

LET THE AGE OF REASON BEGIN

let us have sympathy and
understanding for Canada....
NOT Diefenbaker

Canada needs ACTION not oratory... DEEDS not indecision. Let us think of Prince Edward Island, and of Canada... let us place the direction of this country in the hands of a proven statesman, Lester B. Pearson, and his united team... let the age of reason begin... let us reject Diefenbaker as five of his chief cabinet ministers did! Think of what you want from this election... and when you're deciding how to vote keep in mind the broken promises of the Diefenbaker government...

NOW! READ THE WHOLE TRUTH!

NEVER HAD IT SO GOOD?

Yes we on the Island have received \$20,000,000 in the last five years. Is this a fair share of the \$5,000,000,000 debt the Tory Government has incurred in our name for us to pay. Less than 1/2 of 1% of what the rest of Canada received. Our children will pay the debt.

ONLY LIBERALS CAN MAKE IT GOOD

THE BEST CANDIDATES?

The best candidates the Tory's had in Ottawa all resigned. We wonder where our representatives the Island sent to Ottawa were when these mass resignations were taking place.
