Lennox Island Micmacs Win Intermediate C Title

Father McInnis' Lennox Island Micmacs won the intermediate "C" hockey title of Prince Edward Island at Crystal rink in Summerside last night, defeating the Queens County Glasgow Road Maple Leafs by the score of 7 to 3, making it 10 to 4 on the round.

The Micmacs had a big edge on the play in the first period and scored four goals without a return. Glasgow Road held them even at a tally apiece in the second session and again in the final frame the two teams scored a brace of counters each.

M. Sark and N. Gallant each scored twice for the new champions and Lincoln MacRae potted two of his team's three goals. Bernard's work in the nets for the Micmacs was particularly good, especially in the first two periods.

After the game the Physical Fitness trophy, which Tignish had won last year, was presented to the Lennox Island team by the Prince County Physical Fitness director, James Hogan. The new champions then had their pictures taken.

THE GUARDIAN, CHARLOTTETOWN

MARCH 21, 1951

The thousands of hockey fans who have had the opportunity to sit in on the first two games of the Maritime Major Hockey League finals here on Saturday and Monday, certainly haven't had any disappointments in the way of snappy hockey. In fact it has been an ideal series so far for local followers of the game in that it has not only been a whirlwind of excitement, but have seen their Islanders the victors on each occasion. Even for the out-of-the-Province fans, who have attended in large numbers, it has been great hockey even though their favourite team has gone down to defeat.

Playing a brand of hockey that has eclipsed any of their previous performances this season, Leo Lamoureux's boys were a going concern here on Monday night when they recovered from an early first period Halifax onslaught to skate the opposition despite many well-organized and smooth passing attacks on the part of the Saints, the Islanders clung to their men like leeches with high-flying backchecking tactics to disorganize and hamper the opposition into ineffective scoring efforts by the time they hit the Islanders blue line, where they ran into a brick wall by the local defence corps.

At the same time they were organizing their own offenses that were paying off in goals with machine-like precision during many stages throughout the contest although many also fell short of the mark by tight defensive work and goaltending on the part of the Halifax aggregation. Suffering 14 penalties to nine during the match, Islanders played inspired hockey during short-handed moments to bar the door to hammering Saintmarian attacks with only one exception. While Islanders played two men short and Halifax one in the early stages of the first frame, Halifax ace centreman Bill Watson potted their only tally, unassisted in a close play around the Island cage.

It was a different story, however, when locals held the man advantage. Two of their goals came from rousing sallies into opposition territory while Halifax were understaffed and third while both teams played five men a side. Four of the local tallies were three-way attacks and the other a duo effort, two of those coming when the teams were at full strength and notched up on classy passing plays.

Regardless of the four-goal difference on the scoring, it was a rousing battle between the two clubs all through the three sessions that displayed fast, rugged action of a type that would satisfy the desire of even the most critical fan. Once again the two imported referees from the Quebec hockey circuit, Murray and Dezell, added much to the interest and excitement of the game with their capable and impartial officiating. They ruled the game with rigid, prompt action that never lost them the control of the situation at any point, and although 23 players made their way to sinners row during the contest, they were called with strict adherence to the rules.

The difference between the two teams could be put down to Saints inability to throw off their opposition back-checks and penetrate the Islanders defence zone and maintain their organized attacks when within scoring range, while the Islanders in reverse were accomplishing that end to an advantage. If Halifax could have maintained the type of offensive play they displayed in the first eight or more minutes of the opening frame, it might have been a different story, but instead were forced to wilt under the hammering pressure of the Islanders.

But it is still a rough road ahead with the next two games slated over Halifax ice, and fans there can depend on seeing some rip-roaring hockey that will leave it to anybody's guess as to what the results will be. The stage has been set, and it has been an exciting one that augurs well for the remaining contests, with tonight's game in particular, being the one that will likely overshadow anything in the series thus far, as the crucial turning point.

St. Mary's Win Juvenile Title

HALIFAX, March 20 — (CP) — Halifax St. Mary's captured the Nova Scotia juvenile hockey title tonight, defeating Glace Bay Morison High 6-2 to take their two-games, total-goals series 14-6.

