THREE GUNNERS CONVICTED - Yesterday afternoon at Souris Stipendiary Magistrate Joseph W. MacDonald gave judgment in the case of three Mount Stewart gunners charged under the Migratory Bird Regulations with hunting black ducks during the night. A plea of not guilty had been entered at the initial hearing at Montague on October 11th when Mr. Lester P. O'Donnell appeared for the defence. The defendants were met by an R. C. M. Police case patrol on the night of October 6th when they came ashore at Plaquid Pond a few minutes before ten o'clock. Defence counsel contended that the ducks intended to remain all night on the pond so as to be on hand for the morning flight. However, in reviewing all aspects of the case the Magistrate found all three guilty and fines and costs totalling \$37.50 or 30 days in King's County gaol were imposed. The shotgun and decoys seized at the time of the incident were ordered returned. The case was investigated and prosecuted by the R. C. M. Police.

CHILDREN'S AID (Continued from Page 1) tional Department of Health and Welfare to come to Prince Edward Island to assist the citizens here in their efforts to expand their child welfare services.

Mr. Nicholson also stressed the urgent need for the establishment of a Province-wide child welfare agency such as a Children's Aid Society from the point of view of family allowance payments to neglected and orphaned children in institutions alone. He pointed out in this connection that Family Allowance payments can only be made to children in institutions when the parents or child welfare agency assume the responsibility of meeting minimum maintenance requirements.

Suggests First Steps Mr. Glen Allen then addressed the meeting on a proposed plan for organizing a Province-wide agency as a first step he suggested a Planning Committee to work with the present executive committee to re-organize on a province-wide basis. As a second step he suggested a campaign committee to prepare for a campaign to raise funds for the first year's operation of the new society.

Following Mr. Allen's remarks, a motion was made and carried to the effect that the meeting go on record as being in favor of a campaign to raise funds for the proposed new society. As a result of ensuing discussion on Mr. Allen's proposals, a committee of ten members was appointed to meet with representatives of other organizations interested in welfare work with a view to planning the re-organization of a Children's Aid Society. Named to the committee were: Major Alan Nicholson (chairman), Police Chief C. MacArthur, Lt.-Col. A. W. Rogers, Lieut. J. J. Trainor, Major D. L. Matheson, Major A. H. Peake, Lt.-Col. Dr. Murray On Korean Problem

A stirring challenge was issued by Dr. Florence Murray last evening in Herby Hall and appealed for help in foreign fields.

Dr. Murray's address was sponsored by the P. E. I. Presbyterial, and she was introduced by the President of the organization, Mrs. J. D. MacFarlane.

Assisting in the service were Mrs. Stanley Thompson, Mrs. Gordon Avar, Miss Edith Morrison, and Mrs. Elizabeth Thompson who acted as accompanist for the hymns. Soloists for the evening were Mrs. Leigh Warren who offered "I heard the voice of Jesus say."

Dr. Murray is a daughter of the late Rev. Robert Murray of O'Leary, P. E. I. and was formerly a student at F. W. C. She went to Korea as a missionary in 1921 and was there until the beginning of World War Two when she was traded for Japanese prisoners of war and permitted to return to Canada. Upon completion of hostilities she returned to her mission field and left again on the very day of the outbreak of Korean war.

Describing Korea to her interested listeners last evening, Dr. Murray stated that the population was approximately thirty million, and the country very mountainous. She said she believed the war was due to the fact that many Koreans had evacuated to Manchuria and Siberia as the Japanese invaded their homeland, and due to the Communist influence in the countries they visited, were consequently led to think as Communists.

Dr. Murray described vividly the conditions among the Koreans before the war, and of the work the missionaries and other Christians were endeavoring to accomplish. She stated that when she left Korea the last time only nine missionaries left with her. Her own missionary field was in the north eastern section.

In her appeal for aid Dr. Murray stressed the need for additional missionaries, and the forwarding of relief to the stricken Koreans. She told her audience that many people think the only escape from the approaching crisis is through another World War, but that if everyone would give freely of their time and efforts a war could be averted. She concluded by saying "We can have the kind of world we want if we are willing to pay the price."

Benediction was pronounced following the splendid address by Rev. H. E. D. Ashford.

He also suggested that each Service Club in each community sponsor some special event in January and donate the funds raised to the March of Dimes Campaign.

Says Farmers Can Help Prevent War

HALIFAX, Oct. 26. (CP)—There is a tremendous future for our farm men and women in preventing our young men and women from future war, W. R. Shaw, Deputy Minister of Agriculture for Prince Edward Island, said here tonight in an address at the annual convention of the Women's Institutes of Nova Scotia.

