Home Economists Honour P.E.I. Member At Convention

Miss Hazel Stearns, of Charlottetown was honoured at the concluding dinner of the Home Economics Association convention...

MISS HAZEL STEARNS

Home Economics Extension Staff of the Department of Education in Saskatchewan, Miss Stearns served for a number of years as Head Dietitian at the General Hospital at Haverhill, Mass., U.S.A.

Miss Hazel Stearns returned once more to her native province to accept the position as Dietitian of the Provincial Sanatorium...

Following teaching for one year at the MacDonald Consolidated School at Mount Herbert, Prince Edward Island, she engaged in Social Service work at Chalmers Settlement House, Montreal for several years.

Heavy Docket In Magistrate's Court Friday

In Queen's County Magistrate's Court yesterday before Magistrate Gilbert A. Gaudet a resident of Covehead appeared on two separate charges...

A resident of Cornwall charged with failing to stop at the scene of an accident was remanded until July 11.

A resident of Charlottetown was remanded until July 11 on a charge of possession of stolen goods, a GMC automobile radio, property of S. R. Johnston Limited.

An Albany resident was fined \$20 and costs or 20 days when he was convicted of consuming liquor in or about an automobile.

A Rocky Point resident appeared on two separate charges one of speeding and another of failing to stop at a stop sign.

Convicted of driving a motor vehicle without a drivers license a Powal resident was fined \$10 and costs or 10 days.

A fine of \$3 and costs or 5 days was imposed upon residents of Charlottetown and Breadalbane when they were convicted of failing to stop at a stop sign.

A resident of Winsloe convicted of the theft of a radio was fined \$50 and costs or 30 days.

The sighting of a bear on the St. Peter's highway about ten miles east of Charlottetown on Thursday has been reported by Mr. Alban W. Maloney of Murdochville, P. Q., presently camping at Cavendish.

Mr. Maloney, who has seen bears outside of this province, was proceeding along the St. Peter's highway when he was surprised to see an animal which he described as a bear, which he estimated would weigh 300 to 400 pounds, amble quickly across the road in a wooded area through which the highway passed at that point.

He recalls that immediately after this incident he overtook a man in a horse drawn vehicle, and that the man was having considerable difficulty in controlling the horse, which appeared to have been badly frightened, and he presumed that the horse had been alarmed by the sight or scent of the animal, which he said was a bear.

Information about people who are drawing benefits and working at the same time, is conveyed to the office by anonymous letters and even by delegations which come to the office and lay the information in person.

It is not usual for the Local Office of the Commission to give too much publicity to infractions of the Act, until a case has been before the courts and a decision made.

It can be said, however, that between the two offices, Charlottetown and Summerside upwards of two million dollars have been paid out in benefits during the period December to June 30th.

It is also to be noted that the Island draws three or four times as much from the Unemployment Insurance Fund as it contributes.

This is due to the fact that this Province has a great deal of seasonal unemployment and that at times one-third of the working force is unemployed.

In other words, the Island draws a great deal more from the Unemployment Insurance Fund than it contributes.

Mr. Murley gave one instance of how the Act works out with respect to fishermen. Some fishermen work fifteen weeks and during that period their contributions to the Fund amount to sixty cents a week or a total of \$9.00.

These men, if they are married, are entitled to \$30.00 per week for thirteen weeks which amounts to \$390.00.

Other claimants who were drawing smaller wages drew money in the same proportion throughout the workless winter months.

COMPLAINTS RECEIVED There have been complaints that many people are working in the rural areas, and drawing benefits at the same time.

This, said Mr. Murley, may be true, but it is very difficult in the winter months to check outlying districts.

However, recently the Enforcement Branch of the Unemployment Insurance Commission has been investigating many complaints, and it is now known that a number of people who have been working during the winter and drawing money too, will appear in court.

Some of the cases which will be brought before the court, are quite serious.

APRON-MAKING PRIZE PRESENTED

Mrs. Anthony Gaudet of Urbainville Women's Institute accepts a cheque from Miss Vincent as first prize for an apron-making contest.

The winner of the \$50 award was Mrs. Lucy Arsenault of Urbainville but she was not at the Women's Institute convention in Charlottetown yesterday when the presentation was made.

Bureau of the Salada-Shirriff-Horse company which sponsored the competition. Mrs. Harold Affleck of Mount Stewart was winner of a \$25 second prize.

Over Million Paid Locally In Unemployment Benefits

Looking back over a very busy winter, the Charlottetown National Employment Office which administers the Unemployment Insurance Act for Kings and Queens Counties, reports that more than one million dollars was paid out in benefit claims during the period December to June.