Juvenile Abbies Win Provincial Championship

The Charlottetown Juvenile Abegweits captured the Provincial Juvenile hockey championship here at the Forum last night when they swamped the Freetown-Bedeque representatives by a score of 20-4.

It was the second game of their home and home, total goal series for the title and gave the Abbies the round with the lopsided total count of 30-8, having won the opening game at Bedeque 10-4.

The Juvenile Abbies, coached by George MacRae, will now meet the New Brunswick champions in a sudden death game to be played at Charlottetown for the N. B.-P. E. I. crown. No date has been set yet for the meeting.

Leading sharpshooters for Abbies were Jim Flanagan and Malcolm MacFadyen who came up with three each, while Junior MacLeod, Bobby White, Bob Hurry collected a brace apiece. Bill Purcell, Brian Lewis, Forbes Kennedy, Willie Dunn, Charley MacDonald, and Ralph Trainor fired single markers each.

The big guns for Freetown-Bedeque were Fred DesRoches and Edgar Taylor who potted a brace each, with Taylor also collecting two assists and DesRoches and Brewer Auld one each.

Despite the number of goals that went by him, young Allison Reeves in the visiting cage came up with some terrific saves at times, and was by far the most outstanding player on his team.

The following are the lineups and summary:

Abbies — Goal, B. MacLean; defence, S. MacLure, J. MacLeod, Purcell, Birt; forwards, R. Trainor, Hurry, Dunn, B. Lewis, MacFadyen, Flanagan, White, C. MacDonald, F. Kennedy; Coach, George MacRae; Referees—Walter Simmons, Art Perry.

Fish And Game Act In Committee

The two deer imported here last fall may have lots of company before the summer is over, according to Premier J. Walter Jones who stated in the Legislature yesterday that he had heard that certain individuals were planning on importing truck loads of deer and letting them loose in the Province.

He stated that the individual had not obtained the permission of the Government to go ahead on the project and said that the Government had not decided on what they would do.

The doe imported here has been on St. Peter's Island in the Hillsboro Bay during the past two or three weeks. The buck has not been seen recently, it was stated by Mr. R. R. Bell, Leader of the Opposition.

The discussion on deer arose during the second reading of the bill entitled "The Prince Edward Island Fish and Game Protection Act" when it was suggested that some protective law should be provided for the deer.

Premier Jones thought the deer might become troublesome and the cited Nova Scotia as an example. There were no deer in Nova Scotia a few years ago, he stated, and now they are becoming troublesome. He noted that they increased rapidly with one fawn being born the first year, two fawns the second and thereafter three fawns each year.

Mr. R. R. Bell, speaking of the two deer already in the Province, stated that the people need not worry about them because if they become plentiful a open season could be declared on them and they would soon be dispersed.

Mr. Keir Clark, Third King's told the Ministry of Industry and Natural Resources, Hon. Eugene Cullen, that perhaps he was not aware that he had competition in selling fishing licenses in one section of King's County last year.

Mr. Clark was objecting to one clause of the bill which read "No person shall hunt, trap, fish or trespass for the purpose of hunting game or fishing on any enclosed property without the consent of the owner or lessee thereof." He submitted that the clause should end after the word property.

By leaving the words "without the consent of the owner or lessee thereof" in the clause, he argued that it provided fishing only for the rich people and left the poor out in the cold. "If you must enclose the property, make it a sanctuary," he stated.

Mr. Saville supported Mr. Clark and stated that the clause would enable all streams in the Province to be shut off to private individuals.

With regard to the issuing of licenses Mr. Clark reported that a certain party had purchased land in Kings County. He sold hunting licenses at the rate of \$100 a day but was outwitted by the geese who did not fly to his pond.

In addition he said that the landholder seemed to have procured the services of the game warden to patrol the place. The people in the area were disgusted, he added.

After considerable discussion it was decided to leave the clause standing and discuss it later. A motion was made that the clause be struck out completely.