The farmers of the world can help to prevent war, he said, by helping to see that all the people of the world are fed and that food surpluses are able to cross frontiers and boundaries to where people are hungry.

Speaking of the co-operation and friendliness evident at the meetings of the International Federation of Agricultural Producers, which he attended in Europe, Mr. Shaw said that there was friendliness and neighborliness because they were all working on a common problem—food for the people.

Steps were taken to bring this to the attention of the congregation.

On motion the felicitations of the Court were expressed to the Rev. Dr. R. S. Quigley upon his recent election to the Moderatorship of the Synod of the Maritime Provinces and to the Honourable T. W. L. Prowse, an Elder of a Congregation within the bounds of this Court, upon his recent appointment to the Lieutenant-Governorship of this Province.

A call was presented in favour of the Rev. J. A. McGowan of Kensington to the Gairloch Charge in the Presbytery of Pictou. Messrs. Hiltz, Jardine, MacArthur and Raynor spoke in appreciation of Mr. McGowan's ministry and of their regret at the prospect of his departure. Mr. McGowan announced that he would accept the call, but at his request the Presbytery decided to postpone the date for the dissolution of the pastoral tie till the March meeting of the Court. A call in favour of the Rev. W. A. Young to Knox Church, New Carlisle, in the Presbytery of Miramichi, was presented and accepted by Mr. Young.

On behalf of the Court the Moderator expressed a warm welcome to the Rev. G. C. Webster and the good wishes of the members for his speedy and complete recovery. Reporting on Evangelism and Social Action, Mr. Cunningham stressed the value of preaching and teaching missions, several of which had been conducted lately in the Island.

Steps were taken towards a proper marking of the homestead in Alberton of the Gordon brothers who were missionary martyrs in the South Seas and a report on the discovery of the grave of the pioneer Presbyterian Minister, the Rev. Peter Gordon. Reporting for the Committee on S. S. and Y.P.S. Mr. McGowan told of a very successful week-end conference held at Camp Keir for Sunday School Teachers in September, and of the camps held during the summer for boys and girls and young people at the same place, and announced that the Presbyterial Y. P. S. Executive had pledged itself to raise \$100 annually for the work of the Camp.

In the annual election of officers, the Rev. Donald A. Campbell was chosen to succeed the late, F. N. Young in the Moderator's chair, and after being elected and installed, he warmly thanked the brethren for the honour done him. On motion of the Rev. T. H. B. Somers, the thanks of the Court were extended to Mr. Young for his excellent services during his moderatorial year.

The time and place of the next meeting was set for Tuesday, March 6th, in Zion Church, Charlottetown, at 11 o'clock in the forenoon.

Worked In Boston

It was in search of a wider field of endeavour that Mr. McCready first left Saint John and found a place on the Boston Herald. There he soon sprang into prominence as the first newspaperman in that part of the world to cover a balloon ascension by actual participation in the event. At that time, in the 1890's, it was a happening of international interest.

From Boston Mr. McCready went to New York and joined the staff of the New York Herald. He was with the Herald from 1893 to 1901 and during that time interviewed most of the distinguished personages who visited New York. He also played an important role in reporting most of the highlight events in the metropolis during that period.

War Correspondent

When the Spanish American War was at its height, Mr. McCready was sent by the Herald to serve as war correspondent. His many brilliantly written stories culminated in a world "scoop" when Admiral Cervera's Spanish fleet, previously bottled up in Santiago harbor, Cuba, came out and was destroyed. Mr. McCready's story was the first account of that event to be published.

In 1902, while still in his early 30's, Mr. McCready returned to the Sain' John to become editor of the Daily Telegraph. For 27 years he was associated with the development of the newspapers in his adopted city, holding important positions with the various pub-

Ancient Irish Tales Retold By Seumas MacManus

A delightful evening was spent by those who turned out last evening to hear Mr. Seumas MacManus, noted Irish folk-lore, in a lecture recital at the Prince of Wales College hall.

Mr. MacManus related, in an admirable manner, some of the legends which have circulated verbally in Ireland for many centuries—some of them dating back beyond the Christian era—and which he had learned as a boy in his native Donegal. These included tales of the origin of the Fairies, of Conal Cearnach and the Knights of the Red Branch, of the Well at the World's End, and the Tinker of Tamlich.

Applied descriptive of his masterly interpretation in Kipling's account of the story teller who could relate deeds of daring and romance, pathos and humor, in words which "became alive and walked up and down in the hearts of his hearers."

Ireland, Mr. MacManus explained, has been rich in talent of this kind from time immemorial. In ancient days the professional story
