

SPECIAL NOTICES.

Holloway's Ointment and Pills.—Erysipelas is one of the most unsightly and alarming of the diseases of the skin; it proceeds like others from an impure state of the blood and fluids. If Holloway's Ointment and Pills be used, it not only restores the immediate and wonderful effect they will have upon this disorder; in fact they may be said to act like a charm, destroying the virus, and acting as a depurifier of the blood, preventing other diseases from entering the system, and restoring the sufferer to sound and robust health after all other means have failed.

Holloway's Pills.—Of the many preparations that are thrown into the market for toilet purposes, few can be found to equal those of the well-known chemist, Messrs. Joseph Barnett & Co., of London. One result of their excellence is that those who use them once are always sure to give them the preference as standard articles for the toilet.—New Bedford Mercury.

THE OXYGENATED BITTERS.

A Query. Why will you suffer? Dyspepsia is a brief but comprehensive term for the numerous diseases which affect the stomach, liver, and intestines. The medicinal science was at fault and had exhausted itself in fruitless efforts to cure this disease. The Dyspeptic need suffer no longer with a disease that is always painful, and frequently a fatal ailment.

From a respectable and well known Druggist, Messrs. S. W. FOWLE & CO., CHARLOTTETOWN, PRINCE EDWARD ISLAND, June 21, 1860. Gentlemen.—You will please send me another copy of Dr. WHELAN'S OXYGENATED BITTERS, the sale of which I am happy to state is steadily increasing. Those who have tried either of them have borne witness to their efficacy as remedial agents in the treatment of the various symptoms which arise from constitutional derangements. I have since recommended them to several of my friends, with uniform and satisfactory results.

A DOWN TOWN MERCHANT.

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. WINSLOW'S SOOTHING SYRUP was just the article needed, procured a supply for the child. On reaching home, and seeing that the child was dead, she refused to have it administered, as she was so strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Retaining the child the day following, the father found the baby still worse; while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duty, and left the father with the child. During her absence he administered a portion of the Soothing Syrup, and found it doing nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the description of the Soothing Syrup, she continued to use it, and after a few days, crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prolixities of the mother.

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS, CONTAINING NO ALCOHOL. Reliable Testimony. We call the attention of the reader to the following letter from President Smith, of Wagon University, MIDDLETOWN, Conn., Feb. 28, 1852.

SETH W. FOWLE & CO., Gentlemen:—I first made use of the Oxygenated Bitters some seven or eight years since. Having suffered for twenty years from a form of dyspepsia, which was attended with a nervous headache, on an average of not less than three days in a week, I was induced, by the unprompting recommendation of Dr. Green, to try one bottle, and if no benefit was received to discontinue the use.

The use of one bottle warranted a further trial, to the extent of some three or four, with a great alleviation of the accompanying derangements. The result was, I almost entire relief from the usual dyspeptic symptoms and their depressing, painful consequences. I believe these Bitters produced an entire change in the habits of my system, and upon the use of the medicine, I have never again been afflicted with dyspepsia, as most persons. These Bitters have also been of service to other members of my family.

Very respectfully yours, AUGUSTUS W. SMITH.

THE OXYGENATED BITTERS, THE OXYGENATED BITTERS. STODDARD, N. H., Sept. 30, 1859. Messrs. SETH W. FOWLE & CO., Gentlemen:—I was, for many years, a great sufferer from Dyspepsia or Waterbrash, and tried almost everything within my reach, but to no benefit, until I was induced by the recommendation of my physician, Dr. Hazleton, to make use of the Oxygenated Bitters. The first bottle produced but a slight alleviation in the disease, and had it not been for the urgent request of my physician, I should have discontinued their use, thinking them to be of no avail; but his confidence inspired me to persevere, and after using to the extent of half a dozen bottles, I had entirely regained my health. I hope all Dyspeptic persons will be induced to give these Bitters a trial, being confident that the remedy is the most potent for the various forms of Dyspepsia, that has been produced. Yours, STEARNS POSTER.

OXYGENATED BITTERS.—To such of our readers as are troubled with the debility incident to the approach of warm weather, we cordially recommend the use of the Oxygenated Bitters as an invigorating tonic, containing no alcohol in its composition, and possessing more real merit in any preparation of the kind we have ever known.—Ogdensburg Republican.

ADVICE GRATIS!

HOLLOWAY'S PILLS. These Pills have been placed by the common consent of mankind at the head of all remedies for removing obnoxious poisons from the blood, and clearing all the tissues of the body. They have saved thousands of lives from fatal diseases, and have cured the most obstinate cases of dyspepsia, diarrhoea, constipation, liver complaints, &c., a fact attested by myriads of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are not red and rawness of the system, but a general prostration of the system, by the restorative and exhilarating influence of this medicine.

Female Complaints. All disorders of women, and diseases of every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured without risk or trouble by a few doses of these Pills, taken according to printed directions.

Indigestion with languor and want of energy. When taking these Pills, the celebrated Ointment ointment over the pit of the stomach, and over the region of the liver, on the right side under the ribs, and you will at once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

The efficacy of Holloway's Pills in dyspepsia is extraordinary. They act with such powerful effect upon the system, that the fluids arising from this derelict disease are imperceptibly carried off and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and rejoices in a completely renovated constitution, but it is the improvement, though it may be gradual, will be thorough and lasting.

Stomach, Liver, Kidneys, and Bowels. Those who suffer from liver and kidney complaints, should try the effects of these valuable Pills, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may ensue, and the sufferer be consigned to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day—and the filtering action in urinal, will cure any complaints arising from these organs.

Puffy—Shortness of Breath with Weakness. Very bad symptoms, which if not corrected, may tend to some serious result, take five Pills nightly for some little time; take plenty of fresh air with moderate exercise and the human machinery will be quickly restored to health and vigor. Try this for three days only, and the result will be marvellous.

Complaints incident to Children. All complaints of children may soon be cured if care be taken to purify their blood, correct the action of the liver, and strengthen the stomach and bowels; a few doses of Holloway's Pills will immediately have the desired effect particularly if parents be careful in not allowing them to eat of things which they know would be injurious to themselves.

Holloway's Pills are the best remedy known in the world for the following diseases:—Dyspepsia, Liver Complaints, Biliousness, Constipation, Indigestion, Headache, Stomachic Disorders, Dropsy, Rheumatism, Gout, Gravel, Pains in the Back, Sciatica, Neuralgia, Catarrh of the Bladder, Hemorrhoids, Piles, Stricture, Gonorrhoea, Syphilis, Scrofula, Erysipelas, Eczema, Psoriasis, Itch, Ringworms, Boils, Felons, White-Loas, Old Sores, Eczema, Itch, and General Debility of the System.

Sold at the Establishments of Professor Holloway, 214 Strand (near Temple Bar) London; also at all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—12 1/2 cts., 50 cts., and \$1.00 per Bottle, each box.

There is a considerable saving by taking the larger sized box. N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

BILIOUS FEVERS AND LIVER COMPLAINTS. PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of twenty years, and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only impossible, but absolutely impossible, by any human means.