During the reading of the bill Premier Jones stated that heavers were causing considerable destruction to the pulp wood of the province and should be wiped out. Hon. Eugene Cullen reported that Beavers were on the increase here and were causing some damage to property. A permit can be given to anyone wishing to kill the beaver.

The bill was promoted by Hon. Mr. Cullen, with Mr. Harvey Douglas in the chair.

Baseball Players Ask To Name Commissioner

TAMPA, Fla., March 20—(AP)—Top-drawer baseball reaction ran the gamut from chagrin to shocked silence today following the suggestion that ball players be given a voice in naming the new commissioner.

Detroit pitcher Freddie Hutchinson, official player-representative of the American League, threw the bombshell into the seething commissioner squabble with the statement yesterday that owners will be petitioned in July to give the players a part in choosing a successor to A. B. Chandler.

May Elect Own Man

If the owners don't agree to this, Hutchinson warned in Lakeland, Fla., then the players may go out and hire a man of their own—maybe the deposed Happy Chandler, himself.

"Players feel we could pay a commissioner \$40,000 a year to represent us," the Tiger pitcher added. "That would be an assessment of \$100 a player for the 400 major leaguers."

Bob Carpenter, president of the Philadelphia Phillies expressed shock at the idea.

Will Harridge, president of the American League, took a conciliatory attitude on the matter, assuring the players their interests will be protected "regardless of who is commissioner."

Ford Frick, president of the National League, said in San Francisco he hasn't heard about the proposal. When a reporter offered to read it to him, the N.L. executive said, "I don't want to hear anything about it—no comment."

In West Palm Beach, Walter F. O'Malley, president of the Brook-

Weather Delays Islanders Team

The Islanders Hockey Club will leave for Halifax either by plane or train early this morning for their third meeting of their best of seven finals with Saint Mary's, which will be the first of the series to be played over Halifax ice.

The team had planned on flying to Halifax last night but unfavourable flying conditions cancelled the flight. They were to attempt to make the trip at an early hour again this morning, and if that failed, to take the early Borden train.

It is understood that an extra chartered plane for fans who are planning on taking in the game from here, will also make the trip if good weather prevails.

lyn Dodgers, said:

"The players are a fine responsible group and anything they say will merit attention. Like the players I, too, thought Chandler was a good commissioner."

Declining to comment were Lou Perini, co-owner of Boston Braves, Bill Dewitt of St. Louis Browns and Connie Mack of Philadelphia Athletics.

Critical Of Owner Policy

Hutchinson was sharply critical of owner policy, saying the average player felt the owners refused to renew Chandler's contract because the commissioner had done a lot for the ball players which had never been done before.

He said most players were in favor of keeping Chandler. Hutchinson said the players would present their petition at the meeting of owners in Detroit in July. He said they'll ask for a vote, adding "by that vote, we mean a vote in picking the man who will govern the way we make our living."

The players have two representatives, one from each league, serving on the baseball council. The National League representative was Marty Marion until Marion's elevation to manager of the St. Louis Cardinals. He has not been replaced.

CHALLENGE

We, the Freetown Juniors, hereby challenge the Charlottetown Juvenile Abbies to a friendly game of hockey to be played in Bedeque Rink at a date suitable to both teams. Please accept through area.

Four Plead Guilty To Smuggling

MONTREAL, March 20 — (CP)—Two merchants and two truck drivers, all of Valleyfield, Que., pleaded guilty today to have conspired with others to smuggle 212 electric refrigerators, valued at \$53,000, into Canada from the United States.

They were: William Carriere and Carl Sinray, merchants, and Romeo Carriere and Gregoire Ferland, truck drivers.

Judge C. E. Guerin delayed sentence to April 18. They were released on bail.

Horace Diamond, Harold Merkin and Roger Benoit, all of Montreal and charged with conspiracy in the same case, made no plea and appeared for trial.

The principal witness was Real Briere, of St. Timothee, Que., a truck driver who admitted having transported loads of refrigerators for Sinray from a lonely farm shed at Dundee, Que., and from another truck on an isolated road at the international border.

Briere said he was paid \$150 for each load delivered to various parts of Montreal.