Of this amount approximately \$325,000 was paid to residents of Charlottetown. The figures quoted by the Local Office are roughly correct according to the manager, Mr. John B. Murley.

The biggest amount paid in any one month to people residing in Charlottetown, was during March, \$66,600.00. This hasn't connection with the many people in Kings and Queens Counties who were drawing benefits at the same time.

The money paid in benefits for the two counties covers every village, hamlet and settlement in Kings and Queens Counties.

Merchants throughout the area have noticed the increased purchasing power of fishermen, who for the first time have been able to draw benefits during the winter months.

Last year the Act was amended to bring fishermen under the coverage of the Act, and the Charlottetown office reports upwards of 1,000 men who previously were unable to draw Unemployment Insurance benefits, were affected by the amendment.

As a result such fishing centres as Rustico, Naufrage, Morell, North Lake, Souris, Montague, Gaspereaux, Sturgeon, have benefited because of the increased purchasing power of men who otherwise would have no income during the period October to May.

OVER 17 YEARS The Charlottetown Office explains that the Unemployment Insurance fund which has been built up over the past seventeen years, is never called upon except for the payment of benefits.

Employers and employees contribute through the stamp method, 80 per cent of the fund. The Dominion Government adds another 20 per cent to the consolidated revenues of Canada.

PERSONALS Mr. James R. Munn, M. H. Herbert is a patient in the P. E. I. Hospital.

ENGAGEMENTS MARGARET PASTORAL Charge United Church of Canada. Sunday, July 6th, New London 10.00 a.m. Margate 11.00 a.m. and Long River 7.30 p.m. Rev. W. G. C. Elliott Minister.

WINS CRERAR AWARD OTTAWA (CP) — Christoper Robin Skinner, son of Captain and Mrs. J. M. Skinner, Kingston, has been selected as Crerar scholar for 1958.

SCHOLARSHIP FUND WAS HIGHLIGHT OF CONVENTION Nineteen fifty-eight was a banner year for Stirling W.I., marking their forty-fifth year of organization and also the entertaining of the North Shore Queens No. 1, thirty-first Annual Convention.

The presiding officer was Mrs. Lea Reid and the secretary was Mrs. A. S. MacEwen. The afternoon session opened by singing O'Canada and repeating the Collect. The official welcome was given by Mrs. Max Ferguson and responded to by Mrs. Walter Linn.

There were eighty-five members representing the twelve Institutes; also in attendance were fifteen visitors.

Mr. Eric Bell gave a report on the Scholarship Fund. This fund which amounts to \$125.00 was started this year to help further academically the studies of two students on the completion of the Grade X studies.

The reports of the various Institutes were given and it was indeed gratifying to note the many projects, kind deeds, and charitable contributions that were rendered by this world-wide organization.

Miss Irene Mountain, of the Women's Institute staff demonstrated the methods, means and advantages of preserving foods by quick freezing.

Why Does A Hen Lay An Egg, which was read by Mrs. Blair Andrew gave a much needed break from the seriousness of the meeting, and really gave everyone a laugh while also invoking us to thought on the theme.

Miss Theresa MacLeod, Director of Institute work, gave an interesting talk on the different phases of Institute work. Regret was expressed as to the absence of our past president, Mrs. M. W. MacGowan.

Another contribution to the lighter vein was presented by Mrs. Murphy who told us about "The Eskimos Election."

Mrs. Phillip Matheson, first vice-president and Mrs. M. J. Doyle both spoke briefly. Our afternoon speaker, Mrs. Harry Cadmore was unavoidably absent.

A delightful part of the programme was a rendition of several old-time selections by the Island champion fiddler, Mr. George Weatherbie, included in this was a Scottish selection "The Road To The Islands," as a tribute to our oldest member present, Mrs. Wallace MacKay.

A song-sing led by Mrs. J. E. Fleming, at the piano, was participated in by all present.

An announcement of the results of the judging of the tea aprons was made at this time with the following results, Mrs. Phillip Matheson, first, Mrs. Robert Woolner, second and Mrs. Edwin Stevenson third.

Ebenezzer has extended an invitation for next years convention with the following officers being nominated: President — Mrs. Norman MacRae, vice president — Mrs. Hubert Outway.

A delicious buffet luncheon was served to all present after which the National Anthem brought an enjoyable and instructive afternoon to a close.

