten tricks for a score of 620 points.
We noted at the time that the result seemed fairly normal. There was a possibility, we thought, that our teammates, Tobias Stone and Alvin Roth, might reach a contract of four

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
I S L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Amateur Theatre Boost Needed

TORONTO (CP)—A visiting British expert says the fledgling Canada Council should sponsor a touring professional company to boost the standards of Canadian amateur theatre.
Richard West of London, this year's adjudicator for the regional competitions leading to the Dominion Drama Festival, said Sunday in an interview the amateur theatre here boasts tremendous enthusiasm—but little experience.
"There is a lack of skilled directors."
"Canada needs a drama school but firstly it needs a professional touring company. There is no lack of good professional talent in Canada. Too many of your professionals are unemployed."
"A directors seminar would be a very good idea here."
Mr. West is in Toronto for the opening of the Central Ontario Drama Festival tonight. Six plays will be presented, one each night through Saturday.
Mr. West is to complete his Canadian adjudications in the Canadian drama festival at Halifax May 12 to 17.

Gov't Of N.S. Provides Water For Pulp Mill

CANSO, N. S. (CP)—Premier R. L. Stanfield of Nova Scotia said at a political meeting here Saturday night his government is spending \$50,000 this winter to provide the water potential needed for a proposed pulp mill in the Mulgrave area.
The Swedish Stora-Koppaerberg firm plans to build the mill which will produce 350 tons of chemical pulp a day.
"We have been asked to provide enough water to support 700 ton mill," said the Premier. "The engineers state they will not recommend a site unless there is enough water to permit doubling the capacity of the mill."
The mill would consume 250,000 cords of wood a year, 150,000 cords from crown lands and 100,000 cords from woodlot owners.
He said the \$40,000,000 mill would bring \$10,000,000 a year into Nova Scotia.

Charges Works Program Phoney

MONTREAL (CP)—Hon. George Marler, transport minister in the St. Laurent cabinet, has described as "phoney" and "inflated" the Progressive Conservative government's promise of a \$1,185,000,000 works program to reduce unemployment.
Campaigning for the March 31 federal election, Mr. Marler denounced the program as being "long range" and only a partial solution to the unemployment problem.
