Sport Echoes From Prince County

In spite of all the enthusiasm prevalent this year in Summerside about our new recreation centre and the baseball we expect to see played, it seems pretty certain that quite a number of our old Maritime heroes will not be seen in baseball uniforms this year. Suppose we start with the catching position. Bob Schurman announced he is definitely through with baseball. Golf is his new love, and Bob can be seen most any day lugging around a spanking new set of golf clubs. Bob figures to get the exercise he needs following those little white balls around the Summerside golf course. His kid brother, Paul, can take his place pretty acceptably, however. We haven't heard anything definite from Cecil Powell, but the big hurler suffered a sore arm most of last season after having a particularly good season in 1949. Powell may be back throwing them in there but his peak years of mound duty are probably behind him. We did hear that Joe Bernard, ace flinger for our Maritime champs through the years we were on top of the heap, is retiring from the game, but we hope this isn't so. Joe should have a year or two of good pitching in the old soup bone still. Alan Stewart will probably succeed to Joe's throne. He looks to be one of the best pitchers ever developed on the Island, and if he continues to improve, will make the road to an Island championship plenty tough for Capital City teams yet a while. Some up-and-coming player will have to be groomed to fill the position of first base on this year's All-Star team. Both Jimmie Grady and his understudy Frankie Oatway are in the service, and a first sacker of their caliber is not in sight. The old keystone combination of Landry and Bernard will probably not be figuring in double-plays together this year. Hank Landry has accepted a position as coach of the Miscouche team in the Prince County League, and Syl Bernard is reported to be contemplating life on the ocean wave. Gordie MacKay who has been patrolling the outer gardens the last two years, could make a pretty good substitute for Hank in short field, but Gordie prefers snagging flies, a chore which he can do exceptionally well. There is bound to be a freshman handling the hot corner for the All-Stars this year. Our three third sackers, Bennie Grady, Bobbie Timmins and Les Gaudet are all not available. Bennie is in the army and may be in the favorite outdoor sport there of capturing or retreating from Seoul before the summer is over. Timmins will remain in the U. S. A. and Les will probably be employed away from Summerside. Alan Stewart is a top notch outfielder and can play that position when he is not on the mound. Gordie MacKay is also one of the best outfielders in these parts and will continue to shine there if he is not required to plug the hole at short. Henry Gallant is another top notcher, and although we don't know Push's intentions, we'll do a little wishful thinking that Henry will be back in his old left pasture. Bill Allen who like the brook goes on forever is talking about joining forces with Hank Landry at Miscouche. It all seems to mean that the kids will have to do a man's job this year, and the emphasis will be definitely on youth in the 1951 baseball program in Summerside. Minor teams will get more attention than they have ever received before.