SHAKY MAJORITY BRUSSELS (AP) — The eight day - old government of Social Christian Premier Gaston Eyskens got a shaky majority in the Belgian house of representatives Thursday with 106 deputies voting for it and 104 voting against.

Two deputies were absent. In the senate, where the party has an absolute majority, the new government is assured of approval.

K of C DRAW Winners in K. of C. camping draw are: 1st, Claude E. Whitehead; 2nd, M. A. Acorn; 3rd, W. J. P. Coughlan.

Suggests Drama Festivals For Women's Institutes

Mrs. Arthur Campbell, convener of the Cultural Activities Committee of the P.E.I. Women's Institute, yesterday recommended that since many rural groups are timid about entering the Provincial Drama Festival, a non-competitive Convention Area Festival be established.

Mrs. Campbell in presenting her report before the P. E. I. Women's Institute Convention held at the Prince of Wales College, suggested that more emphasis be placed on rural dramatics. She also emphasized the promotion of music in the schools of the province and suggested the difficulty encountered in procuring qualified music teachers.

The value of education for citizenship was stressed by Mrs. Anthony Gaudet, convener of the Citizenship Committee. She stated further that members of the Women's Institutes "should not be satisfied until every child in Prince Edward Island, whether normal or retarded, has had every opportunity to develop his or her abilities to the fullest."

Following the reports Mr. Barry Budgen gave an address on the subject "Electricity in the Home."

Marine Services (Continued from page 1) St. Peter's Island, December 10, 1880. During his early age, until the age of 16, he was a fisherman on various sailing boats until he joined the three-masted Schooner "Empress" commanded by Captain John J. Murchison of Point Prim, P. E. I., who later commanded the Ice Breaker C. G. S. "Minto".

After leaving the Schooner "Empress", Mr. Lund joined the S. S. "Halifax" then belonging to the Plant Line running between Charlottetown, Halifax and Boston in the fruit trade. Upon leaving the S. S. "Halifax", he joined the old wooden C. G. S. "Brant" in 1911 under command of Captain Walker.

When the "Brant" was taken over by the Marine Agency he was transferred to the Marine Agency on board the C. G. S. "Brant", which was then commanded by Captain Taylor, former Marine Agent. In 1919 he was transferred from the C. G. S. "Brant" to the Marine Wharf staff under Foreman Mechanic Milton Walsh. On Mr. Walsh's retirement in 1921 he came under the foremanship of Mr. J. F. Hobbs. After service with Mr. Hobbs he was appointed Marine Wharf Foreman in 1924 under Wharf Agent E. E. Clawson, and has been continuously in the employ of the Marine Agency up to the present time.

It will be recalled that Mr. Lund was employed under three different District Marine Agents, namely Captain T. G. Taylor, Mr. E. E. Clawson and Mr. E. K. MacNutt. Mr. MacNutt succeeded Mr. Clawson in 1950.

In closing, a rather singular incident should be included in that the first trip for Mr. Lund to St. John's, Nfld., was made on the Schooner "Empress" in 1906, and now, immediately prior to his retirement, he visited St. John's for the second time on the C. G. S. "Sault" under Captain G. S. Burdock in June, 1958.

Mr. Lund, as wharf foreman and labour foreman at the Marine Wharf and later as Maintenance Supervisor, has been in charge of labour crews loading steamers at the Marine Wharf, maintenance and repair work on the wharf, the gearing up and fitting out of all floating aids to navigation around the coast, such as buoy equipment, lighted and unlighted buoys, etc.

Mr. Lund has undertaken with a crew of workmen the moving of lighthouses and other structures, has carried out wharf construction and repairs at different isolated locations within the Agency territory.

He is a licensed pilot for all the main active shipping harbours in P.E.I. His work has taken him to many isolated areas with a crew of men. He has had to take a cook and provisions and provide quarters for himself and his workmen while on these jobs.

Parliament At A Glance BY THE CANADIAN PRESS Revenue Minister Nowlan announced the resignation of CBC board chairman A. D. Dunton to become president of Ottawa's Carleton University.

Agriculture Minister Harkness said the agriculture ministers of Saskatchewan and Manitoba will be in Ottawa next week to discuss the prairie drought.

Prime Minister Diefenbaker said "fullest consideration" will be given to the possibility of a commission inquiry into government economies.

Advocates of a second and more northerly Trans-Canada Highway were told by Works Minister Green not to be discouraged.

Suggestions were made for causeways between Vancouver Island and mainland B.C. between Newfoundland and Labrador.

Monday, July 7, 1958 The Commons meets at 2 p.m. to debate supply. The date is adjourned until Tuesday.
